Invalids! Attention!
Dyspepsia, Derangement of the Digestive Organs, Debility, Diseases of the Skin, Affections of the Liver and Urinary Organs are positively cured by using the water for a few weeks.

Rheumatics! Read!
Hundreds of Rheumatics have been cured by the Sulphur Baths. Suffering is alleviated by the first, and cripples throw away their crutches after about half-a-dozen baths.

TESTIMONIALS.
"Montreal, 30th July, 1876.
"I hereby certify that I entertain a very favorable opinion of the Baths and Waters of the Caledonia Springs in many forms of diseases, among which I would especially mention chronic Rheumatisms, the stigmas of Gout, Neuralgia, some of the varieties of Cutaneous disease, Dyspepsia, Chlorosis, and in carefully selected cases, some of the diseases of the Kidneys and Bladder.
(Signed) GEO. W. CAMPBELL, A. M., M.D.
"Dean of the Medical Faculty, McGill College.
"The Hon. Robertson, of Montreal, wrote as follows, in 1839:—But the disease above all in which the action of the water is most marked is Rheumatism. . . . I have seen a few individuals who suffered much from improper use of mercury who were restored to health by the use of the waters.

ACCOMMODATIONS.
A magnificent new hotel, capable to accommodating 300 guests, will be opened on June 1st for the accommodation of visitors. The grounds have been improved and beautified, and every means for amusement and exercise provided. The trip thither by the Ottawa River is most enjoyable, and a railroad from the river to the Springs is in course of construction. Until the railroad is built, comfortable carriages will be in waiting at the wharf for the conveyance of visitors to the Springs. The distance of the Springs from Montreal and Ottawa respectively is 68 and 50 miles.
Mr. W. CHAMPNESS will open a good Livery Stable, providing good carriages, horses & saddles, &c. There is a good race-course on the property of the Company.
The CANADIAN WATERS of these Springs will yet make Caledonia the greatest resort in the world for health and pleasure seekers. Thousands of testimonials might be procured, but the reputation of the Springs renders it unnecessary to do so.

TELEGRAPHIC SUMMARY.

The Grand Jury, at Montreal, have failed to find true bills against those who took part in the disturbances at the Cote de Neiges Cemetery, on September 2.

The Carlists have been meeting with fresh and serious reverses in Catalonia, Spain.

The minority report of the address to Prince Milan, of Servia, demands the immediate declaration of war against Turkey.

Advices from Madrid report that serious dissensions have arisen among the Carlist chieftains, Dorregary, Mendiri and Costello, which Don Carlos has been unable to control.

Foreign advices represent Servia in a most pitiable condition, in consequence of oppression and taxation.

TELEGRAPHIC.

FOREIGN.

GREAT BRITAIN.

The Money Market.

LONDON, Sept. 28.—The *Daily News* to-day, in its financial article, has the following:—"The condition of the German Money Market has become most peculiar. Accounts from Berlin speak of the extraordinary lightness of the money there. The minimum in discount of the market has advanced to 5 per cent, or quite up to the bank rate of discount, and the withdrawal of the bullion from the Bank of Prussia has been on such a scale as to raise the expectation that the bank rate of discount is to be advanced. Germany is carrying through a great transformation in her money system, and this tightness is the price paid. In addition to substituting a uniform gold standard for varying silver standards which formerly existed, an alteration, which comes into operation on New Years Day next, and a uniform system of token money, the Government has simultaneously altered the whole of the currency, and the banking legislation is the foregoing changes, the pinch of which is now felt."

The *Morning Standard* to-day has a special telegram from Vienna containing the following:—Servia is in a pitiable condition; the next semi-annual taxes are to be collected a month earlier than usual, because the state coffers are empty. Great uneasiness prevails among the militia, because they are prevented two days weekly from tilling the fields. In some districts there have been tumults and rebellions. The demand of the Servian merchants for a respite for their bills causes bitterness here, the creditors being principally Austrians. Some papers demand the intervention of the Government. Servia replying to Turkey's complaint about Servia's invading Bosnia declares her inability to restrain her people any more than Austria, which has not prevented, at least, a thousand Croats from joining the Hersegovinians.

The Newmarket Races.

The race for the Great Eastern Railway Handicap at Newmarket to-day was won by *Cornelius*, and *Slumber* second. The betting before the race was 10 to 1 against the winner.

Dedication.

The Rev. Newman Hall, in the presence of a select company to-day, laid the crowning stone of the Lincoln Memorial Tower, adjoining the new Surrey Chapel. The tower is designated as a memorial for the abolition of slavery and bond of brotherhood between England and America.

FRANCE.

International Association.

PARIS, Sept. 28.—An association has been formed, in this city, entitled the "Franco-American Union," with Hon. E. B. Washburn, United States Minister; the Marquis de Noailles and M. Berthoide, as Honorary Presidents, the object of which is to build, during the Centennial, a monument on Long Island, to commemorate the 100th anniversary of American independence. Steps have already been taken to secure funds for its construction.

Forest Fires.

PARIS, Sept. 28.—Advices received here announce that extensive fires were prevailing in the regency of Tunis, bordering on the Province of Lavalle. The flames had spread across the frontier of French territory; the latests accounts says that the fire was devastating the forests of Bemisalah, and that the village of Duvivier was threatened.

SERVIA.

Reply to Prince Milan's Speech.

BELGRADE, Sept. 28.—The address in answer to Prince Milan's speech, proposed by the minority of the Skuptschina, has not been published. It has been ascertained that it demanded the immediate declaration of war against Turkey; the reform of the bureaucratic abuses, and a wholesale dismissal of the officials, and absolute liberty of the press.

SPAIN.

Dissensions Among Carlists.

MADRID, Sept. 28.—There is a report that dissensions have occurred among the Carlist leaders, Dorregaray, Mendiri and Perula, which Don Carlos himself is unable to reconcile. The Carlist leader Gamendi has been defeated at Costello, in Catalonia.

ST. PAUL.

Extensive Failure.

ST. PAUL, Minn., Sept. 28.—The large lumbering firm of J. & G. Robson, of Winona, made an assignment to-day. Their liabilities amount to $135,000; assets, $330,000. The universal depression in the lumber trade is assigned as the cause of the failure.

FALL RIVER.

Operatives Returning to Work.

FALL RIVER, MASS., Sept. 28.—All remains quiet to-night, nearly all the mills running have increased the number of their operatives. It is understood that the Chase mills, having had numbers signifying their willingness to go to work to morrow, they will open the doors, in the morning. Others will do the same if the operatives who have signed the contract go in. The spinners have sent delegates abroad, soliciting funds. The manufacturers declare that they are indifferent as to whether they start up or not, but will keep the mills open a few days, to give the operatives a chance to see whether they desire to resume work, but if they will not, they will continue to run with one-third force, which must entail much loss.

GALVESTON.

Details of the Recent Gale.

GALVESTON, TEXAS, Sept. 28.—The following additional particulars have been received from the mouth of the Brazos River: A number of persons are known to have lost their lives between the Peninsula and Bernardino. Among them were Mr. and Mrs. Sergent, all of the Forester family, all of the Mitchells, Wm. McNeil's wife and three children, Mrs. Egart and two children, and seven of Stephen Winstead's family were lost. Samuel Useless' wife and two children, all of Davis' family, and one of the children of Wm. Austin were also lost. Judge Cox and his family spent the night of Thursday in the trees; old Mrs. Davis and one of the Winstead children were lost; one-half to two-thirds of the cattle and horses are drowned. Later information from Trinity River state that three schooners are high and dry in the fields, near the fork of Doubb and White's Bayous. In Trinity water has swept over a cave twelve feet above the bank of the river from the mouth to the Wallis'. The Isle House, containing nine negroes, was swept away, eight of whom were drowned. At Wallesville the following losses are reported:—Joseph Herring loses his dwelling, Mr. Van Protelles his store, wharf, &c., and a new stock of groceries, the post office was in his store, and all the mail matter went with the store; Mr. Woolen's dwelling, store and groceries are a total loss, also the residence of Frank Wallis. Jacob Sherman loses his dwelling, furniture and outhouses and wharf. Captain Orin loses everything. Every house in the town is more or less damaged. It will take years to rebuild the town. From the present feeling of the people, it is doubtful if many of them will rebuild. Mr. May, near Wallesville, lost 1,500 head of cattle and 150 horses; Mr Lawrence, who lives two miles above Wallesville, lost from 1,000 to 1,500 stock, among them forty horses. The repairs on the bridge at Richmond are completed, and trains run over. The Galveston, Harrisburg, and San Antonio road is now running.

A Sentry on Guard for Five Years.

A soldier of the First Empire, named Jacques Roussel, has just died at Montpelier (Herault), at the age of 92. He was the hero of a singular adventure, which he used often to relate. In 1807 the French possession of Rugen, a small island in the Baltic, separated from the coast of Pomerania by a narrow channel. It was occupied by a detachment of Davoust's corps, when the order came to evacuate it immediately. The embarkation was so hasty that a sentinel was quite forgotten—no other than Roussel. Ignorant of what had passed, he continued to pace up and down, and no relief having come after three hours he lost patience and returned to the guard house, which of course he found deserted. Making inquiries, he learned with despair the departure of the detachment. "Mon Dieu!" he exclaimed, "I shall be reported a deserter. I am lost, dishonoured!" and he burst into tears. His grief aroused the compasion of an honest artizan of the place, who gave him shelter, and after a certain period, gave his only daughter to him as a wife. They were all living happily together, but when at the end of five years a vessel was sighted, and the people flocked to hail it, the uniform of the French army being recognized. "Pour le coup, they have come for me," exclaimed the sentinel; but a sudden thought restored his courage. He ran to his dwelling, quickly donned the uniform, which he had carefully preserved, seized his musket, and, returning to the shore, mounted sentry at the moment when the French landed. "Qui vive?" he called out in a stentorian voice. "Qui vive vous meme?" replied those from the vessel. "A sentinel." "How long have you been on duty?" "For five years!" Davoust laughed heartily at the adventure, and ordered that a release in due form should be given to the deserter in spite of himself. Roussel arrived at Montpelier towards 1828, and resided there ever since upon his savings, and a small pension granted him by the Second Empire.

Where Does it All Come From?

Pints and quarts of filthy catarrhal discharges! Where does it all come from? The mucous membrane which lines the chambers of the nose, and its little glands are diseased, so that they draw from the blood its liquid, and exposure to the air changes it into corruption. This lifeliquid is needed to build up the system, but it is extracted, and the system is weakened by the loss. To cure, gain flesh and strength, by using Dr. Pierce's Golden Medical Discovery, which also acts directly upon these glands, correcting them, and apply Dr. Sage's Catarrh Remedy with Dr. Pierce's Nasal Douche, the only methods of reaching the upper cavities, where the discharge accumulates and comes from. The instrument and both medicines sold by druggists and dealers in medicines.

DR. PIERCE'S Pleasant Purgative Pellets are so compounded from concentrated principles, extracted from roots and herbs, as to combine in each small granule, *scarcely larger than a mustard seed*, as much cathartic power as is contained in any larger pills for sale in drug stores. They are not only pleasant to take, but their operation is easy—unattended with any griping pain. They operate without producing any constitutional disturbance. Unlike other cathartics, they do not render the bowels costive after operation, but, on the contrary, they establish a permanently healthy action. *Being entirely vegetable*, no particular care is required while using them. $500 Reward is offered by the proprietor to any one who will detect in these Pellets any calomel or other form of mercury, mineral poison, or injurious drug. They are sold by druggists.

TORONTO

Arrived—Conservative Candidates—The Severe Judgments in Election Cases—Fraudulent Bankrupts—Recovered—North Middlesex Election Case.

TORONTO, Sept. 28.—Thomas Kerr and David Wilson charged with fraudulent bankruptcy, were this morning committed for trial.

Most of the jewellery stolen from Wharin's store on King street west, on Saturday evening, has been recovered, and a man named Wm. H. Williams has been arrested as being the thief.

Chancellor Spragge gave judgment in the North Middlesex case this morning, dismissing the petition and ordering the petitioner to pay costs.

Colonel and Mrs. Gzowski arrived home from England to day.

The choice of the Conservative party for candidate to fill the expected vacancy in the Dominion House for West Toronto is said to lay between Messrs. M. Crombie and John B. Canavan.

It is reported that the leading representatives of both political parties have come to the conclusion that the recent terribly severe judgments delivered in the election cases, disqualifying candidates for acts which they did not at the time think to be a breach of the law, call for a special act pronouncing restoration to political rights, and it is understood that Mr. Mowat will introduce a bill with that object.

MONTREAL

Abbe Chabert—The Guibord Rioters—The Grand Jury find "No Bill"—True Bill against Warner—Insolvency Case—The Nichols Defalcation—Canadian Express Company Robbed of $1,000 Package—The Money and Stock Markets.

MONTREAL, Sept. 28.—Abbe Chabert was brought before the Police Magistrate this evening. The girl Beauchamp was examined as closely as the rules of evidence would allow, and from her testimony it would appear that the offence had been repeated on four different occasions since June last. She did not tell her parents until last week, because she was ashamed to.

In the Guibord case to-day, Mr. Doutre laid before the Grand Jury information against a number of individuals concerned in the Cemetery riot. The Grand Jury were occupied all this morning and part of the afternoon in deliberating upon what should be done in the matter. However, they finally decided to hear witnesses, and these were examined after three o'clock. Though it was understood the evidence was strong against certain cemetery employees, the jury, at 5 p.m., brought in a "no bill" for the fifteen of the persons accused. This action of the jurors excites comment. During their deliberations the jurors came into the court and asked for instructions as to certain depositions laid before them in reference to the riotous proceedings, and whether it was their duty to return a Bill upon these depositions. The Court informed the jury that if private persons had put depositions before them and they heard this testimony they must make a special presentment. It was their duty to watch that no guilty person was allowed to escape the law, for this reason the Court had drawn the jury's attention to this matter in the charge in order
