The usual annual pic-nic of the Public chools was held on Saturday last in the neighbourhood of Gill's Wharf, East Templeton, some seven or eight miles down the Ottawa River. A large number of children together with their friends and at 9 o'clock a.m., the hour appointed for starting. Owing to the fog, however, on the river in the morning, the steamer Queen Victoria, which was to convey the party to the pic-nic grounds, was about three hours late, causing much anxiety on the part of the children, and consider able annovance to those who had the management of the excursion. During his interval many expedients were proposed and rejected. An attempt was first made to secure the Jane, and after an hour's unsuccessful search, for the proprietor of that craft, it was decided to make an effort to obtain the Mac. FURNITURE. - At No. 5, Rideau Street Mr. W. A. Annable has on hand a very arge stock of furniture of every description and of the newest style. On Sat- Are urday last we paid his establishment a visit and were well pleased with every thing we saw. Whether for the drawing coom, the parlour, the bed-room, the brary, or the kitchen there is an ample choice, and we learned that Mr. Annable is preparing to give up the retail business and deal only by wholesale. Persons desiring really good furniture at very moderate prices will do well by paying Mr. Annable a visit under present cirsumstances. Of one thing he feels assured, in neither auction rooms' nor else where can he be undersold in the city.

Suspicious Characters. - For the past ew nights people residing in the more etired streets of the city, have been annoyed and not a little scared, by strange men prowling about the houses directly after darkness sets in, and whether they are "followers "lof the female domestics or whether they are meditating a series of depredations, is a problem which has yet to be solved. However this may be, t would be well if or two policemen were placed on duty on Maria and the other CONNUMPTION. thoroughfares in its vicinity—the inhabi ants would feel much more at their ease. or sometime before and after the Exhi bition, people should be a little more careul as to the securing of their doors and windows, than they usually are, as they may rest assured, there will be in the city then, skilled thieves from every part of the Dominion and the United States.

A roof may be covered with a very cheap shingle, and by application of this state be made to last from 20to 25 years. Old roofs can be ratebed and costed, looking much better, and lest longer than new shingles without the slate, for one third the cost of re-shingling. This paint practically fire proof against sparks or flying embers, and for tin and iron has no equal, as it expands by heat, contracts by cold, and will not corrude in the most exposed places. Bools corered with Tar Sheathing Felt can be made water-tight at a small expense. Two gallons will cover 100 square feet of shingle roof, or 400 to 600 square feet of matched boards or any smooth surface. Although the paint is heavy in body it is easily appropriate brush, and neither cracks in winter nor runs in summer. On deceased shingles it fills up the holes and pores, and gives a new substantial roof that for years. Curied or warped shingles it brings to their places, and keeps them there. It up all holes in selt roofs, stops the leaks, and although a slow dryer, rain will not affect it a fe hours after applying. As nearly all paints that are black contain tar, be sure you estall our Genuine Articles, which are chocolate, purple, dark slate, red, bright red, orange or marcon. The chocolate colour changes in about a month to a uniform state colour, and is to all purpose, slate. On tin roofs our red colour is usually preferred, one coat being equal to five of ordinary paint. For brick walls our bright red is the only reliable slate paint ever introduced that will electrically and discolorate that will electrically and discolorate that will electrically a state of the colour state of the c
