Mr. Mackellar had no influence, and that could be expected with reference to desc; ved to have none. In proof of this two such persons that, as the Herald puts 171 - 121 assertion it pointed out just the other it, they "would be protected in their day that he had only a majority o' seventy- " sorrows from the prorient gaze of the tive in West Kent at last election, which | "public." But it appears, on the conwaning popularity. If, therefore, in his institutions in which they are confined, fluence as was represented, as Sheriff of idea, for every odd day the columns of Wentworth, altogether separated from the | the journals in question are disfigured posed to get up in his honour. The illustration is probably about as far-fetch. ed and mappropriate, and the circumstances about as widely different as they could be. Besides, the Mail is not aware, and has no mode of informing itself, for what reason Governor Macdonald delined for the present the proffered honour from Glengarry. We undertake to say that the explanation it offers is by no means correct, and the inferences it lraws equally wide of the mark.

### " INTERVIEWING.

lates lengraphic bestalcites, Parliamental from the s anding of the journalist whose! British spirit to enable us to frown down business it is, that the modern "inter- the several attempts which have been viewer" is regarded in a light very little made to give it a footing on this side of Notice is HEREBY GIVEN tout the former. The public men of the United the visitation. States, from the frequency with which their views are set before the world in the form of an "i..terview," might be sup posed rather to court the system than otherwise, but the truth is that they have been kicked and cuffed into acquiescence by those who control the newspapers. The origin of the iniquitous practice, or at least that which gave it vitality, was of itself a very harmless, and under the circumstances an a most necessary proceeding. It is almost needless here to say that it arose from the fact that an American President, who was very much abused by his opponents, and whose mouth was as chief engineer. He was then brakes have been able to get the profile of this practically shut except when it became his duty to address Congress by message, determined to turn his familiarity New York Tribune into good account. He accordingly arranged with his friend for the publication was represented that certain questions were put by the correspondent with regard to current to pics, and certain answers a large portion of the city and struck hostile feeling or a word expressive of returned by the President. The questions 86 Sparks Street, Ottawa. were so arranged as to elicit in reply the most plausible and forcible defence which could have been offered by the President to the attacks made upon him, and in this way the novel idea was turned to a useful and altogether unimpeachable purpose. Of course the professed interviews never under his personal supervision. The ple staring at me and good-naturedly took place, an leverybody understood so; indeed, there has been a good deal of discussion as to whether it was the President or the journalist who wrote them. They

were accepted for what they undoubtedly the general reduction of the brigade and wealthy families of the city. Chin is the 493 were - cleverly conceived and well written articles in vindica ion of the Chief of the Executive carrying with them much more force and directness than mere newspaper editorials, and yet evading the scope of the conventional rule which mule it a breach of etiquette for that officer to address himself to the public expressly, or in any other way than by a message to Congress. That the plan served the purpose of those who resorted with a beautiful and ingeniously introduced his grandson, a charming boy to it well, and that the appeals thus ad- carved silver goblet, the foot be- and on our request to see some old curidressed to the reading public had the anticipated effect, is conclusively proved by the hold it took almost im- gradually grew in discipline and in the 1,100 years before Christ, jus mediately, and has since continued number of appliances which it could the same as one sees printed The following is a list of the visitors to retain, upon the journalism of the conwho have registered their names during timent. Ontfitting Establishment. August, 17th, 1875

THE Compagnie Generale des Misses d'Asphaltes, who are now the Proprie-tors of the celebrated Asphalte Mines of Pyrimont Seyssel. Ain, \*Fance, are now prepared to supply to contractors and others, the produce of these mines, either in shape of the natural Rock, or in the form of Mastic, for use in the Dominion of Canada, at GHEATLY REDU-CED PRICES.

The whole of the Footpaths in Paris, and a large proportion of the Carriage ways in that City are paved with the above Asphalte; while for the last 25 years and upwards the British Government has specified the Pyrimont Seyssel Asphalte, as the only one permissible in contracts entered into with them. The Company will also gladly entertain proposals from first class firms or individuals of good standing for agencies in the different cities and towns throughout the Dominion.

Applications for further information may be addressed to W. O. CALLENDER, 70 & 71 Paimerston Buildings, Old Broad street, E. C London, England
