ULIAWA, FRIDAY, MAY 7, 1875.

THE LATE LIEUT. GENERAL, SIR. JAMES LINDSAY.

althe many trieficis throughout Untario "possibly could be. Canadians owe it to any ill effects arising from the power and quedec of the late input treneral, Sir " themselves, if they are living under sames allows, who be glad to hear that a "Responsible Government, to know it has already exercised a marked influ committee has been formed in Emgland, "where the privileges of their rulers be- ence for good upon our manufacturing with the Commander melitel, his Moyai "gin and end, and where the rights industries, and this power will be confighness, the Duke of Cambridge, reading | "guaranteed them under such responsiprimie to so distinguished an other. Sir tier Majesty's forces and the militia in service during the reman disturbances of 1800 and 1870. Lieut Colonel Macpherson, who served in the late Lieut, Generas a staff during the period referred to, has been authorized to receive subscriptions from any person in or about Ottawa desirous of contributing to the movementsuch contributions to be remitted in due course to the Hon. Secretary of the commuttee in London, England.

THE SCUTCH AND THE IRISH IN Coda Val Dal.

of son "selected by the Sovereign as the question of nationality than surprised—at what Tue Times had to say on the subject a few days ago. Because we said that the Scotch are a people who have to be dealt cautiously with, we are charged with having uttered an impudeat threat. When the nationality in question times it necessary to threaten, publishing their threats themselves. If what the organ has to say about them were nearly true, however, they are a threat coming from them would not be so lightly to be regarded as our contemporpolitical power and preferment for Irisha single case in which a really deserving not the exception-we shall be excused i party with whose fortunes it has linked do not represent the bulk of their coun. sion about the claims of different nation and they frankly confess that all this whining comes from quarters they are those whom no amount of favour "against them by their despisers if that to ten millions less than they were, aroused and the ill-feeling engendered. that depreciation | About two millions would have gone to legal tenders since November; some three "than it is honest and worthy." millions more would have been required The only despisers of the Irish, so far as in the shape of exchange to meet the interest on the Canada debt due last January. Then the payment of about two

the connection is - what about the Englishman? It is surely time they had omething to say in this controversy. from reading the articles of our Toronto distribution of large entemporaries, one would imagine that cing no place but no business in it. What about native Canadians, tho? When our contemporary begins to claim Mr. Blake as an insiman, it is time that the world

were informed when a man may be sup-

posed to be called a Canadian. As to the reflections upon our acquaint ance with the English language, they are quite excusable where there is so little eise to talk about; but they do not come with very good grace from a newspaper which spells "co temporary," " cotempry; we have another way of accounting or mamfest blunders of this nature be sides attributing them to the inability of editors to write good English; but those who account on them as the Canadian does, have no ground for complaint their own rule is applied to them, and these errors are set down to their igno-

WHAT IS LOYALTY

This is how the Citizen defines its lov ality :- "We might paraphrase the language of one of England's statesmen and . We yield to none in lovality be interesting to the public to be assured in this authoritative way that Her by combination, and we may here suggest Majesty really owns an ass—to say nothing

"There are occasions," our contemporary says :- " when the maintenance of "'the Governor, like the Home Secretary, is personally selected by the than the common welfare, it fails of its Sovereign as the depository of this pre object and retards instead of assisting prorogative, which was not alienated from gress. the Crown by any general delegation, There can be no doubt left on the reader's mind where exactly the privileges on ciation for that Province. The Manufacof the prerogative of pardon, begin and end. They begin and end with the per-

depository of this prerogative.'

FINANCIAL AFFAIRS (From the Montreal Hernitt) some other writers on finance are congratu- | will be felt to be a necessity. That our lating the country and the banks upon the manufacturers would learn much from success with which those institutions comparing notes with those of the Upper have passed through the late crisis. They | Provinces cannot be disputed, but at the are, we hope, right as to the fact, and we same time we imagine our Upper Province tions in praise of our banking it stitutions their ideas of our resources and capabilias a whole, though, as we some time ago ties very much enlarged, by the display cointed out in the columns specially we could make at a Dominion Exhibition. there is room for warning and Fraser, the Secretary of the Ontario power for evil as well as good, and a caution in some directions. It may Manufacturers' Association, on the above creet financiers may not find themselves ciation) and suggesting that the Intermaking so good an escape. All's well, provincial Exhibition, to held at Montreal ary affects to believe. The idea of a however, that ends well, and we have no in October next, would be a suitable time and is much more suggestive of the means by which it is itself endeavouring to attain any person in charge of such institution.

At the same time it is due to another the slighest department of the different and place for delegates from the different and P. give notice that they have furnished and place for delegates from the different and P. give notice that they have furnished and place for delegates from the different and P. give notice that they have furnished and place for delegates from the different and P. give notice that they have furnished and place for delegates from the different and place for delegates from the different and P. give notice that they have furnished and place for delegates from the different and P. give notice that they have furnished and place for delegates from the different and place for delegates from the dele some object which it has not so far been power to point out how much circumstances, extraneous to the banks and to the ordinary run of business affairs, have contributed to save the commerce of the country from a more stringent and injurious pinch than it actually suffered. money lying to the credit of the dovernment in the hands of the financial agents of Canada in London, and in the before various banks of the Dominion; and it is the public-until it has been shown, when somewhat remarkable that those who have thought it censurable for our Chancellor of the Exchequer to maintain large balances of this sort, have not we characterize the attitude of the Cana seen anything to blame in other dian as a standing menace to the politica | public bodies, such as the Province | of Quebec and the City of Montreal, whose its own, just as the attitude of its sister Nor was it thought very censurable by the organ, the Tribune, is a menace to the same critics, when Sir John Rose had party in Opposition. That these newspapers large balances, though not so large as those held by Mr. Cartwright, awaiting the demand for money for the Intercolonial railtrymen their own language is the most road; but not; we think, paying quite so convincing proof, we speak by the book good interest as Mr. Cartwright's balances Washington to this matter, but failed to when we say that to none is this discus. will average. Incidentally we may say? upon this subject that though there, \$ robably a small loss in interest upon all anties and religious sects more detestable the loans negotiated last year by our great than it is to irishmen. They are well borrowing bodies, they were all actuated aware that in every walk of life-in busi- by the same motives in their operations Treasury to see that the duty is enforced, in London. That motive was the facility with which the money could be then ob- will take the responsibility of dis-Senste, on the bench and at the bar- tained. Money may or may not be more regarding the act of Congress. they are well and favourably represented, plentiful before the bulk of these loans. That the duty is in violation of the will be actually required; but all wise men | spirit of the Treaty, and its letter they can do so in a satisfactory manner, the duty of Congress to repeal it as early infested with chronic dissatisfaction without waiting for the very lowest bot as possible. The packers injuriously affect-There are growlers among the Scotch as tom prices in buying, or the very top ed by it do not seem to have any other well as among the Irish, and in both cases prices in selling. The Dominion loan was remedy. They have been advised to pay the best ever negotiated by any American the duty under protest, but this will do Government, and those who effected it them little good. Up to the present would ever make successful. The Cana and the toans of the Province, and the dian claims to be speaking " in favour 't of city, were alike wise in adopting the rule Irishmen. We give the statement the just suggested. This may be seen from most emphatic denial. We have as good known in business circles, that neither of sage. The duty will have an effect upon a right to speak on their behalf as has our these loans have so far been prof table to this year's business, and it will be felt contemporary, and in our representative the contractors. It may also be seen in here as much as in the Provinces. The capacity we assert that the trash being the failure of some of the Australian written about them is degrading to the Canada. However, as we have already national honour, and hurtful to the na said, this is but an incidental observation tional pride of the Irish of all classes in What we particularly desire to point out Canada. To say that Irishmen are less is that much of the facility which has been successful than other men in this country of March arose from these much maligned experienced in getting through the crisis is to slander them undeservedly, and to but very useful balances mainly at the be practically made of no effect. Ball do them a great wrong; and yet the Cana credit of the Dominion Government. fuith; or what looks like it, of one party digs pretends to speak in their favour. Had it not been for the power of drawing is pretty apt to lead to hostile legislation upon this fund, the funds available by the party feeling itself aggrieved, and Says the organ: "But frishmen in Canada for the commercial purposes of the " must be deserving of all that is said Dominion would have been from nine

ciation of them has come of late have been the same direction, as money to that

A pertinent question which arises in ter of the assistance, which has proved so serviceable at a pinch. The Government has no function to supply capital to the banks, and, on its own merits, we suppose that no rational man will commend overnment money among the banking institutions of the country.

Capada was a preserve for Scotchmen and the loan is intended to be spent I comen, and that Englishmen had not 10 bite improvements, and, as it is apo ed to that destination, the deposits in the banks must dwindle away; we hope not again to be renewed in that shape for along time to come. It behoves all parties, therefore, to understand what is coming to talk sensibly until a moment or two a necessary though gradual contraction those facilities for discounting, lending, carrying or whatever other word may be the most appropriate, which at this moment and throughout the spring have without family. and resided near the been furnished by the public loans obtain ast fall in England.

MANUFACTURERS' ASSOCIATIONS

We refer in another column, to the Ex bition to be held in St. John next Fall the Manufacturers' Association. And affords us much pleasure to notice the this laudable enterprise.

"that account bound, and certainly not various combinations for the protection of have been appointed, and a detachment "inclined, to extend the same feeling to their special interests; the only matter of volunteers held in readiness in case of have not soon ar availed themselves of likely to occur. the advantages of combined action for paraphrasing with a vengeance. It will the promotion of their common welfare. We have referred to the power gained pected that the remaining portion will

the thought that power in itself is not a shortly be finished. As soon as the benefit, but only becomes so when it is about the loyalty which would be due to judiciously controlled and managed for the accomplishment of some good object. Instances of the ill-effects of this particular kind of power, when badly managed are familiar to every one. In making " silence is far more indicative of disloy. these remarks we do not mean to suggest "alty than openly expressed opinions that there have been or are likely to be wielded by the Manufacturers' Association. On the other hand, we believe that stantly increasing. But the benefit to be derived from it. to manufacturers them-" ble Government are supposed to be selves, and the community at large, will "taken into consideration." For the | be greatly enhanced, by the cultivation of Citizen's benefit, we again quote from a liberal cosmopolitan principle among the members. We believe in association Lord Lisgar's remarks :- " In the papers for the purpose of protection, but only on their lordships' table the noble earl so far as is compatible with development "the present Secretary for the Colonies and progressiveness. When it fosters a laid fown the doctrine by stating that selfish, exclusive spirit, and works upon narrow-minded principles, each member seeking his own aggrandisement, rather

In view of these facts we do not doubt that but only confiled as a matter of high tageous to extend their connections to "trust to those individuals whom the other parts of the Dominion, by contribu-"Crown commissions for that purpose," ting to the formation of a Dominion Manufacturers' Association, which we believe is already projected in Ontario by the Assoour own ruler, in regard to the exercise turers' Association will then be to Manufacturers, what the Boards of Trade are to merchants, only that the uses and ad vantages are even more numerous and

We believe, also, that after competing with one another here this fall, the manu lacturers of these Provinces will be stimuated with such a laudable pride in their achievements, that they will be anxious to win laurels in other fields, and We observe that the Monetary Times and a Dominion Manufacturers' Exhibition sure they are right as to their deduc- friends would have their eyes opened, and woted to commercial discussion, We have received a letter from Mr. that another time some indis- subject that of forming a Dominion Asso-

THE CANNED LOBSTER QUESTION. ween our Government and that of Great Britain. Under the Washington Treaty. as has already been explained in the Praveller, canned lobsters may be imorted free of duty. This has given start to the business of canning lobsters istances the persons engaged in it. The cost of tin and of labor is less than this country, and the importers have thus had the advantage over the packers along the coast of Maine. The last Congress, in its closing days, quietly provided for a tax packed, and this tax will probably turn the scale of cost in favour of the American obtain satisfactory replies. Congress has power to impose a tariff in violation of a reaty, and both that body and the British and it is not probable that he business strike their bargains while also, there is hardly a question, and it is time the importations since the imposition of the duty have been very small. as the lobsters packed last season were Canadian authorities have interpreted the treated literally, and under it have ad mitted fish and the packages in which they were carried free of duty. If a duty tish are packed, and the treaty may thus | GREY COTTON FROM SIX CENTS in the end the advantages gained proved poor compensation for the suspicion
