The White Star Line and the P. O. Department.

Washington. June 5.—After hearing the arguments to-day of the various counsel representing the White Star, Brennan and human lines in reference to the application of the Indian Company, for the abrogation of the existing contract of the Post Office Department with the White Star Line, it was agreed that it would be best to let the line "have so supplied by them as to be enabled to perform the requisite service in time." This had not been done.

In view of all the facts the Postmaster General said he should refuse to abrogate the contract. He added that he should endeavor to make arrangements for having four masts for Europe from New York each week, and on separate days, next month.

The International Typographical Union met this morning. Among other business the report of the committee on female labor, to the effect that females who have served their apprenticeship be admitted into subordinate unions.

The action of the Toronto Printers in this regard was also discussed. It was decided by a hand vote to hold their next meeting in New York in preference to Boston. This had not been done.

Money is without material change. The rate of discount remains at 5 per cent and calls on stocks are available at 7 per cent.

Surfing Exchange is firm at 108½ to 109. Gold drafts on New York, owing to the scarcity of American gold, for remittances advanced to a premium.

Stocks rather quiet.
