TESTIMONIAL TO DR ROGERS.

TESTIMONIAL TO DR ROGERS.

We assert ived to learn that Dr. Rogers.

Testimonial to learn that Dr. Rogers and the states about the states about the satisfaction of the country are now being fairly laid ing all the disputed questions with the thought it had gone too far, and wished in its own way to put itself in harmony with the manifest feeling of the country. We resonated thus:

"England is anxious on our account to get rid of the ever-recurring Alabama tirrity for our interest to find that those who thus thought it had gone too far, and wished in its own way to put itself in harmony with the manifest feeling of the country. We regret to find that those who thus thought the throught it had gone too far, and wished in its own way to put itself in harmony with the manifest feeling of the country. We regret to find that those who thus thought the throught it had gone too far, and wished in its own way to put itself in harmony with the manifest feeling of the country. We regret to find that those who thus thought that those who thus thought the manifest feeling of the country. We regret to find that those who thus thought the manifest feeling of the country. We regret to find that those who thus thought the manifest feeling of the country. We remote thought its and was almost cut in two by the fully exempt it. There being no room for question or doubt as to the meaning of the terms 'real estate" and "landed property." All the Assessors have to do in relation thereto is to put such a valuation upon it as they honestly believe it would command if brought to sale in the world command if brought to sale in the wheels passed of the terms 'real estate" and "landed property." All the Assessors have to do in relation thereto is to put such a valuation of the terms 'real estate" and "landed property." All the Assessors have to do in relatio
