Mr. Hugh Nelson, M.P., and Mr. Dudney, M.P., of British Columbia, have rived in town and are stopping at the Russell House.

melled; if they present a fair case that think that serious objection will be made. But if the constitutionally elected members of the House of Commons abdicate his ship was paid off. their functions, and merely assume the role of delegates from the Local Assembly they will assuredly do little good to the This ship, after visiting Alexandria and cause they wish to serve. There is an of- Maita, sailed to join the fleet under Lord the members of the House of Commons, commission. In 1800 he was appointed merits of New Brunswick's claim for year he joined the "Regulus" (44) as third

The people of Prince Edward Island are fought at the battle of Copenhagen, durederation. The Government of the colony has sent two delegates, Messrs, Laird and Haythorne, to visit Ottawa with the view, we had presumed, of making the the enemy's line of battle ships and three best bargain possible. But if we are to frigates were fired, For two days the believe the statement of the Premier as Aix, and for three or four days reported in our Charlottetown despatch ran in on the flood tide to bom these deputies come to "fend off Confed bard the ships on shore. eration." There must be a slight mistake | Cochrane boarded the "Ætna" and exin this. There was no need to send any pressed great satisfaction with body to Ottawa to oppose Confederation, actions Lieutenant Rubidge received a for there was nobody here who either had wound in the leg. The following ye r the power or was inclined to force it upon the "Ætna" was employed in the bom-bardment of Flushing. During the subsense of our despatch to be that the people of the Islandbare driving the Govern_ diz, where they were constantly engaged ment into Confederation, and that the Government, while willing to give the the matter every consideration, are resolved upon trying to get will probably be here to-night or to-morgum-brig. It was while in command of
row morning, and whatever their prothis ship that he was ordered to take a posals may be, they will assuredly receive | King's messenger to the United States, such as to command their ready accept. United States, the commander and the

ment rather than from a sense of the laland and Newfoundland should choose to stay out in the cold, except that it seem Such is a very succinct account, epito-

quently belittles the importance of the cleared a road from Rice Lake to Petercapabilities of the colonies. It seems to

be conducted without patriotism and with a sole dealre to please the whim of English opinion for the moment. It is therefore very desirable that those who represent Canadian interests in Britain should take every opportunity to correct the misapprehensions into which other English journals may occasionally fall. The real sentiment of people of the mother country has nev

been mistaken by the people of Canada, though it has frequently been misrepr sented by the press and a few public men who were candidates for an ephemeral popularity. "Loose the bonds and go, will not be sanctioned by the British people, nor will it be acted upon by the Canadians until they are convinced

that their association is no longer deemed

The purpose of every patriotic Canadian is to realize Mr. D'Israeli's idea, not of a Britain in Australia, but of a Britain in America, or, as the Hon, Isaac Buchanon foubtless, Sir Charles Dilke took the title for his not very brilliant work on "The Greater Britain." What is desired here is the the free constitution which we now enjoy many as we do, In substantial home State, we shall not despair of American wealth we need not fear comparison with institutions. the people of any country in the world. In respect of undeveloped resources Cana da stands unsurpassed, and the energy of its people has been displayed on too many these resources will not be turned to good do so. These facts concerning the circumstances of our country cannot be too fre quently brought before the notice of the people of Europe, and we are therefore special points in detail it is possible to representatives would follow up the sam policy and show our wealth of lumber, of In Barcelona a similar celebration minerals, of farming lands and of manu

We copy from a recent number of the Peterborough Review a few facts connected N., who died at Peterborough on the th inst. As will be seen, Capt, Rubidge the country to which he came when he had already reached middle age, and after having already undergone hardship and excitement in the pursuit of his profession such as are rarely crowded into a lifetime. This interesting extract requires no further introduction. Our contemporary says

"The subject of this sketch was born England on the 30th of April, 1787. In 796, when only eleven years of age, he entered the Royal Navy, as a volunteer of the third class, on board the "Arrow" sloop known Captain N. Portlock. In 1800 he oined the "Ceres" troop ship, which carried the 31st Regiment to (dibraltar, there they embarked the 90th Regiment and explained the apparent refusal to have sailed in company with the rest of the fleet, Congress to vote a congratulation to to Marmorice Bay in Asia, From thence they sailed to Aboukir Bay in Egypt, boats were sunk and many men killed, the under instructions from the troops were landed. For several months ployed, night and day, in boat work,

When Egypt was rescued from the French he returned to England, the 42nd nders being on board his ship After a brief stay on shore, troops were He once more returned to England, where

Soon afterward he joined the "William" store ship, and sailed for Malta, where he was drafted into the "Agincourt," 64 guns.

day on which the glorious news of the but the attempt to coerce passed his examination for a lieutenant's n the same year was promoted to the extra-Parliamentary. rank of lieutenant, and appointed to the American it, for there's no time to lose," You make setts "Honorables" who are involved in first lieutenant.
