## MANITOBA MATTERS.

Mr. Kennedy, the Mayor of Winnipeg had an interview with the Premier yes terday morning, with reference to the running of the Pembina branch of the River at Winnipeg. The Hon. Mr. Mac kenzie, after listening to the statements of Mr. Kennedy, replied in effect that he had examined the reports of the various engineers on the matter. It seemed by those that the line of the road would be lengthened about two miles by taking west side of the river from Winniped north, and would entail an extro outlay

Mr. Kennedy said the people of Winnipeg were willing to do their part in defraying the cost of the bridge, and if a sum were named by the Government as being likely to be required, no effort would be spared to observe a strict neutrality and cigars, the most reliable qualities sold to raise it. The Premier said he would discuss the matter with his colleagues of the promise than to perform. A short run liberations to Mr. Kennedy in the course of a day or two.
