Joyful Tidings to Thousands.

The Elysium of the Invalid is again open

SULPHUR, SALINE and GAS.

The REJUVENATING WATERS so much sought for in years long past.

Invalids! Attention!

Dyspepsia, Derangement of the Digestive Organs, Dropsy, Diseases of the Skin, Affections of the Liver and Urinary Organs are positively cured by using the water for a few weeks.

Rheumatics! Read!

Hundreds of Rheumatics have been cured by the Sulphur Baths. Suffering is alleviated by the first, and cripples throw away their crutches after about half-a-dozen baths.

TESTIMONIALS.

"Montreal, 28th July, 1876.

"I hereby certify that I entertain a very favorable opinion of the baths and Waters of the Caledonia Springs in many forms of disease, among which I would especially mention chronic Rheumatism, the stagnelar of Gout, Neuralgia, some of the varieties of Cutaneous disease, Dyspepsia, Chronic Sores, and in carefully selected cases, some of the diseases of the Kidney and Bladder.

(Signed) GEO. W. CAMPBELL, A.M., M.D. Dean of the Medical Faculty, McGill College.

Dr. Wm. Robertson, of Montreal, wrote as follows, in 1839:—"But the disease above all in which the action of the water is most decided is Rheumatism. * * * have known a few individuals who suffered much from improper use of mercury who were restored to health by the use of the waters.

ACCOMMODATIONS.

A magnificent new hotel, capable of accommodating 300 guests, will be opened on June 1st for the accommodation of visitors. The grounds have been improved and beautified, and every means for amusement and exercise provided. The trip thither by the Ottawa River is most enjoyable, and a railroad from the river to the Springs is in course of construction. Until the railroad is built, comfortable carriages will be in waiting at the wharf for the conveyance of visitors to the Springs. The distance of the Springs from Montreal and Ottawa respectively is 80 and 90 miles.

Mr. W. CHAMPNESS will open a good Livery Stable, providing good carriages, horses, saddles, &c. There is a good race-course on the property of the Company.

The PANACEAN WATERS of these Springs will yet make Canada the greatest resort in the world for health and pleasure seekers. Thousands of testimonials might be procured, but the reputation of the Springs renders it unnecessary to do so.

LUNCHES with cup of Tea, Coffee, or glass of ale 15 cents.—NOONANS' RESTAURANT.

THE WELLINGTON WARD MARKET.—The window frames have been put into the building for the Wellington Ward Market, and altogether the work is in a much more forward state than the similar operations in Lower town.

RETURNED.—Surgeon Malloch, of the Foot Guards, who went to Manitoba a few weeks ago in medical charge of the recruits for the Provisional Battalion, returned to town yesterday morning, looking weather-beaten after his long journey.

MORE ROWDYISM.—A contractor named Wm. Greggson, was attacked on Saturday night on his way home to Duke street at the Chaudiere by some roughs, and so seriously injured that he has since been confined to his bed. Rowdyism is truly becoming rampant in our midst.

REMOVAL OF STEAM TRAVELLER.—The steam traveller which has been doing such effectual work on the main sewer in the east end of the city, was yesterday removed to Slater street, at the west side of the Canal Basin. The other appurtenance belonging thereto were also removed. Work will be commenced whenever the frame work necessary to run the traveller has been constructed.

RUNAWAY.—Last night on Wellington street a serious runaway would have occurred had it not been the prompt action of P. C. Foran, who, seeing a couple of gentlemen was passing a heap of dirt, the horse shied, and one of the gentlemen was thrown out, and the horse was making a bolt when Foran stopped the animal, and served to prevent serious damage being done.

THE DUFFERIN HOUSE.—Mr. E. J. Henry has lately opened on Wellington street, north-west corner of Bank street, a neat and comfortable hotel, well stored with all sorts of creature comforts, both edible and drinkable, all of the most excellent quality, and furnished at reasonable rates. Mr. Henry, whose advertisement appears in another column, makes a most genial and obliging host, and is well deserving of patronage.

FOR Oysters in any style, shells or cooked to order go to NOONANS.

ILLNESS OF THE LADY SUPERIORESS.—Rev. Mother Bruyere, the Lady Superioress of the Grey Nuns, Sussex street, is at present lying dangerously ill. A consultation of five eminent physicians of the city took place yesterday, when they came to the conclusion that it was "disease of the heart" and that there was no immediate danger. A good deal of sympathy is expressed for this lady in her present affliction, she having for upwards of 30 years presided over the above institution.

EMMANUEL CHURCH SOCIAL.—The ladies of Emmanuel Church will hold a social to-morrow evening in the basement hall of Knox Church, Elgin street. The chief object of the social is to give the members and friends of Emmanuel Church an opportunity of meeting with Bishop Cummins in social intercourse. Addresses will be given during the evening by the Bishop and by clergymen of the city. Tickets can be had at the bookstores on Sparks street, and at the door on the evening of the entertainment.

A FINE ORGAN.—Last night in St. Patrick's Church Professor Mills gave a grand organ recital upon the fine instrument recently purchased at a cost of $1,200 from Messrs. Orme & Son by the Rev. Father Stenson, for his new church in Almonte. Of course, it need hardly be said that the play was masterly in the extreme, and well calculated to display the excellence of the organ, the tone of which is at once round, sweet and powerful in the extreme. Messrs. S R Warren & Co., of Montreal, are the makers, and their handiwork is a credit to them. The case is of chestnut and black walnut, and the pipes are richly gilded, and the following is the specification:—One manual and 2 octaves, pedals with 12 stops, viz., principal, 8 feet tone, 56 notes. Harmodic plate 4 feet tone, 56 notes. Viol de gamba; 4 feet, 66 notes. Open diapason, 8 feet, 56 notes. Srop diapason. Treble and bass, 56 notes. Trumpet, 8 feet, 56 notes. Fifteenth, 2 feet, 56 notes. Twelfth, 56 notes. Bone dia, 16 feet, 27 notes. Pedal coupler and bellows signal. The whole of the pipes connected with the manual are enclosed in a swell, and there are two composition pedals, one moving the diapason and the other the full organ. In addition to the playing of several fine pieces by Mr. Mills, Miss Willis and Mr. Gourdeau sang some sacred selection. The church was well filled, and the audience appeared to be well pleased at what they had heard. The organ will be taken to Almonte in about a month's time.

Weekly Review of the Corn Trade.

The *Mark Lane Express* in its weekly review of the corn trade says the bulk of the harvest has been generally in good order. New samples of wheat show a great variety. The quality is much inferior and in some cases very poor. The crop is short as a whole, and large importations will be necessary. Prices generally have only been firm in Paris and the home market, while in the provincial markets of France they have further declined one shilling per quarter and in some places two shillings. In Germany harvesting has gone well. Prices were generally easier although for future delivery most are above the present rates. In Belgium prices have varied, but mos tly downwards In Holland the movement has been decidedly downwards. At St. Petersburg prices are lower. Harvest in the neighbourhood of Dantizig has been completed under most favourable circumstance. The new product is of a fine grade and good weight although the total average is below that of last year.

The council will make an appropriation for their subsistence, hoping they will be induced to enter into more intimate and friendly relations. The only business to be considered is the new constitution, providing for the government of the territory, which will probably pass, but with the proviso that it be submitted to the National Council for approval. ST. LOUIS.

The Duel—An Editor in Trouble.

ST. LOUIS, Sept. 15.—Major John N Edwards, one of the editors of the St. Louis *Times*, and Col. Emery S. Foster, the editor of the *Evening Journal*, left here last night for Winnebago county, to fight a duel. Affairs has been kept very private. The affair grew out of an editorial on the action of citizens of Winnebago county, in refusing to allow Jefferson Davis to speak at their fair, and a rejoinder by Foster in the *Journal* next day, in which he cast very severe strictures upon the writer of the *Times* article. The point at which the duel will be fought will be selected by the seconds after entering Winnebago county.

A despatch from a member of the Edwards party, in regard to the duel between the editors, Edwards and Foster, says the duel took place at 5 o'clock on Saturday afternoon, at a point five miles north of Rockford, in Winnebago county, and one shot was exchanged, without effect. The matter was then settled without further difficulty.

No trains have passed over the road, but all the passengers have been gotten off. The water also rose rapidly all day in the Corn River and Walnut Creek. On the Chicago & Rock Island and Pacific Railroads the track is in many places four feet under water, and the road is badly damaged. The Pacific Express *en route* west was thrown into a ditch just west of Commerce, Iowa, twelve miles west of Des Moines, last evening. Four Days Competition of the Rifle Association—Fort Hamilton—Important Discoveries Reported—To be Discharged—Governor Morris.

WINNIPEG, Sept. 6.—The third meeting of the Manitoba Rifle Association was held last week. The competitions extended over four days. The attendance was larger than previous years, but the shooting was poor.

J. Hotley, proprietor of Fort Hamilton, trading post at the junction of St. Mary and Belly rivers, is now here, and reports an increased number of settlers, traders and prospectors in that section. There are also important coal, iron and gold discoveries. Buffalo is abundant, the Indians quiet, and the presence of the Mounted Police beneficial.

Time expired volunteers at Winnipeg will be discharged this month. The future total strength of artillery and infantry will be one hundred.

Governor Morris has returned from Manitoba House. He made fresh treaties with six bands of Indians.

The irregularity of the Minnesota Stage Company Mail Service causes complaint.

The weather is fine. No grasshoppers remain.

The Money Market—Stock Market—The Guibord Case—The Cotte Investigation—A Swimming Feat—Shipments—Going to Winnipeg.

MONTREAL, Sept. 6.—The money market continues easy to borrowers on stocks, but very stringent to all those who wish to obtain advances on commercial paper, but have not regular accounts with some of the banks.

The stock market was dull and weak. Sales: 3 City at 102, closing 101 to 102; 6 Merchants at 101½, 5 at 101¼, closing 101½ to 101¼; 25 telegraph at 156, closing 155½ to 156; and 3 Peoples at 100. Sellers at short rates; Montreal, 158½ to 159; Jacques Cartier, 28 to 30; Commerce, 126½ to 127½. Sales at the afternoon board:—31 Montreal at 188½; 25 Jacques Cartier at 27.

The latest turn in the Guibord case is that the French Canadians are plotting to attack the Protestant cemetery vault, and steal Guibord's bones. There is great excitement again. The following is what has transpired so far:—Saturday afternoon on the avenue leading from Cote St. Catharine road to Mount Royal Cemetery a great many French Canadians were seen going up and it was feared they might have an intention of attacking the cemetery vault; however no attack was made. Yesterday afternoon a number of men loitered about Mount Royal Cemetery grounds evidently with no good purpose, though they committed no overt act of violence. Sprigging and a body of men stood guard till half past four this morning, the force being divided into squads which patrolled the avenues. In the evening some of the roughs fired off guns and the seven barrells of a revolver were also discharged, but no attempt at or an attack on the vault or its guardians was made. A larger body of men will be detailed this evening to protect the Protestant Cemetery from desecration, and a body of police is also to be on the spot. The roughs have stolen great quantities of fruit from the residents in the neighbourhood, and this morning one fired his revolver at one who was conveying away a quantity of fruit. He ran with redoubled energy after that. A gentleman states that the evident intention of the roughs on Tuesday was to burn Guibord's coffin, as they had a pot of grass near the gates, saturated with coal oil, to form a bed on which to deposit it. Seven policemen have been detailed to go out to the Mount Royal Cemetery this evening. They will be armed with muskets, which is the only weapon yet provided for them. Saturday and yesterday the owners of orchards had hot times about Cote Des Neiges. The roughs who had collected about the cemetery visited orchards in crowds. The inhabitants came out and fired off their guns laden with charges of powder in the hope of intimidating them, but uselessly as the roughs pulled out revolvers and fired back. Several persons had narrow escapes. As many as twenty-four men were in Swell's orchard at one time and all appeared to be armed. The firing continued at intervals throughout the day and it is remarkable nobody was shot—among others the robbers invaded Duquettes Lecompte and Simpson's orchards and their French Canadian confreres were disgusted with them. Rev. Cure Marshal warned his people at mass not to go near the cemetery when the burial of Guibord took place and to abstain from any acts of violence. The Bien public, while maintaining that the Guibord case is one that should never have come before the courts nevertheless holds that the decision of the latter must be upheld, and that to oppose by force the execution of their judgment, above all of the decree of the Privy Council, is an act of unpardonable folly. What will be the result of resistance to the interment of Guibord? Does any one believe the authorities will give in? Do they not know that the English Government would send an army if needful to have the judgment executed? Blood may be shed, numerous arrests made and severe punishment inflicted, but no one can hinder Guibord's remains from being interred. Rev. Cure Rousselot has written to the Mayor warning him of serious consequences when the burial takes place.

In the Cotte investigation the assistant cashier of Jacques Cartier Bank was further examined, and stated that after a diligent search with other clerks he had been unable to find the statement of accounts made by Cotte, which is looked on as rather suspicious.

The suit entered by the Quebec Government against John R. Middemiss to annul the Tanner's Land Swap came up this morning before Mr. Justice Johnston; Messrs Ritchie and Loranger representing the Government, and Messrs. Abbott, Bethune & Dorcar for the defence. Mr Ritchie presented his plea giving at length the reason for annulling the exchange and Mr. Dorcar followed on the other side The only witnesses examined were Messrs. Wm. Lunn and J. R. Middlemiss. The examination of Mr. Lunn being merely for a formal opening of the case, and that of Mr. Middlemiss so far eliciting no new facts.

On Saturday afternoon James Polar swam from Island Wharf in the Harbour to Longueiul without fatigue, accomplishing the feat in exactly one hour and thirty minutes, excellent time considering the rough state of the water.

Reception to Mayor Medcalf The Regatta a Great Success—Lecture List—Engineer Johnston.

TORONTO, Sept. 6.—Mayor Medcalf is expected to arrive home on Wednesday afternoon. He will be met at the depot by a large deputation of orangemen and others, and will be escorted to his residence by a grand torchlight procession. A banquet will also be tendered him.

The regatta turned out a great success. Towards the end of the day the wind in dried and sailing was comparatively easy and very pleasant. Several mishaps occurred, but none in connection with the yachts of a more serious nature than a duckings. Colonel Shaw and the sailing master of the Mac were washed overboard and were picked up by the *Dauntless*, which was following. They were swimming for dear life, and had a narrow escape. This accident caused the boats named to retire from the race. The *Standly* had carried away her topmast when sailing a good third. In the skiff race, Mr. Kyeron's *Seabird* upset, which caused her to retire, and the *Flatterly* gave up, having lost some of her gearing. The first class race was declared no race, on account of a foul, and will be sailed over again to-morrow, simultaneously with the race for the Prince of Wales' cup. The *Annie Luthbert, Oriole and Lady Standly* only will compete.
