There are many rumours affoat as to the probable successor of Lieutenant Governor Archibald in the Province of Mani toba. It is possible that some one of them may prove correct, but at present the public may as well preserve its soul in patience. Chief Justice Morris is the present acting Governor, or Administrator there, and under his regime the few months of autumn may be allowed to pass without undue anxiety as to who may be the per. manent successor of the Hon. Mr. Archibald. If delay should occur in his selection, it is only because Ministers are desirous of sending to Fort Garry one who will be acceptable to the people of the
