Mr. Legge, civil engineer, leaves on Monday next to explore a route between Deep River and the Georgian Bay, with a view to the ultimate extension of the Northern Colonization Railway

It is reported that Judges Duval, Monk, and Badgely, have been requested by the Government to resign; that they declined, but that certain advocates having threatened to make personal charges i they did not leave the Bench, they have taken the matter under re-consideration. This alternoon the drivers of the two

rival city passenger cars took to racing on St. Catherine Street, lashing their hors e into a gulep until, the reins breaking, the horses attached to one of the cars became unmanageable, and ran away with great violence down Bleury Street, causing the utmost consternation to the occupants of the car. Fortunately the horses were stopped before much damage was done.

Business was very quiet to-day at the banks, a great contrast to last mail day. | The cars were demolished. Mr. James I. Fellows, Manufacturing Chemist, Sir: For several months past I have used your Compound Syrup in the treotment of incipient Phthisis, Chronic Bronchitis, and other affections of the chest, and have no hesitation in stating that it ranks foremost amongst the remedies used in those diseases. Being on excellent nervous tonic, it exerts a direct influence on the nervous system, and through it, it invigorates the body. It affords me pleasure to recommend a remedy, which is really good in cases for which it is intended, when so many advertised are worse than useless.
