much of a sting in the charge. There is our municipal government, for if we are us to be unwittingly led into any rash examination of its purposes and the means claws, to her, and so we could not send by which it is proposed those purposes home the spoils, but promise you the shall be accomplished. Admitting, then, next that may fall a victim to my trusty that Mr. Pennock was justified in winst he said, the charge cannot be regarded as a grave one, and the city is rather to be congratulated than otherwise upon its Finance Minister. It may be permitted us to hope, however, that even Mr. Waller's gloom will be largely relieved by the success of the most recent transaction effected on behalf of the city on the London money market.

THE AMERICAN CENTENNIAL

history of their struggle for national in thusiasm; it was the occasion of a good ical of spread-eagleism, in which that exceedingly practical people are now and that buncombe and self-laudation which is perhaps the most repugnant feasomewhat curious to note the change cial institution. which a hundred years have wrought in in this country, indeed, the "spring and will at once remove the noxions" the mind of the representative Britisher cleaning' has a special necessity. With smell that often arises from the feet in mas exerted a good deal of discussion, and Much of the change is, no doubt, owing we can secure, we are obliged to live in also, nothing is better, and a wash of bay on Monday might our city rathers con: to the alteration in the representation winter very much cooped up in apart rum following it will prevent the taking itself; but much more to an actual alter ments where dust, bad air, and other cold, and stimulate the growth of hair. the thirteen American Colonies should possible care; and if this is so in the monia is also most efficient, and it is of the care in the monia is also most efficient, and it is of the care; cussions of the kind, and there are two to have been wrested from Great Britain by most favorable circumstances, what great use, also, for removing headaches this, both of which are worthy of careful force was a bitter humiliation to the must it be in ill ventilated and ill kept and catarrhal colds, by the inhaling of its consideration. There was much truth in people, and they could not naturally houses? So that it is satisfactory to know pungent odour. Finally, aromatic spirits the description so graphically given by tion very cordinally. In this respect, then, house is, so to speak, turned out of doors; wine glass of water is an excellent remedy Alderman Waller of the present condition not very friendly feelings were warmly— that walls and floors are thoroughly of the city. It is certainly simply dis- nay, hotly-reciprocated. So far as the purified, and every pla e where bad air worthy asserman that his speech was a hostile feeling, and the same is in a great Some people, however, made house are concerned, there is a truce to all air of heaven.

> TIGER BUNTS IN INDIA. Exciting Scenes - Some Disappointment and Much Success.

In October last we were favoured with copy of extracts from a letter from Mr ohn Walter Walkem, of Assam, Bengal India, late Ensign of Her Majesty's 50th Foot, to his father, Mr. Walkem, of the and all Militia Department here. We are again enabled, through Mr. Walkem's kind ness, to present our readers with another graphic account of a tiger hunt in Assam, loss which the want of them would be to from Ensign Walkem's versatile per. It the community. If we mistake not, will be found deeply interesting. He

> give you some more of my adventures, I afternoon word came that a cow had been killed by a tiger not far off. Poor K., who if necessary, intending to follow himself long enough to have a thorough airing. the course of an hour or so. I arrived at the spot with my band Bengalese, and saw that a "maichan" was useless, as there were some trees just over are provided with carpet cleaning establed author of "Droit au But." The newsthe spot where the cow lay. I therefore sent them all back and got up into one of

> leh," which was in front of me apparent | would be a reat boon in most cities and land, is engaged upon a new work, to be saw his tawny hide through some jungle, and fired; but after the smoke cleared off a considerable residuum of dust behind had been deceived by appearances; was not there; so I got down and went patience and success.

Next morning, with a man carrying a spare gun, I went down and examined up the track, which led through tall reeds with a cloth dipped in the water, not when suddenly I heard a noise which derfully. It is well to have a fire burning back softly, and at empted to climb a it is a virulent poison. Some people do tree; but quietly as I thought the attempt not take up heavy carpets every year, but had been made, the noise was heard, and clean then with coarse salt, which is said growl, and before I was beyond my own other impurities that carpets absorb, this length up the tree, and the man was, seems hardly a wholesome plan. Indeed, handing up the guns to me, out one of it would be well for us to dispense with just time to put a ball into his body, and the continental plan of having painted which turned him back, when he had at or varnished floors, which in summer m st reached us, with much greater could be left bare of all covering except a Arnold pleaded eloquently, in behalf day and went home. About a week after expensive at first, the first cost would be willing to increase the emoluments wards, some natives came to the Bunga- soon be much more than saved in the which the College can set apart for the ever, is the best guide in such cases, and low begging for ammunition to shoot a wear of carpets. Matting is another exthe experience of other cities, and, in tiger, which lay in a piece of jungle, cellent summer substitute for carpets, deed, the small experience Ottawa itself | within the estate. I immediately started, | cool, durable and easily cleaned. The taking two rifles with me, to the spot.

out that we ought to have distinct and were right. I now climbed up a tree if used in summer only. stated assurances on several points before commanding a view all around, and got the money is voted, so that the people the men to advance and beat up, but the tiger charged at them. I fired several shots where I saw the tail grass shaking, and unwholesome, catching dust and all denoise will a monopoly. To suppose that our depenresorting to more vigorous measures, so I got down from the tree and took the lead of the party. We advanced to within a fording a free passage for the air and being few paces of the lair, and were routed by

All this time the brute had not been distinctly seen, and, advancing again winter. The rooms will be much pretas it has in view should not be left open and sent in another couple of should not be left open were again followed by a loud roar and a that the most fastidious taste may be nificent stock of room paper.
