Hon, Mr. MACKENZIE replied that a careful survey had been made, and the cost of attaining twelve feet navigation. They were not in possession of information as to fourteen feet navigation, because unreasonable one, and the Government would not be justified in attempting the

THE COMMUTATION OF LEPINE'S SENTENCE Mr. MASSON moved for a copy of H Excellency's commission, and of the Royal instructions which accompanied it

Mr. MASSON moved that au address be presented to His Excellency the Governor General for copies of all papers, orders in council and correspondence relating to the commutation of the sentence passed on A. Lepine in Manitoba, for the death of Thomas Scott. In making the motion he desired to draw the attention of the House to a document which had been published in the Official Gazette of this country, and consequently under the authority of the Government, which had affected public opinion considerably in Excellency to the Minister of Justice contence, and then went on to say that he praying to be incorporated as the Banque stitutionality or the unconstituti Hon. Mr. CAMPBELL presented a peti- duty to protest mest earnestly against the tion from Chas. H. Day and others, of unfortunate expression which he found Montreal, praying to be incorporated as | in the first paragraph of the letter. The the Canadian Gas Lighting Company.

Hon. Mr. CHAPAIS presented a petition from the Hon. John [Hamilton and subjects, who expected that if the parties verdict would cause universal disappointothers, of Montreal, praying to be incor-porated as a Coal and Iron Mining Comtrial and justice took its course, that content, deep sorrow and grief among the loyal French population of Manitoba, which still considered population. Mr. Masson continued to speak at great length against the injustice of His Excellency's message. He con-

tinued as follows: I need not say that grief and sorrow by the great majority in the North-West. In the speech from circumstances, who knew the country the Throne there was an intimation that and the people, who know Mr. Lepine papers relating to the troubles in the himself-I readily understand that he an early day, and he asked, first, when responsibility of whose support and eduthese papers will be brought down ; cation rested upon him, will feel that the secondly, whether it was the intention of sparing of his life is a great boon, beamnesty to the people engaged in the distances in the North-West some years tion in future years to support his family. and expected to be able during the after I now ask for these papers. I have overnment intend to deal with both sub- say the whole thinking population of Canjects as soon as the papers are before the ada protests against the course which has House, and he would place a notice of been adopted. I ask for all the document the motion on the table to-night, in order to to be laid before the House, because I see proceed with the consideration of the in the letter of His Excellency the Governor General a reference to some docu ments which are not before us; also there

is a sad rumour-it is more than a rumour Mr. BLAIN moved for the documents re- -circulating among the public, that the lating to the comparative value of iron and | papers conveying the act of clemency, so wooden bridges on the Intercolonial Rail- called, by His sexcellency did not read way. He concluded by moving "That the Manitoba until after the time appoint Mennonites, who are coming to America documents laid on the table last Session in for the execution. Explanations have such vast numbers, to colonize the answer to an address for certain papers | been given of that fact that the docuand correspondence relating to the com-parative cost of wooden and iron bridges presented privately to Lieutenant-Govsuccements have been held out to German on the Intercolonial Railway, be printed ernor Morris three or four weeks before nd Scandinavian settlers, and more re- and circulated as public accounts usually Sir, it will be interesting to the House to know that a public print, an organ of the should take the form of a notice of thorised to say that instructions on the subject of the commutation of Lepine's sentence had been in the hands of Lieuthe first of these is the Highlands of Scotlands. The Highlanders present The The first of these is the Highlands of would go to the Printing Committee as a date of the execution, and consequently It is important to the House to know by - ** 1878 whom this journal had been authorized to wretched. Take, for example, the Island intention intention intention in the intention intention in the inte wretched. Take, for example, the Island of Lewis. The inhabitants number in round figures about twenty-five thousand. Within a few miles of Stornoway, sights of poverty, wretchedness and degradation of poverty, wretchedness and degradation are seen on every hand. The people are sideration and had placed an amount in the people are sideration and had placed an amount in
