In these circumstances the medicine vendors throughout the world. obvious course suggested by common sense was to put into the office the man who could perform its duties; and this has been done. For years Mr. Robins has done the hard work, at a servant's wages, it is time, therefore, that he should receive the full value which the Government allows for such services as he performs. Ornaments are not much needed in public offices, and as the most exhausting portion of Mr. Joseph Pope's

work was "to move about, and in and out," his removal will probably facilitate the progress of work, and will certainly add to the duration of the carpet. The Examiner attributes the dismissal of Mr. Joseph Pope to feelings of spite on the part of Mr. Laird. We would rather withdrawn its garrison from Toless, in the say, that it was on account of the "old gentleman's" acknowledged uselessness in the place where he was, and to a very widely spread feeling of dissatisfic tion with his living without earning a livelihood at the expense of the country. ECURITY SHOULD BE THE PRIMAR CONSIDERATION. Special attention is drawn to a new feature in in Life business, just introduced by this Company,—that of insuring on the half-credit system. By this method, persons who wish to insure for their families an insurance for a large amount, but whose present income, though improvin will not admit of it, or persons in business wi wish to utilise their funds to the fullest exten and cannot therefore spare the necessar premiums for a large life policy, can insur \$5,000 for the same amount of premiums as I required for \$2,500, the remainder half-premium standing at 6 per cent, interest, as a debt on the policy until paid off.

Persons insuring now, or within the next few weeks, will obtain the benefit of one year's bonus. Tables and all information will be giften at the office of the Company, corner Sparks and Eigin T. M. CLARK.
