Address, H. A. D. JAMES & Co., 162 Race street, Philadelphia, giving name of this paper.
March 1, 1875.

The following gentlemen registered their names in the library of the Canadian Agency in London during the week ending 2nd October:—Messrs. James White, M. B., Hamilton; James Young, Ottawa; Thomas Evans, Halifax.

TELEGRAPHIC SUMMARY.

Four hundred Carlists, who entered France some time ago, have been confined at Laertes.

B. Berger, the famous billiard player, is dead.

The leading London newspapers express satisfaction at the result of the late elections held in the United States.

Judge Edmunds, of Vermont, declines the position of United States Circuit Judge, preferring to remain in the United States Senate.

Courtney, the regatta champion, has made the best time on record, rowing a two mile scull race on Lake Cayuga in 13 minutes and 15 seconds.

Prince Bismarck is unwell, and will not be able to accompany the Emperor on his visit to Italy.

Rev. John W. Henner, one of the most popular and eloquent preachers in the Southern States, has been convicted of attempting to ruin the virtue of one of his parishioners, and has been suspended from his office as a Christian minister for one year.

Judge Lawrence, of the Supreme Court of New York, has denied the motion for a stay of proceedings in the last suit against "Boss" Tweed.

Negotiations are still progressing between Great Britain and China.

The Hard Money Convention, in session at Detroit, Mich., opposes every system of inflation, or any system of paper money not actually convertible into coin.

John Bulliver and Allen Barker, the ringleaders of the recent outrages in Williamson County, Ill., have each been sentenced to twenty-five years in the State Prison.

A Committee, composed equally of white and coloured citizens of Coahoma County, Miss., the scene of the recent negro troubles, have issued a circular, calling upon all good citizens to protect the property of private individuals from the torch of the incendiary.

The Spanish note in reply to the Vatican is conciliatory, but dignified in character, the Ministers declaring that they are willing to make every possible concession, but, at the same time that they are bound by every sense of duty and honour, to maintain the clause of the Constitution establishing religious toleration.

TELEGRAPHIC.

FOREIGN.

GREAT BRITAIN.

Rate of Discount.

LONDON, Oct. 14, 4 p.m.—The rate of discount in open market for three months' bills is 3½ per cent. which is 1-8 per cent below Bank of England rates.

Bullion.

The amount of bullion on hand in both issue and banking deposits of the Bank of England at the close of business yesterday was about £25,025,000, or £1,330,000 less than last week, and £2,383,000 less than the week ending Sept. 30th. There has been a further withdrawal of specie to-day to the extent of £88,000; the proportion of reserve to liability has steadily decreased, and is now 35¼ per cent, as against 40 1-8 last week.

Movements of Mr. Wade.

A despatch from Shanghai states that the newspaper of that city asserts that Mr. Wade, the British Minister, is expectedly there shortly, but the intelligence is not authenticated.

News has been received here announcing the death of B. Berger, the famous billiard player.

The United States Elections.

The newspapers of London are unanimous in their expression of satisfaction at the result of the October elections in the United States.

The Chinese Negotiations.

LONDON, Oct. 14.—The Foreign Office has received a telegram from Minister Wade, under date of Pekin, Oct. 7th, stating that he has obtained from the Chinese Government guarantees which he considered necessary. Mr. Grosvenor is about to proceed to Yunnan, and has gone to Shanghai to prepare for his journey. Mr. Wade will follow Mr. Grosvenor in order to give instructions as to future negotiations.

FRANCE.

The Carlist Fugitives.

PARIS, Oct. 14.—*L'Universe* says the 400 Carlists belonging to Castellano's band, who entered France, have been confined at Laertes.

The Eastern Question.

Le Monitieur says the Government has decided that it is not entitled to directly intervene in Turkish internal affairs, yet will raise the question of guarantees of loans to the Turkish Government through its diplomatic agents.

Decrease of Specie.

Specie in the Bank of France has decreased 990,000 francs during the past week.

ITALY.

Spanish Note in Reply to the Vatican.

ROME, Oct. 14.—The Spanish note in reply to the Vatican is conciliatory. The Ministry declare that they will make every effort to establish a good understanding, but cannot foretell what will be the Cortes solution of the question. The clause of the constitution, establishing religious liberty must be maintained. The note asks the Vatican to consent to settlement upon as a broad basis as possible.

GERMANY.

Prince Bismarck Ill.

BERLIN, Oct. 14.—Prince Bismarck is unwell, and will not therefore, accompany the Emperor on his visit to Italy.

MISSISSIPPI.

Examination Postponed.

VICKSBURG, Oct. 14.—The preliminary examination of the parties arrested yesterday, supposed to be concerned in the shooting of the negroes on Tuesday night, was postponed until Wednesday.

MARYLAND.

Failure.

BALTIMORE, Oct. 14.—James Heath, dealer in hides, leather and oils, has suspended. Liabilities, $60,000 or $70,000

AMERICAN.

OHIO.

The late Election Result still in Doubt.

COLUMBUS, Oct. 14.—There is still intense excitement here over the election news, and much figuring is being done. The Democrats do not expect to dissipate the majority entirely, but claim that it will be very small. The Republicans figure closely, but still rely on several thousand majority.

CINCINNATI, Oct. 14.—The following is bulletined at the *Gazette* office:—The returns from seventy-five counties give a net Republican gain of 2,000. The thirteen counties yet to be heard from are such as to inspire more doubt than hope.

CINCINNATI, O., Oct. 14.—The *Times'* Columbus special says all the returns are in except from two counties. If these two poll the same vote as in 1873, Hayes will have 6,390 majority. The Chairman of the Democratic Committee says if Hayes is not elected by over 4,000 majority, and the Democrats get either branch of the General Assembly, he proposes to contest Hayes' election on the ground of frauds in Cuyahoga County.

NEW YORK.

Judge Edmunds Declines.

NEW YORK, Oct. 14.—A Washington despatch says that Senator Edmunds, of Vermont, who has been tendered the vacant United States Circuit Judgeship, has declined, preferring to remain in the United States Senate.

Smugglers Indicted.

The Grand Jury of the United States Circuit Court has indicted William J. Pollock and Thomas A. Pollock, for fraudulently effecting the entry of twenty cases of worsted goods, valued at $10,000, representing that the goods were silk noirs, which are free of duty. Duty on worsted goods is about 30 per cent. The alleged smuggling occurred on the 4th of November, 1874.

The Sugar Trade.

The *Evening Express* says what is considered as an arbitrary and entirely unjust action of Secretary Bristow in reducing export rebate on hard refined sugar 50 cents per 100 lbs., as ordered yesterday, causes considerable excitement in the sugar trade. Business is about suspended, and protests against this order, which will seriously injure the export business, are loud. A meeting was held at the Grocers' Board of Trade rooms, to take action in regard to the matter, which is condemned as a sudden and unjust action on the part of Secretary Bristow.

Semi-Centennial Pastorate.

NEWBURGH, Oct. 14.—The semi-centennial of the pastorate of the Rev. R. H. Wallace, D. D., and his son and successor, Rev R. Howard Wallace, was observed with appropriate ceremonies at Little Britain, Orange County, Presbyterian Church to-day. The church is one hundred and twenty-five years old, and during the past century has had only four pastors.

Regetta Race—Best time on Record.

AUBURN, N. Y. Oct. 14.—At the Aurora Regatta, Cayuga Lake, yesterday, Courtney, the champion, made the best time on record. He rowed against a double scull in a two mile turning race, making the course in the unprecedentedly short time of 13½ minutes, winning the race and prize.

Stay of Proceedings Denied.

Judge Lawrence, of the Supreme Court, has denied the motion for a stay of proceedings in the suit against "Boss" Tweed.

KENTUCKY.

Clergyman Disgraced.

LOUISVILLE, October 14.—The Tennessee Methodist Episcopal Conference, now in session at Fayetteville, have found Rev. John W. Henner, sr., guilty of the charge of trying to corrupt the virtue of Miss Naylor, and suspended him from the office and the Christian ministry for one year. Dr. Henner is one of the oldest and most eloquent and popular of the Southern clergy. His feelings were such after the trial as to prevent his hearing the verdict.

He is said to have acknowledged the indiscretion, and warned younger ministers of the temptations to which they are exposed.

TENNESSEE.

The Late Troubles in Mississippi.

MEMPHIS, Oct. 14.—A Committee, composed equally of white and coloured citizens of Coahoma County, Miss., have issued a circular, invoking the efforts of all good citizens of the County, in behalf of peace, and to protect the private property of the people from the torch of the incendiary. It charges the coloured sheriff, Brown, with having sought to rouse the coloured people to lawless acts. It appears that Col. Stowell's steam gin house was burned by incendiaries a few weeks ago. On the night of the 10th inst., his stable and thirteen mules were burned, and an attempt was made to burn his dwelling.

Negro Lynched.

CHATTANOOGA, Oct. 14.—The negro who killed Samuel Gainer in Murray County, Ga., a few days ago, was taken from the guard at Spring Place, by a party of disguised men last night and hung.

LOUISIANA.

The Cotton Crop.

NEW ORLEANS, Oct. 14.—The National Cotton Exchange report published to day is understood to point to a crop of 3,850,000 bales.

Horrible—A Woman Hung by a Mob.

NEW ORLEANS, October 15.—The following was received this evening:—"BATON ROUGE, October 14.—To Governor C. C. Antoine, New Orleans:—John Gair, who was arrested here yesterday by Deputy Sheriff Wordword of East Feliciana, charged as an accessory before the fact of poisoning Dr. W. J. Saunders, was taken from this city at 2 p. m., by the Deputy Sheriff and a posse towards Clinton. Reports here say that he (John Gair) was shot to death on the road, and that his sister-in-law was hanged in the Court House Square there. Mrs. Gair is here, and is not disturbed.
"(Signed)
"HENRY SCHUSTER, Mayor."

MISSOURI.

Outlaws Sentenced.

ST. LOUIS, October 14.—The notorious bandits, John Bullver and Allen Baker, the leaders of the Williamson County, Ill., outlaws, were convicted yesterday of killing Col. George W. Lisney, and sentenced to the penitentiary for twenty-five years each. Other indictments for murder are pending against them, and they have little hopes of escaping the gallows.

MICHIGAN.

Hard Money Convention.

DETROIT, Oct. 14.—The Hard Money Convention met here to day. No attempt was made to secure a large attendance, and invitations were sent chiefly to leading Liberal Republicans, a number of which were present. The Republicans appointing ten delegates to the Cincinnati National Hard Money Convention, on Oct. 25th, and declaring its opposition to any scheme of inflation or any form of paper money not actually inter-convertible into coin, were adopted.

CANADIAN.

MONTREAL.

M. O. & W. Railway Co.—City Bank Bills—The Administrator and Lord Dufferin—Arresting Bank Bills—Arrested—Nichols, the Bank Defaulter—Stock and Money Markets.

MONTREAL, Oct. 14.—On Monday, the answer of the Montreal, Ottawa and Western Railway Company, accepting the proposition of the Government, was sent to Quebec, and to-day Mr. De Bellefeuille, the Company's Secretary, received a reply from the Government that it agreed to the transfer of the charter to it. The communication will be put before the Board of Directors shortly, who will call a meeting of the shareholders to ratify the transfer. The Government agrees to accept all liabilities, but will contest doubtful claims.

The report concerning city bank bills in the *Globe* is highly exaggerated. Only very few extremely bad counterfeit four dollar bills, not at all resembling the genuine, and not likely to deceive any one, have appeared in Toronto.

His Excellency Sir William O'Grady Haly, Administrator of the Government, is stopping at the St. Lawrence Hall, with his son, Captain Haly. They go down to Quebec to meet Lord Dufferin, when he arrives next week.

A party for some time past has been exchanging with country people and strangers thousands of dollars worth of the Hochelaga Bank bills for those of other banks. This is being done to extend the circulation of the Bank's paper in the country parts. It is further stated that an agent does not represent the Bank in this business, but a heavy shareholder.

Several parties have been arrested by the Sorel police in connection with the late railway disorder near Yamaska, but afterwards released for want of proof. Two of them, Louis Pepin and Jos. Davis, were re-arrested on Saturday evening.

The officer in command of the United States Torpedo Station, at Newport, R. I., was in town last week.

A well known merchant states positively that last evening he was speaking to young Nichols, the bank defaulter, in the Ottawa Hotel. The youth, however, can not be found.

Time loans on stocks are worth 12 per cent. here. The Exchange Market is demoralised. Sterling bank 60 day bills sold this morning at 107¾, and 107¼ for round amounts, and it is not probable that more than 107¼ could be obtained now. Gold drafts on New York nominal, at 1-8 discount. There is not gold enough for the need of the country, and banks will only purchase Exchange at the rates at which they can sell in New York, and bring gold in.

Stocks this morning opened lower, but transactions were more numerous, and it was firmer at the close. Sales, Montreal, at 185; Molson's, 102½; Commerce, 121; Merchants, 87 to 89, closing at 89 to 90, and much stronger; Telegraph, 135½ to 137½.

HAMILTON.

Policeman Fired at—Civil Service Association—Ten Deaths—Girl Missing.

HAMILTON, Oct. 14.—On Tuesday night two constables were sent to a notorious house on Hunter street, kept by a woman named Bowes, to arrest a suspected thief who was thought to be there. The officers on demanding admission were denied, when one of them went off for assistance leaving the other to watch the premises. In the meantime Mrs. Bowes went up stairs, threw open a window, and fired a revolver twice at the constable who was in the back yard. At the same time he discovered that the man he was in search of had let himself down on an adjoining roof and escaped. The woman has been arrested, and will be brought before the Police Magistrate.

The second quarterly meeting of the Civil Service Association was held Tuesday evening, when a large amount of business was transacted. Local boards have been formed in London and Windsor, and it is understood that the Maritime Provinces, Manitoba and British Columbia are moving in the matter.

News has reached this city of the sudden death of Mr. Thomas Craig, formerly deputy clerk of the Crown in this city, which occurred at Harrisburg station, G. W. R., Tuesday evening. Deceased had lately been practising law in Fergus and Arthur, and came to Harrisburg Tuesday night on business matters. While standing on the platform at the station he was suddenly seized with a violent sickness and expired in a few moments. He was well known in Hamilton.

A young girl, about twelve years of age, was missed from the Girls' Home on Saturday last, and has not been heard from since. She has light hair and a slight cast in the left eye.

ST. JOHN, N.B.

Supreme Court—The Forged Letter of Credit—Extradition Refused—Shooting—Sale of Imported Stock.

ST. JOHN, N. B., Oct. 14.—The Supreme Court opened in Fredericton the day before yesterday.

There are no new developments respecting the forged letter of credit on the Bank of British North America. Haddock, who was arrested, still denies complicity.

The St. John Chief of Police went to bring a prisoner named Cox from Portland, where he was arrested on a charge of firing his father's store in Wolfville to recover the insurance, the father having failed in June. The evidence to justify detention not being forthcoming, Cox was released by the Portland authorities.

A labourer named David Edgett, while working at loading a schooner at Long wharf, Portland, this morning, fell from the scow, and was drowned.

A Mr. Titus, of Gibson, and Mr. Calkin, of Gagetown, quarrelled about a horse trade at Gagetown on Saturday, when Calkin shot Titus twice in the leg with a revolver, inflicting serious wounds.

Many leading agriculturists were in Fredericton, attending the sale of stock imported by the Local Government.

The sale of stock imported by the Local Government has been successful. The four Percheron stallions sold for $850, $1,400, $1,400, and $1,700 respectively. The sale realized altogether $15,584. The cost to the Government being $21,000. The stock has been pretty generally distributed throughout the Province. It is understood that the sum realized will be invested in more stock.

TORONTO

The Davis Trial.

West Toronto Candidature—Sewers & Leak—Millers' Association—T. D. A.

TORONTO, Oct. 14.

The trial of Davis and wife for murder was resumed this morning at ten o'clock. The night watchman was first called. His evidence differed in no particular from that given by him at the Police Court.

Nicholas Rooney, a wholesale dry goods man, was next examined. He testified that on the 31st of July he saw the waggon with the box containing a corpse driving along Jordan street. The waggon stopped at the undertaker's store; also saw a woman get into the waggon and a man, to whom they spoke, whom he identified as the male prisoner. He recognized the box in Court as the one he saw that night. He saw the box in the Bloor street ditch the next day, and on lifting the lid saw the corpse of a woman.

The night watchman, Bluett, corroborated Mr. Rooney's evidence.

Samson Dunning, employed at a livery stable, being sworn, said that the prisoner came to him and ordered a horse and buggy to be left at eight o'clock on Saturday evening. He saw the prisoners driving west about 9:30, and saw Mrs. Davis driving home about one o'clock in the morning alone.

Mr. James Macfarlane swore the prisoners went to him on July 31st, and asked for a loan of his waggon and horse. He let them have his waggon and they brought a horse and buggy. Witness helped them to unhitch the horse and hitch to his waggon—this was about 9:30. The waggon was not brought back till one o'clock, when Mrs. Davis brought it alone.

The night watchman, Geo. Watts, testified to seeing the prisoners on the night of July 21st about 9.30, and Dr. Davis alone, about half past eleven. He saw Mrs. Davis coming home to Scott street about half past one.

Police Constable McLellan also swore to seeing the female prisoner drive up to her house on Scott street at 1.30 on July 31st.

Henry Stone, undertaker, and John Balmer, Superintendent of the Cemetery, swore to burying the body at a quarter past one. The Court adjourned for recess. The prisoners while in the bar to-day looked terribly nervous and blushed and showed symptoms of excitement. Even the woman, by her manner, evidenced that at least she began to feel her dreadful position. Davis last night asked his counsel if he thought he would be hanged. Of course his counsel replied not if he could help it.

At 2 o'clock the Court again assembled. Rev. John Gilmour, father of the deceased was called. He said he resided at Sunderland, and came from Scotland, three years ago; saw his daughter last on June 12th; she was twenty-three years of age; was healthy, and had a strong constitution; saw the corpse at the Necropolis, and was certain it was the body of his daughter; he identified the satchel and clothes produced as belonging to his daughter. Mr. Gilmour, while giving his evidence wept bitterly, and at times his sobs completely choked his utterance.

Thomas Joseph, William and Mrs. Nattrass testified to the deceased staying with them for about a year at Vaughan, and identified the clothes.

Mrs. Maria Anderson was next sworn; she knew the house of prisoners on Scott street; had seen four or five ladies go into their house a different times; they were in the family way. Witness said she was the mother of fourteen children; indentified the body at the dead house, also that of a person she had seen enter Davis' house on the Saturday or Monday previous to the finding of the body. She spoke to Davis at the door and then went up stairs; recognized the dress and cape as that of the person whom she saw. In June she saw a pine box come out of Davis' house and taken away by two men; she told the night watchman (Campbell) to keep a sharp look out on the prisoners.

John O'Neill testified to following a waggon with two persons, and a large box in it.

Dr. Riddell said he examined the body of the deceased at the dead house on the same day that he got instructions from the Crown counsel to examine Davis' house, which he did; in one of the bed rooms he found a mattress with blood on it, which appeared to be old, and an attempt had been made to wash it out; the mattress was saturated with blood; in another room another mattress was found saturated with blood more so than the first, and he also found surgical instruments and bottles of medicine which he described. The instruments were those used by surgeons for perfectly legitimate business, except one the utility of which he did not know. The only purpose for which he thought this could be applied was for procuring an abortion; there was another instrument, known as Tims' Uterine Sound, which could be used for legitimate purposes, but could also be used for procuring an abortion, and for that purpose was a most barbarous instrument.

Charles Chalk testified to passing Davis' house on Scott street on Monday afternoon, July 26th, and hearing a woman crying "Oh don't!" "Oh don't!" The sounds gradually became fainter, as though the person was becoming faint. Some distance off, he heard the sounds again, but it seemed as if somebody's hand was over the persons mouth. It being now six o'clock the Court adjourned till to-morrow. Mr McKenzies says he expects to finish the case for the prosecution to-morrow.

It is understood that the candidature of Mr. Elmsley in West Toronto is endorsed by the Conservative party, but that gentleman says that if anybody else of greater influence, and who merits and receives the confidence of the party can be induced to stand, he will give way.

A meeting of the Millers Association was held to-day. There were only six members present, and the meeting was adjourned till the 20th inst., when there being any business, beyond hearing addresses from Mr. Fraser, of the Ontario Advisory Board, and Col. McGivern. Mr. Fraser impressed upon those assembled the importance of flour being well represented at the Centennial Exhibition. Col. McGivern wished to interest the millers in a company to be formed for the promotion of the export trade between this country and the West Indies, Brazil and South America. He hoped the millers would join with the manufacturers, and that the Government might be induced to give the enterprise their support. He said that the idea was to have a fleet of vessels running from Montreal to the West Indies in the summer, and from Halifax in the winter.

QUEBEC.

Election Contests—Curious Police Court Case.

QUEBEC, Oct. 14.—The election of the Hon. Dr. Fortin for Gaspe is being contested by a number of electors.

A curious case lately occurred at the G. T. R. depot at Levis. It appears that a Mr. Rivard, who is a representative of the French Presbyterian College of Montreal, has been sojourning in Madawaska, on the border, and has managed to proselyte two males and five females from the Roman Catholic to the Protestant faith, and was bringing his converts from their home to Montreal. During the interim which occurs between the arrival of the River du Loup, and the departure of the Montreal trains, the neighbors were informed of the fact by some of the passengers, and these persons, under the impression that they were kidnapped, induced the children not to accompany Rivard, as it was ascertained that he had no documents showing that parential authority had been given them to change their creed, or leave their homes,
