Destruction of the Royal Lyceum—The Elections—Whiskey Mason and Fast Women—Lake Superior Mines—New Paper.

TORONTO, Jan. 30.

Our theatre was discovered on fire to-night at 11.30. The flames were first discovered in the loft which is seldom used Sometime elapsed before the alarm was given as the actors hoped to extinguish it themselves. This delay was fatal and the theatre was completely wrecked. Nothing but some actors property and musical instrum nts being saved. The fire is thought to have been a malicious act perpetrated for spite against the proprietor, Mr. Famehill. A snow storm is raging at the time of the fire.

Jan. 31.

The Conservatives here declare their intention of protesting the three city constituencies, but this is believed to be the usual threat made by that party when defeated. The Reformers had no need to spend money, as they headed the polls from the first, and kept constantly increasing the majority all day.

A paper was read this evening by Mr. McKellar before the Canadian Institute, on the Lake Superior Mines.

G. H. Mason, the notorious whiskey informer and nuisance to the city, was sent down to gaol to-day on a charge of endeavoring to extort $100 from Jenny Murray, a fast woman, by a threat of publishing a poster indicating that her house was an infamous den.

The Saturday *Times*, a weekly advertising organ, advocating temperance and Christian unity, was issued to-day.

McCleary, formerly employed on the *Mail*, has taken action against that paper to recover the amount of his salary alleged to be due. The case is left to arbitration.

The insurance on the theatre burned last night amounts to $12,000, which, it is thought, will cover Mr. French's loss.

NAPANEE.

Death of a Centenarian.

One of the oldest residents in Adolphustown Mrs. Mary Bogart, died this morning at the residence of her son, L. Bogart, at the advanced age of 102 years. She was one of the first settlers, having located in Adolphustown in the year 1790, and ever since made that her home. She was born in New Jersey, near New York, while it was yet a British Province. For the last two years her friends and relatives have celebrated her birthday by giving a grand pic nic. At the last celebration about one thousand people were present, same coming from Chicago, Ill., and other distant places. Her funeral will take place on Sunday at 11 o'clock, from her son's residence

NEWFOUNDLAND.

New Government Formed.

St. Johns, N. F., Jan. 29.

The Government of Mr. Bennet having resigned, Mr. Carter has been sent for, and has formed his ministry as follows:—

Mr. Carter, Premier and Attorney-General.
Mr. Whiteway, Solicitor-General.
Mr. Rogerson, Receiver-General.
Mr Warren Surveyor General.
Mr. Dwyer, Public Works.
Mr. Shea, Colonial secretary.

The chief members of the new Government were turned out of office some years ago on account of their advocacy of the union of the Island to the new Dominion. It remains to be seen whether the state of public opinion will justify the renewal of negotiations with a view to annexation. It is thought by some that so long as the people are as prosperous as, we are happy to say they are now, they will not tolerate confederation. We should like to see the edifice crowned by the annexation to Canada of the last bit of British land in North America, and we think we could be of use to Newfoundland. But we must wait the good pleasure of our neighbors, in whose fortunes, whether united to us or separate, we shall always feel interested.—*Globe.*

ENGLAND.

Nominations.

LONDON, Jan. 30.—The nominations for members of Parliament began to-day. Messrs. Bright, Dixon and Meenes, former members, are returned from Birmingham without opposition. Mr. Karslake is returned from Huntingdon, and Colclive, a conservative, from Frome. The Liberals did not attempt to contest the latter Borough, which has been represented for the past five years by Mr. Thomas Hughes. Despatches received up to this hour (Midnight) show that seven Liberals and ten Conservatives have been returned, the Conservatives gaining one member at Frome. Dr. Butt has retired from the contest of Manchester and Mr. Nolan from that of Greenwich.

The English Election Riots Expected.

LONDON, Jan. 31.—A meeting of the Liberals who support Mr. Thomas Hughes was held in Marylebone last night. Mr. Hughes delivered a long address, in the course of which he declared himself in favor of co-operative associations of workingmen.

Professor Goldwin Smith also addressed the meeting, giving his cordial support to the views of Mr. Hughes.

The difference between Mr Hughes and Mr. Daniel Grant, who was nominated by the other branch of the Liberals on Wednesday night, renders the return of the Conservative candidate probable.

The Right Hon. Mr. Ayrton addressed a large assemblage in the Tower Hamlets last evening. The meeting was very disorderly, and Mr. Ayrton was compelled several times to suspend his remarks in consequence of the fighting going on among his hearers.

There was also a very disorderly meeting in Deptford last evening.

There are apprehensions of a disturbance in Greenwich this afternoon where Gladstone speaks.

While the Conservative meetings were in progress in Greenwich last evening, they were attacked by parties of men, and the Conservative speakers compelled to stop.

It is said the thoroughfares of the Borough in Southwark will close one hour before Mr. Gladstone commences his address and that the troops will be confined to their barracks.

The Premier is announced to speak at another open air meeting at New Cross on Monday next.

GERMANY.

Ultramontanism.

BERLIN, Jan. 30.—The North German *Gazette*, alluding to the sympathy manifested in Belgium for the German Ultramontanes, declares that every Government is bound to check the disposition of its subjects to participate in any revolutionary attempt against a friendly power.

UNITED STATES.

Strike.

NEW YORK, Jan. 30.—About 200 workmen employed by the cigar manufacturing firms, struck to-day for an increase of ten per cent. in their wages, demanding that their employers should return to the old rates. This the manufacturers refuse to do on the ground of slackness in work, claiming that they would be heavy losers. Many of the men who struck have found employment in other shops. At present one firm only in the city is paying the old rates.

Ring.

Considerable excitement is occasioned in police circles by an anonymous letter received by the Mayor and Comptroller, charging that three of the Police Commissioners formed an organised "ring" for corrupt purposes, and that the trio so formed so manage matters for their own pecuniary aggrandisement as to completely thwart every effort made by the other two commissioners. Commissioner Russell is charged with having written the letters and comparisons made, and well his handwriting sustains it, but he denies the accusation.

The Poisoning Case.

A despatch from Pittsburg says the case of Dr. William Smith, charged with wilfully administering poison to Mary Brood and others, and causing three deaths, was heard yesterday. Evidence thus far would lead to the conclusion that Smith is either a consummate quack or a schemer of the deepest dye.

Requisition.

WASHINGTON, Jan. 30.—A special from New Orleans, dated yesterday, gives a report that Governor Kellogg issued a requisition upon the Governor of the District of Columbia, for the person of Ex-Governor Warmouth. It is said the case grows out of a criminal transaction connected with the State Treasury while Warmouth was Governor of Louisiana.

Marine Fire.

BOSTON, Jan. 30.—The steamer Glaucus, which was burned to the water's edge this morning, had freight on board valued at $250,000, which will be recovered, but of course damaged. The steamer is valued at $200,000. The hull which is uninjured will be raised. The origin of the fire is unknown.

A J. P. Sentenced.

PATERSON, N. Y., Jan. 30.—Jas. O'Neill, a Justice of the Peace, was sentenced to thirty days in the County jail for malfeasance in office, he having illegally committed a man to jail.

Granges.

ST. LOUIS, Jan. 30.—D. W. Adams, President of the National Granges here, says there are between eleven and twelve thousand Granges in the country, with nearly a million members. The sessions of the coming convention here will probably be private.

Resolution of Thanks.

WASHINGTON, Jan. 30.—In the House Mr. Cox offered a joint resolution, giving the thanks of Congress to the officers and crew of the steamship 'Atlantic' for saving the crew of the brig 'Scotland' in mid-ocean.—Passed.

Minister Noailles' Recall.

Marques de Noailles, French Minister, presented his letter of recall to President Grant to-day, expressing thanks for the courtesies extended to him, congratulating the President on the friendly relations between France and the United States. He was instructed to convey the good wishes of Marshal McMahon. President Grant replied regretting the departure of the Minister, but assuring him his mission had been advantageous to both countries and that it was his desire that friendly relations be still further strengthened. He reciprocated McMahon's kind wishes.

Fracas.

MEMPHIS, Jan. 30.—M. E. Soelser, reporter, of the *Avalanche*, and Charles Robins, *attache* of the *Register*, had a fracas at midnight over some newspaper articles. Both fired several shots at each other, and were arrested and released on bail.

TRAGEDY AT PRESCOTT.

The Fate of Two Brothers - One Shot and the other Frozen.

A gentleman from Prescott informs an evening contemporary of a fearful tragedy which took place in the neighbourhood of the town on Thursday night last. It appears that during the day they took an active part in the elections, knocking about and drinking a great deal. They both kept together until 12 o'clock at night when they left a tavern, one going toward Ogdensburg across the river, and the other directing his steps towards the country. The night it will be remembered was intensely cold, and hence the proprietor of the tavern should not have allowed them to go out at such a late hour. They both were very drunk at the time. The brother who went towards the country continued walking until he found himself getting so very cold that he dreaded being frozen. He then turned off into the wood to a farmer's house to which he hoped to gain admission. He rapped at the door, was answered, but the farmer refused to let him in, supposing probably that he was a burglar on his midnight prowl. He begged repeatedly for admission, if only for a few moments, that he might warm himself and go home. The farmer, however, persisted in his determination not to admit him, notwithstanding the poor drunkard's pitiful wails. He sat down for a few moments beside the house, but the cold began to encroach upon him so perceptibly that he, in his stupor, attempted to break the window, and by that means get into the house. The former, whose heart seemed to be hard indeed, did not appreciate this proceeding, and called to the poor fellow to desist. He did not, however, but on the contary redoubled his efforts. The farmer at this stage went for his gun, and returning to the window took deliberate aim and shot the poor fellow through the neck. He fell back and possibly would have been allowed to die but for the advent to the scene of a third party, who was alarmed by the report of the gun. The wounded man was taken into the house, and medical aid immediately procured, but recovery is scarcely possible. The other brother, we have said, started out to cross over to Ogdensburgh. His adventure was not as tragical as that of the poor fellow who was shot, yet the result is just as serious. After he left the tavern at the hour above mentioned, he was not seen that night. Early the next morning, however, he was picked up on the ice by a person crossing over with a team. He was taken to Prescott, where it was ascertained that his legs and arms had been frozen almost to the body. He was almost speechless with the cold, and his appearance was that of a corpse. Medical aid was of course called in without delay, and everything possible was done to prevent serious consequences, but it was thought he cannot possibly survive. Such then is the fate of those two young men, and let it be remembered that the sad tragedy is attributable to the drinking of whiskey and nothing else.

LATER PARTICULARS BY TELEGRAPH.

The name of the young man is Walsh. Once he was found by a Mr. McKay about a mile from town with both his legs frozen. He is at the present in a critical state. The other brother was trying to break into the house of Mr. Newberry. When told to go out he used threatening language to Newberry, whereupon Newberry shot at Walsh, lodging several shots about his neck. There are not much hopes of his recovery.

The above particulars lead us to infer that Walsh gave Mr. Newberry some cause for provocation and that the shot may have been fired in self-defence. But nevertheless, the least that can be said of his shooting is that it was cowardly and brutal.

The Contest

We add largely to the list of members returned, more particularly in Quebec.

Ontario has elected eighty-three members, and of these the Government count sixty-two, the Opposition eighteen, and there are three Independent.

In Quebec, fifty-seven counties are reported, only eight remaining to be heard from. In several of these, which lie down the Gulf, we shall not know the result for some time. Of the fifty-seven, the Government have carried forty-one, the Opposition thirteen, and the Independents number three.

Parties have nearly the same relative strength in the two larger Provinces. The returns from the Maritime Provinces are unchanged. The total figures are one hundred and fifty-seven—the Government carrying one hundred and nineteen, the Opposition thirty-two, with six Independents.

Compared with last election, Reformers have gained nineteen seats in Ontario, generally by very large majorities, and they have lost four by a few votes in each case. In the case of Halton, where we regret to learn that Mr. John White has been defeated by 15. Mr. Chisholm has promised his support to the Government. In Lower Canada the Government have gained seventeen seats and have lost none.—*Globe.*

STEAM SERVICE BETWEEN

Prince Edward Island

—AND—

Nova Scotia

WINTER MAIL SERVICE.

Tenders addressed to the Postmaster General will be received at this Department, until 28th February proximo, for the conveyance of mails between Prince Edward Island and Nova Scotia, during the winter season. The service will require to be performed by a spar-decked, screw propeller, about 150 feet long over all, depth of hold, 15 feet, extreme breadth, 25 feet, brigantine rig, to class A. 1. at Lloyds. Centre line and cable fastenings of boat should be of yellow metal, and must be protected with iron, or iron wood, adapted for going through heavy ice. She must have good cabin accommodation for thirty passengers, and be provided with a direct acting compound engine of sufficient power to guarantee her speed of twelve knots per hour.

Tenders must specify rate per season from closing of navigation at Charlottetown, until paddle-wheel steamers resume trips in spring (ranging generally from 1st December till 1st May). The boat to be ready for service by the 20th November of the present year, and to be under all practicable orders of the Post Office authorities as to service to be performed, but it is intended that as far as possible the trips should be made between Georgetown, P. E. I., and Pictou, or other convenient points in Nova Scotia. The contract to extend over a period of ten years. Should the steamer offered be not strictly in accordance with above description, in all particulars of her size, rig, fastening, protection, character of machinery, and passenger accommodation must be given.

Any further information may be obtained by applying at this Department or at the office of H. Sinnott, Esq., Lloyds Agent, Charlottetown, P. E. Island.

Satisfactory security will be required for the performance of the contract.

The Postmaster General will not be bound to accept the lowest or any tender.

WILLIAM WHITE,
Secretary
