Ottawa vs. Toronto.

Preparations for this grand match are being rapidly pushed ahead. The Ottawa eleven will, this year, it is believed, be stronger than in any previous season. Toronto has always been looked upon as the "crack" club of Canada; therefore, should the O. C. C. succeed in making a good fight for victory, they may feel justly proud of the schievement. Everything on the ground is being done to secure the comfort of visitors, and the splendid band of the G. G. F. G. will be in attendance during the afternoon. The St. George's Society hold a monster pic-nic at McKay's Grove, about 100 yards' distance from the Cricket Ground, on the same day; and as thousands will flock thither, it is but reasonable to suppose a goodly number will find their way to the Cricket Ground during the day.
