BUNNELL'S WASHER.
Mrs. Mitchell has had one of Bunnell's Washing Machines and Wringers in use for the past week and finds it to be in every respect equal to all that you claim for it. Washing is a pleasure indeed to take a whole day. It now does in a couple hours and Mrs. Mitchell says in a superior manner. Perhaps the best recommendation for the machine is to state that the largest and heaviest articles of bed and table linen are washed with equal facility with collars and cuffs. Washing day is no longer a day of dread in our house. It is now done in the forenoon. Call and visit us. "Buy a Washing Machine and be happy."

Dominion Parliament,
First Session Third Parliament.
THE SENATE.
TUESDAY, April 14.
The SPEAKER took the chair at three o'clock, when a number of petitions were presented by several honorable members in favor of a Prohibitory Liquor Law, and for the incorporation of several companies.
The following reports of committees were then presented:
The Committee on Standing Orders and Private Bills reported as follows:
1. The Committee on Standing Orders and Private Bills have the honor to present the following as their second report:
Your Committee have examined the following petitions and find that sufficient notice has been given in each case, viz: Of the British American Assurance Company, praying for the passing of an Act authorizing the company to make investments in the stock of the incorporated monied institutions of Canada and in Dominion, Provincial, Municipal and Foreign securities as well as on bond and mortgage of real property, and to make deposits of the same in other countries when necessary, to enable the company to do business. Of George A. Darling and others, of the City of Toronto, in the Province of Ontario, praying for an Act of incorporation as the London and Canada Bank. Of the Grand Trunk Railway Company of Canada, praying for power to consolidate all their pre-preference capital ranking before the first preference shares, and to convert the same into one perpetual debenture stock, also to raise further capital for improving and extending the company's business, and to establish among the employees of the company a superannuation fund and a system of insurance against accidents and death, with power to manage the same. Of the Great Western Railway Company, praying for the passing of an Act authorising the construction of a branch railway from some point on the line of the said railway at or near the town of Clifton to a point at or near the village of Allensborough in the County of Welland, and the extension thereof to some point on the Canada air line branch of the said Great Western Railway, and for other purposes. Of the Hon. Charles Wilson and others, of the city of Montreal, praying for an Act of incorporation as Le Credit Foncier Royal. Of Wm. A. Thompson and others, praying for an Act of incorporation as the Niagara Grand Island Company, and of the Confederation Life Association, praying for the amendment of their Act of incorporation so as to provide for the holding of the general annual meeting at a different period of the year, and to alter the provisions contained in the 15th and 19th sections thereof and for other purposes."
Hon. Mr. DICKSON, seconded by the Hon. Mr. Skead, moved that the report of the Committee on Standing Orders and Private Bills be now adopted.
Hon. Mr. BUREAU made a motion to the effect that a Bill to be entitled the Credit Foncier de Bas Canada, for an amendment to their Act of incorporation be read a second time on Monday next.
Hon. Mr. SIMPSON in moving the adoption of the report of the two Houses on printing, said that according to the rules, it was usual for the report to lay on the table for a few days. But he thought it should be adopted now for the reasons that at the time the tenders were sent in, and for presenting them, they had no committee, and therefore it was thought better to return the tenders to the tenderers. The tenders had not been opened, and they requested that new tenders might be sent in by the eleventh of May. It was hoped that they would have a short session, and great benefit derived that he should go home as soon as possible. Also it was also hoped that the Government would forward business with all facility. He asked that the report now submitted be adopted, and that they might have tenders issued at once. He might say that the report was very long, and although it had not been read in French it was presented in both English and French. He wished the report especially to be adopted now so as to give those who intended to tender, the full advantage of the limited time at their disposal.
His motion was seconded by the Hon. Mr. Penny and with hon. gentleman as his seconder he begged to move that the Report of the Joint Committee on Printing be now adopted.
Hon. Mr. BELLEROSE begged of the hon. gentleman who had just sat down, to explain to the House who were those who had tendered for printing.
Hon. Mr. MILLER could not see in what way the tenders could be returned to the persons who had sent them in, if their names were not known.
Hon. Mr. SIMPSON did not know the names of the parties tendering, but he believed there were fictitious names attached, by which the tenders could be returned. The impression of the Committee was to throw the matter open to competition.
Hon. Mr. LETELLIER DE ST. JUST said it was a very important thing that this report should be adopted, as now presented. He did not see that there had been any complaints made with regard to these tenders that were recommended to be returned. And it showed there was little cause of complaint, or at least that complaint had been made with regard to the tenders, or they would have heard of it through the press. There could be no doubt that those who tendered, and who had their tenders returned would be in the same position as those who now tendered anew.
Hon. Mr. CARROLL, as a member of the Printing Committee, had sought for all information. He was one of those who said he protested against the tenders being sent back, because he considered it as a breach of faith. He said they should do it as quickly as possible so as to give to all intending tenders the benefit of the short time that was at their disposal.
Hon. Mr. BELLEROSE doubted whether the majority of the House would agree with the majority of the Committee.
The CLERK then read, by request, the petition with regard to the Credit Foncier de Bas Canada, praying for an amendment to their act of incorporation.
And, on the motion of the Hon. Mr. BUREAU, it was resolved the same be read a second time on Monday next, which motion was seconded by the Hon. Mr. Penny.
The SPEAKER announced that it was now the time for the presenting further reports of Committees when the following report was read:—
COMMITTEE ROOM,
14th April 1874.
The Joint Committee of both Houses on the Printing of Parliament, beg leave to submit the following as their Second Report:—
Resolved—That as by the tenth report of the Committee of last May last, it was recommended to issue advertisement for tenders for the printing sessions of Parliament, and which recommendation was concurred in by both Houses, such tenders to be sent in to the Clerk of the Committee not later than the first day of the next session of Parliament to be submitted to the committee at the first meeting thereof, but as no tenders were appointed during that session to be opened, and who had in their hands the tenders contained in the clerk's hands, a new considered expedient to open such tenders unopened to the parties who handed in, and to issue advertisements for new tenders for the printing, binding and printing paper required for the printing service of Parliament; such tenders to be seperately for each service, sent in not later than the fifth day of May next, the tenders for printing, binding and paper, to be each separate and distinct.
The Hon. Mr BUREAU in reference this report spoke with regard to the official report of the Senate, and the best means of avoiding difficulties which he thought migh be obtained by the appointment of a permanent commitie to superintend the publication of the debates.
Hon. Mr. LETELLIER DE ST. JUST found certain inaccuracies in reports published, but he did think that his hon. friend could do better than allow the matter to stand as it was. The whole of his answer to a question asked was not given. The words "that the Government intended to take some action" were not given. But it might be more wanting to his facility in using the English language than any want of the reporters comprising what he intended for the public. The reports should be judged on their merits, and he had no doubt satisfactory arrangements could be obtained.
A question arose with re.ard to whether an official report should be under the supervision of the Printing Committee or the Committee on Contingent Accounts, and it was left there, some scarcely audible strictures being made with regard to reports appearing in newspapers before they were presented to the House, which might very properly be considered a publication that would be well construed into a breach of privilege.
A few expressions from several members, in which it was said that the Speaker would take care of the privileges of the House, ended the debate.
Hon. Mr. DEVER gave notice for Monday 20th April, the will ask whether it is the intention of the Government during present session of Parliament, to introduce any bill or m asure for the regulation of a common rate of interest on all monetary and mercantile transactions within the Dominion of Canada?
It was then moved by Hon. Mr. SKEAD, seconded by the Hon. Mr. Foster, That when this House adjourns to-morrow, that it stands adjourned until Monday next at eight o'clock.
The Motion was accepted as a notice of mot on for Wednesday.
Hon. Mr. MILLER said that they had been promised by the Government that it would be a short session, and if they adjourned to the twentieth of April, they could literally have done nothing, and now they had already been twenty-four days in session without having done anything except
Hon. Mr. RYAN gave notice for Wednesday, the 27th April, that he will ask whether or not it is intended that Act respecting copyrights reserved for Her Majesty's approval on the 14th June, 1872, has been as yet assented to by Her Majesty?
Hon. Mr. McDONALD (Victoria) in proposing the motion of
