

BUSINESS NOTICES

HIMMERSHOES (or PILLS) are permanently cured by Mathew's Filet Ointment, or in new reinforce. Price \$1 per pot or six for \$6. Sold wholesale and retail by D. W. Wigand, Chemist, Ottawa, and made by all physicians. They will be forwarded to any address on receipt of price by Dr. E. Mathew, 125 Notre Dame street, Montreal.

THOMAS' SAVINGS—The lives of thousands of horses have been saved during the past year, and the credit is due to "Davy's Condition Powder and Arabian Horse Remedy." This preparation is being extensively used, and exists from all the highest praise. Nothing of the kind has ever before been half as successful, or given more satisfaction, as it can not be equalled. We can only recommend it, and would advise all who own horses to keep a supply of it on hand—it may be the means of saving your horse's life. Remember the name, and see that the signature of Hard & Co., is on every package. Northrop & Lyman, Toronto, can supply for Canada. Sold by all medicine dealers.

WHAT THEY SAY OR DON'T SAY—A FEW FACTS FOR THE PEOPLE—There are but few preparations of medicines which have withstood the impartial judgment of the people for any great length of time. One of these is the famous "Perry's Compound," and the following are the conclusions—Thomas Robinson, Farthing Centre, P.Q., writes: "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Electric Oil, and since then had a complete cure. I would heartily recommend it to all who would say that I have used some with disastrous effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally good for horses as for man."—Maybe, Merchant, Warkworth, writes: "I have sold many and some hundreds of bottles of Electric Oil, and am pronounced by the public as one of the best medicines they have ever used; it has done wonders in healing and relieving pain, sore throat, &c., and is worthy of the greatest confidence."—Joseph Ruskin, Percy's, writes: "I was persuaded to try Dr. Thomas' Electric oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—Mr. Hamilton, Warkworth, writes: "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Mayle, of this place, induced me to take Dr. Thomas' oil, and before one bottle was used I was cured. It is a most remarkable medicine."—It is sold by all medicine dealers, price 25 cents.

DRUG EXHIBITION.

MR. JAMES F. FELLOWS, St. John, N.B.

SIR HAVING while at your establishment, carefully examined your prescriptions, and the method of preparing your Compound Syrup, I feel anxious to give it a fair trial in my practice. For the last two years I have done so, and find that in inconstant patients, and those suffering from diseases of the Throat and Lungs, it has done wonders. In restoring persons suffering from the effect of Diphteria, and the cough following Typhoid fever, prevalent in this region, it is the best remedial agent I have ever seen. But for persons suffering from exhaustion, debility, &c., the brain and nervous system, from long continued study or teaching, or in those cases of exhaustion from which so many young men suffer, I know of no better restorative to health than your Compound Syrup.

If you think this letter of any service, you are at liberty to use it as you see fit.

I remain your, &c.,
