TRADES' PROCESSION. - There is some talk of celebrating the manuguration of the First Provincial Exhibition in this city, by a grand Trades' Procession under the auspices, of the Trades' Council of this city. The idea is a good one, and would be in strict keeping with so great an event, as the holding of the Great Industrial Fair for the first time in the Capital of the

A SCRIMMAGE. - Mr. Hamilton, bailiff of the Division Court had occasion to lev for a small debt yesterday in the "Duffering House," near the corner of Bank and Wellington Streets. His attempt to do so was however frustrated in some degree b the forcible resistance of the good lady of the house, and two female servants, who made a regular onslaught upon this emblem of the law. An immense crowd as sembled around the door and for some time things looked lively. The timely arrival of P. C. Banning however had a soothing effect, as matters in dispute were amicably adjusted.

THE PROTESTANT SM ALL POX BUILDING —The building which has been used to years as a small pox ward in connection with the Protestant Hospital, was torn down yesterday. The debris will be carted over the hill to-day to the bank of the river and consigned to the flames. This will remove an eyesore of long standing and will somewhat appease the discon tent that has prevailed in regard to i among the residents of Sandy Hill; bu the idea of converting the old stone build ing into an hospital for contagious dis eases will yet be looked upon with disfa-

THUNDER STORM .- Yesterday afternoon a heavy thunder storm passed over the city. The flashes of lightning were very vivid while it lasted, and rain fel in torrents for a considerable time. Fearful gusts of wind carrying sand and other debris through the air, preceded the rain, and greatly alarmed the com munity. It is presumed, from the intensity of the storm and the strength of the electricity in the atmosphere, that disastrous results will be heard of, as having followed in its train. The air is quite cool since, and the change feels agreeable. after the very sultry weather of the last

Sudden Demise .- We regret to announce the sudden death of Mr George Baskerville, senr., of this city, on the af ternoon of Sunday last. In the early part of the day he was in apparent good health, and is said to have gone in the afternoon he complained of fatigue, but was not to say seriously ill. The members of the family were startled on going to his room about six o'clock to find him dead The cause of his sudden demise is said to be disease of the heart. The family have the heartfelt sympathy of the community in their sudden and sad bereave ment. The deceased gentleman had attained the ripe old age of 68 years at the time of his death. The funeral will take place-this afternoon at three o'clock, from the residence of his son on Rideau street.

TRADES' UNION Pic Nic. - All airange ments for the pic-nic to be held under the auspices of the Ottawa Trades' Council on Thursday the 29th, have been fitted up regardless of expense and everything in been done commensurate with the requirements of what is likely to prove a magnificent gathering. The Independent Cornet Brass Band and Marier's spiendid Quadrille Band have been engage i for the occasion, so that there will be music galors to enliven the proceedings. Upwards of \$300 is offered in prizes in the usual manly and invigorating sports. A special prize of \$25 is offered for Base Ball, which cannot but prove atrractive, owing to the increasing popularity of the game Refreshments will be catered on the ground by Mr. Donald Noonan at reasonable rates. The grounds will open at noon and the games will commence at lo'clock p.m. There will doubtless be a large turn out to see how the trades people and their families enjoy a holiday.

Having connections with the large publishing firms in New York, Boston, Philadelphia and London, as well as those in Canada, he will as ways keep on band all the latest and most popular English, American and Canadian works; postage stamps and innumerable other articles pertaining to a stationary and news depot. DROWNING ACCIDENT .- A most melansholy case of drowning occurred at Bry on on the Upper Ottawa, on Thursday he 15th inst., whereby a young lad named Cahill lost his life under the most heroic ircumstances. It would seem that a umber of boys were in bathing in the ttawa river, when a young boy named atterson, son of the editor of the Pontiac Advance, tot beyond his depth and was rowning. All observed the struggling oy, but none cared to venture into so erilous a position to rescue him, finally the young lad Cahill, aged 15 years, and a nephew of the Rev. Father Ouellet, the Parish Priest of Calumet, plunged into the stream to rescue the drowning lad. He succeeded in securing him, having rought him carefully as far as a boat that was on the way out to meet them. Atention was so intensely directed to young atterson, that all regard for Cahill was est sight of. The latter as the boat was eached, sank mover to rise, from sheer xhaustion, and his dead body was rewered a sbort time after. It is not ften we have to record a deed of selfsacrifice, equal with this on the part of any young lad, but this noble and beroic act we gladly record as a momento of his courage in attempting to rescue a comrade rom a watery grave. His friends have he sympathy of the people of that comunity in their afflictions. His remains were interred on the following Sunday, when a large and respectable funeral ortege followed the body to the grave.
