PRESBYTERIAN UNION

It will be seen from a report of the pro ceedings of the General Assembly of the Established Church of Scotland published in yesterday's issue, that without undertak ing to decide any disputes arising out of the negotiations which have led to the deter mination of the two branches of the Church in Canada to unite, the consent and approval of the parent body has been cordially given to the proposed amalgamation. This happy result might fairly have been anticipated, and will doubtless go a long way towards securing the adhesion to the United Church some who from a mistaken sense of lovalty to the Church of Scotland, have hereto fore been opposed to the Union. It will be noticed that one speaker asserted that the Rev. Dr. Cook, of Quebec, has been fixed upon as the first Moderator of the United Assembly. It is sincerely to been made with authority. The name of Dr. Caven, Principal of Knox College Toronto, perhaps the most eminent divine in the Canada Presbyterian body, has also been mentioned in the same connection. Much as the latter gentleman has done to bring about the result which is now so came to be dealt with, the interests of it would seem that both the mates were up the river from the Nore, three additional men were hired to assist the pilot acquainted with the past the two churches wil recognise it. He was Moderathe Presbyterian Church when the secession took place; it would surely be appropriate that, having labour ed with characteristic zeal for that happy event, he should, in the same capacity, witness the repair of the breach.
