the affair should be handed over to the

Committee at Ottawa to deal with-

Mr. Morgan said that he believed the reason they offered to supply the steam power was because they were going to ex-hibit a large amount of machinery. Mr. Young considered that the matter should be left in the hands of the Executive ized to advertise for tenders for the supply of steam power. He did not like to see any one firm controlling the power. If they wished to drive their own machin ery they could do it; but the power should be under the control of the Asso-ciation.
