The sale of Mr. Gladstone's china pictures, &c., realized more than £9,000. them. This was the fiftleth and the

was soon sent that the room was full.

Was soon sent that the room was full.

The service in the hall was continued for Another urgent reason for guarding against fires is the loss of life which often accompanies them. To be burned alive is a very cruel death, and yet the aggregate of those who suffer it annually is considered with the devotional exercises. The last hymn sung was "The great Physician is near," and at ten o'clock this protracted and unusually impressive service was brought to a close with the doxology.—London Christian World.

From the Cincinnati Commercial. A few years ago there was a determined effort made by the Central Pacific Rail road to get from Congress the free grant of Yerba Buena or Goat Island, in the Bay of California. It was claimed at the time if the Government meant to relinquish it, by one Ryan, who had squatted on it many years, a fellow Irishman with Mor-

fire-works, especially on the 4th July.

4. A fourth cause is wooden houses and shingle roofs. A shingle roof, when old and dry, is almost as inflammable as tinder, and when it does burn the flaming shingles rise on the strong upward draught of air, and scatter as firebrands over the neighborhood.

The latter was a poor fellow, hardly able to pay his board bill. He employed, or rather begged, Sam Ward, the epicurean lobbyist, and Jesse Johnson, to represent him. Ward came to the door of Congress, called Representative Morrissey out, and told him that the railroad company had told him that the railroad company had company had told him that the railroad company had company had told him that the railroad company had company had told him that the railroad company had company had told him that the railroad company had company had told him that the railroad company had company had told him that the railroad company had company had told him that the railroad company had company had
