The Times.

OTTAWA, SATURDAY, FEB. 6, 1875

GOOD LORD,-GOOD DEVIL. Mr. Bannerman, who is just now pre senting himself to the electors of South Renfrew in the Opposition interest, is by all accounts a slippery customer. We have it on unquestionable authority to be in. To the Conservatives he presents | Committee on Printing. himself as a thorough-paced member of their party, one who can be relied upon in any emergency. To Reformers he do scribes himself as even more desirous than Mr. McDougall can be to support the Government. "Just let me be elected." is not likely to deceive anyone. Let Mr. most useful to us in settling constitutional the pleasure in this country of showing to

is anything but a spirit of peace and con- the neighbouring count y, we would also feet of impressing the mother country tentment abroad in Church of England pass successfully through all political with a strong belief that the newer Britecclesiastical circles in this Province.

Mr. COLIN McDOUGAEL in seconding from which it has sprung. Another ques-There is a saying, which doubtless has the Address, craved the indulgence of the tion, which was one that any new country more or less of truth in it, that the exist-ence of such a spirit would indicate their attention to the topics adverted to apathy and carelessness. It cannot be in the Speech from the Throne, more glad to know that this Government had denied that both the qualities mentioned barrassing position of being called on to tion, and that they had done, were are fatal ones, indicating the absence of address the House for the first time. The still doing, and promised to Church, and paralyzing to its great est and most valued purposes. But, on the other lieved it could not be disputed that the claim and country come to us and see our hand, it is not that activity which is the present was a time when members general country filled up, and when they do come sign of religious prosperity and spiritual ly could most conveniently leave their here, he wished them to feel advancement which is just now moving private business. Not that he wished it had a home among us, that there shall be the heart of the Church; rather is it that internal division of the house against it them as public men, or that they should for all to feel that they are Canadians, to the discrimination as to creed or national ity. That they will find here equal rights for all to feel that they are Canadians, to the control of the house against it them as public men, or that they should for all to feel that they are Canadians, to the control of the house against it them as public men, or that they should for all to feel that they are Canadians, to the control of the control of the house against it them as public men, or that they should for all to feel that they are Canadians, to the control of the con self, which we have the highest authority not be ready at all times when called upon feel that when they are bere they will be for saying will cause its destruction. It has long been claimed for the Church of volved upon them; but still it was more its people. After all what is a country England that its toleration and liberality duties at some seasons of the year than were the real sources of its vitality; but others, and it was a matter of satisfaction to make a country we must have people, that the Government had selected the we must have people to come here. We too far, at least in regard to present period for calling Parliament have people now, no doubt, but we must throw open the doors and say to the naction to the people of this country—he cation to the people of this country—he cation to the people of this country—he cation to the people of the could speak with a consider. a Church, for it is difficult to believed he could speak with a consider I country which you may make a home. conceive how any ecclesiastical corporation can maintain its unity, or indeed

upon what principle it should deof suppressing the ruinous traffic in intextis do not if heterotechnic description of the North come citizens of the Dominion, and help
upon what principle it should desire to do so, if between any two or more branches of it there are radical differences on one or both of these subjects. That there are such differences in the deeply-troubled Church of England at home and her branch in Canada is matter of notoriety, and the

According to the particular and the second of the second

ndications of the time really point to a this subject it was also gratifying to notice rupture at some early day which will that the negotiations of a treaty with the place the two parties in the Church in their proper relations to each other. us to invite immigration to that extensive They are one only in name, but really territory, and to give assurance to intenddivided by a broad and ever widening gulf-the one declaring itself Protestant, dians, but that the most cordial good feeland faithful to the doctrines of the Re- ing existed between them and their white formation and the practices then estab brethren. The Address next referred to lished; the other professing to be Catho- duced for the establishment of a Supreme lie, and copying in some important par- Court. That was a subject which had ticulars the customs of the Church of engaged the attention of the House on Rome; but, for what particular cause previous occasions, and no one could doubt does not very clearly appear, refusing to letter unless there were courts to give enter into communion with that body. It effect to them, and in his humble judg would be hard to divine what good purpess ment such a court as the one proposed is served by the nominal continuance of a was much needed in a country under a either or both may attempt to dowhat good, indeed, they could do were in name as they are in fact.

t will be interesting to note the character of those who will adhere to each other. One distinctive difference may safely be looked party" to the purchase of his bread or rid of his obligations by going into insolany other purpose whatever. To have the The present law in his opinion was more nated by the word disunion.

Parliament of Canada.

FRIDAY, 5th Feb The SPEAKER took the chair at 3. THE HANSARD REPORTS, After some conversation, it was resolved to provide accommodation for the Hunsdrd

DEPARTMENTAL REPORT. not the kind of man whom the people It was with much pleasure that he moved of Renfrew have been in the habit of the Address in reply to the Speech from blows hot and cold," of labour, it certainly should be in

convenient for them to leave their private made of? It is made of people. If we

union between those contending elements, Local Legislatures had separate and while it is plain that their wrangling and distinct functions and jurisdictions, bitterness is not only unseemly and un and it was necessary to have a Supreme christian, but neutralises whatever good Court to define the limits of the respective jurisdictions, solthat on the one hand the rights of this Parliament might not be invaded and, on the other, the rights of the they as thoroughly separated and distinct Local Legislature might be respected. Another subject that the attention of the House was directed to in the Address was When the final rupture does take place, one that was surrounded with a very great deal of difficulty. He referred to the sub ject of insolvency. In his opinion some bankrupt law was absolutely necessary in this country. The measure that had been for : the so-called Catholic party will un- in force for a number of years was by no questionably have a very large clerical means perfect, nor could anything else be element in it, while the other will as as expected, seeing that it was only by exsuredly be largely composed of laymen. this, involving so many practical details, The proposition of "Dies Irae," in a re- that a satisfactory measure could be cent letter to the Globe which was repub- framed. Profiting by the experience of the past, he had no doubt that the present ished in our columns, though probably law could be amended to the great advansomewhat "of the earth earthy," has the tage of the whole community. No one merit of being very practical, to say the would dispute the proposition that an inleast of it, and it might do a little good solvent law should if possible protect the Botled-Mutton and Caper Sance, Corned Beef were it only tried. Of course we could tunes, perhaps by circumstances beyond not expect that it would have much effect his control, and should allow him the opon the reverend gentleman who delights portunity of making a fresh start, unento call himself the "priest of St. Albans," cumbered with previous obligations; but, but it would at least relieve Lim of what framed so as to afford no protection to the but it would at least relieve Lim of what appears the disagreeable necessity of appears the disagreeable necessity of applying the "subscription of the Protest at trader. On the contrary, the plying the "subscription of the Protest at trader who dishonestly attempted to get trader."
