The letters of concerned in the outbreak of 1870. He Cartwright. Exaggeration is the hon. "White Pine" on the subject, which apmarshalled a most convincing array of the lacts which had led the Government to as to preclude the possibility of their be ably commented upon by the press adopt the course he proposed, and con- ing received with anything like general of cluded by a motion which is universally admitted to have disposed of a subject apt to see everything in the most perfect Ministerial proposition, and how well his surrounded with great difficulty and some coulcur de rose. When, last year, we opinions accord with those who have, like danger in a manner which left nothing to were really, like the rest of the world, himself, given the matter some attention be desired. He was followed by Mr. | suffering more or less from commercial the resolution of a majority of the Senate Bowell, the Grand Sovereign of the Orange Everything was as prosperous as a flower The subject of emigration received a Order, who of course opposed the motion garden in his estimation. In his Budget pretty thorough ventilation at various state of affairs was revealed. The Central Fair was held this afternoon, and of the Premier because it proposed to ex. Speech of last year, Mr. Cartwright had times and in various ways during the sesempt the authors of Scott's death from anticipated a deficit; in his financial sion. The policy inaugurated by the the extreme penalty attaching to their all intents and purposes those predictions the Dominion and the different Provinces and a motion founded upon it, condemning the efforts of the Dominion and the different Provinces and a motion founded upon it, condemning the efforts of the Dominion and the different Provinces and a motion founded upon it, condemning the efforts of the Dominion and the different Provinces and purposes those predictions and the different Provinces and purposes those predictions are the points of the points o offence. Sir John Macdonald followed in had been verified; and so thoroughly at under one scheme, owning the chief agent permanent record on the journals of the turbance took place in St. Andrew's a lengthy speech, which was valuable as a loss was the "financial leader of the Dominion as the centre from which House. Another specimen of the administration of the Dominion as the centre from which House. Another specimen of the Dominion as the centre from which House. history of the connection which his denied the existence of the denied the existence o mext to valueless, being merely a defence of his own policy. What his proposition would have been, supposing he had been called upon to deal with the subject, it is left to people to judge at cording to the estimate they may happen defence of his own policy. What his proposition would have been, supposing he had been called upon to deal with the subject, it is left to people to judge at cording to the estimate they may happen defence of his own policy. What his imposing periods Dr. Tupper used in preferring it, a very serious one, fraught with consequences which might be inimical to the sinancial prosperity and commercial safety of the country. When the details came to be given, even by Dr. The character of some of the with energy desirable measure. The position of Mr. Jenkins was again, as a matter of course, the subject of discussion, but the wild assertions made during recease by the organs of the tory party were not repeated in Parlia mercial safety of the country. When the details came to be given, even by Dr. These, briefly, are some of the leading facts in connection with the session. It is mercial safety of the country to add that it closed to the financial prosperity and commercial safety of the country. When the measure to every was performed last might before a full house by the Quebec Choral Society, under the leadership of Mr. Bishop, Organist of the Anglican Cathedral. The performance was in every serious one, fraught was again, as a matter of course, the subject of discussion, but the wild assertions made during recease examined on his behalf did not tend greatly to elevate him in the estimation of the wild assertions measure. The position of Mr. Beach of the country was again, as a matter of course, the wild assertion of Mr. Beach of the case of the wild assertion of Mr. Beach of the case of the

tived by 152 to 23. The original motion

parts of those who, like Mr. Mousseau, advocated complete and unconditional were in favour of the infliction the extreme penalty of the law. The occasion of the division on the amend- tive one. ment was marked by one of the most detestable tricks of which a leading public Justice introduced the Insolvency Billman can be guilty. We refer to the fact a measure of very great importance, and tion moved by the Premier, amid the to accept a valuable suggestion, come pose in doing so, if we may be permitted and in the committee, was most exhaustto draw an inference from a course which live, and it is generally admitted that, see-

ropical cheers of the members. His purif possible, the Orangemen of Upper cowardice he displayed on that occasion.

the House, it was nevertheless a very such useful and highly necessary legislaprotracted one, covering, in the official at length to the subject.

puted-there was at least the assurance he made a formal motion to give effect to this proposition. Mr. Plumb, the learned member for Niagara, was upon that, as ment inserted on the motion of Mr. Irving. that nothing in the way of a promise had upon several other occasions, made the one of the members for Hamilton, making lative enactment. Mr. Mills and the gation was called by the Rev. Messrs. cats paw of the leaders of the Opposition, moving an amendment declaring in effect that there was no proof that any regular the theorem of outlawry had been pronounced to be the decision of all cases referred to the court final, the measure has been assented interesting controversy over the Treaty of Washington, as it bears upon the value of our fisheries, or such portions of conduct two services instead of one each moved for and ordered to be issued. tails, and the power and force of his
