course, when His Majesty entered, all made an effort to rise, but the Emperor would have no starding. In the Salles des Armeires there was gold plate on the of Edinburg, side by side, and next to them on right and lett, the Prince and Poncess of Wales. The programme of the music was a very presty de ign by M. bourg degiment and a Russian sailor on one side of the list of pieces, and on the other an English Lifeguardsman and a seaman. At the foot was a charming view of the Nova and its quays, just taking in the Duke and uchess of Edinburg's windows in the Winter Palace. There were also monograms, and altogether the programme was an exceedingly tasteful work of art, and a charming memento of the evening to those fortunate enough to obguest passed out of the supper reason many of them stopped to pick a flower from the table which the Duke and Duchess of Edinburgh and so p.m. many other Imperial and Royal princes and princesses had just quitted. The dancing in the Nicholas Hall was pretty to see, especially the magurka figure of a long interlaced chain of dancers advancing
