It will be full of entertaining and appropriate reading of every sort, but will print nothing to offend the most scrupulous and delicate taste. It will always contain the most interesting stories and omances of the day, carefully selected and sthir printed. always contain the most interesting stories and omances of the day, carefully selected and givily printed.

The Agricultural Department is a prominent feature in the Weekly Sun, and its articles will always be found fresh and useful to the farmer. The number of men independent in politics is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no dictation, contending for principles and the election of the best men. It exposes the country and threatens the overthrow of republican institutions. It has no fear of knaves, and seeks no favours from their supporters.

The markets of every kind and the fashions are regularly reported.

The markets of every kind and the fashions are regularly reported.

The price of the Weekly Sun is one dollar a year for a sheet of eight pages, and fifty-six columns. As this barely pays the expenses of paper and printing, we are not able to make any discount or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which requires payment of postage in advance, one dollar a year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to get up a club in order to have the Weekly Sun at this rate. Anyone who sends one dollar and twenty cents will get the paper, postpaid for a year.

Old roofs can be patched and coated, looking much be longer than new shingles without the state, for one third the cost of re-shing practically fire proof against sparks or flying embers, and for in and iron expands by heat, contracts by cold, and will not corrode in the most exposed ered with Tar Sheathing Felt can be made water-tight at a small expense

Two gallons will cover 100 square feet of shingle roof, or 400 to 600 square feet of the matched boards or any smooth surface. Although the paint is heavy in body it is restricted with a brush, and neither cracks in winter mer runs in summer.

On deceased shingles it fills up the holes and pores, and gives a new substantial roof that for years. Curied or warped shingles it brings to their places, and keeps them there up all holes in jelt roofs, stops the leaks, and although a slow dryer, rain will not affect hours after applying. As nearly all paints that are black contain tar, he sure you obtain Genuine Articles, which are chocolate, purple, dark slate, red, bright red, orange or marous chocolate colour changes in about a mouth to a uniform slate colour, and is to all paints. On the roofs our red colour is usually preferred, one cost being equal to five or paint. For brick walls our bright red is the only reliable slate paint ever introduced that feetually prevent dampness from penetrating and discolouring the plaster.
