Cossack "Civilization" Still Extending.

LONDON, Oct. 18.—A special from Berlin says, that Khokand remains occupied by the Russians, and will probably be annexed to Russia.

Muscovite Oppression.

Another special from Berlin states that Russia has commanded the Polish proprietors in the provinces of Wilna, Grodno, Koena, Mensk, and Veeteptsk to sell their farms to Russian tenants, the Government fixing the price. This completes the impoverishment of the Polish nobility.

Negotiations between Great Britain and China Progressing.

Advices from Shanghai state that the negotiations between Mr. Wade, the British Minister, and the Chinese Government are progressing satisfactorily. The *Pekin Gazette* publishes an edict, referring to the murder of Mr. Margary, and declaring the right of foreigners to travel in the interior, and requiring Chinese officials to take cognizance of the treaties. Messrs. Grosvenor and Baker will proceed to Yunnan overland. Mr. Wade has arrived at Shanghai.

Condition of the Corn Market.

The *Mark Lane Express* to-day, in its regular weekly review of the corn market, has the following:—"In consequence of the recent heavy rains, seed time is much less promising. Dampness has effected most new samples. Large foreign arrivals have checked the upward tendency in price, but holders are still indisposed to make any concessions. Trade is, therefore, inactive at Paris, and prices are rather lower, while in the Provinces of France wheat is steady and somewhat dearer. Belgium is unchanged, while Holland is firmer, and Germany is steady and inactive. Vienna is also inactive, but Odessa is firm, and averages one shilling and two pence higher in consequence of the late advance, the bulk of that sold being fully three shillings inferior in price to the previous crop.

The case was thereupon adjourned till the 18th December.

Minister of War Signor Ricotti, and Minister of the Interior Signor Cantelli were also present. Multitudes of people assembled at the railway station, and lined the gaily decorated streets through which the distinguished party passed. There was great enthusiasm. According to present arrangements, it is expected the Emperor will remain here three or four days.

FRANCE.

A Banquet to Ex-President Thiers.

PARIS, Oct. 18.—A banquet was given yesterday in honour of ex-President Thiers at Arcachon, in the Gironde. Thiers delivered an address, in which he said that the Republic must be maintained. He did not think the Radicals are as black as they are painted, and believed that if they gained power they would pursue a different course from what their opponents suppose. He said he desired the dismissal of all functionaries who do not respect the Republic. This, he thought, was necessary, in order to render the elections really representative. He denied that the Republic would isolate France, for they may count upon sympathy. The European policy of the future will be peace and non intervention. He also advocated a liberal and modern system of education.

Mr. Morris' Report on the Condition of the Erie Railway.

John Morris, counsel for the English bond and stockholders in the Erie Railway, who accompanied Sir Edmund Walkin to the United States, has presented his report in regard to the road. It has served to depress the price of Erie Railway shares, as it indicates the necessity of heavy sacrifices by the holders of Erie securities. Morris paraphrases most of the important recommendations and suggestions contained in the report of Sir Edmund Watkins, but adds some information about the difficulties which would attend a foreclosure, and about the amount of fixed charges which exceed the net earnings by $10,000,000, and the necessity of subordinating bond holders' claims to such charges and floating debt.

Large Seizure of Smuggled Goods.

Treasury officials, to-day, seized $35,000 worth of lace, silk, and velvet trimmings, Jet goods, beads, loose goods, &c., which were recently imported from England, but under-valued in the invoices presented to the Customs' officers. The goods were found in a free store warehouse, on the corner of Laight and Varick streets, and in the store of one Livingston, No. 441 Broome street, and sent to the Seizure Bureau. The capture of the original invoices led to the discovery of the attempt to defraud the revenue. The confiscated articles include eight cases of trimmings and four cases of beads.

TOLEDO, Oct. 18.—The *Commercial* has information that the Wood County Canvassing Board decided on Saturday to throw out the Perrysburg voting, in which case Brown and Swan, Republicans, would have been elected Senators, and Hayes' majority in the County would be 723, instead of 469.

CAUTION TO HOUSEKEEPERS.—Owing to the increasing cost of vanilla beans used in the manufacture of Extract, Vanilla, spurious compounds are being thrown upon the market, purporting to be pure vanilla, but prepared principally from Tonqua beans. This nauseating substitute costs the manufacturer less than one-twentieth part as much as the genuine vanilla bean. It can readily be detected by its odor. It is used principally by toboconists for perfuming snuff and cigars, and was never intended to be used as a flavouring for the various compounds prepared for the human stomach. Burnett's Extract of Vanilla is prepared from selected vanilla beans, and is warranted entirely free from Tonqua or other deleterious substances. 3967

MONTREAL.

Chambly Contested Election Case—Cotte Released on Bail—Manufacturing Establishments Closing—Hard Times to Prospect—Stock and Money Markets.

MONTREAL, Oct. 18.—This morning in the Chambly contested election case, Judge Mondelet presiding, Mr. A. Lacoste made application that the hearing of the case be postponed, owing to the fact that Napoleon Mignesault was suffering severely from a white swelling, and that as he was a most important witness, the contestation resting mainly on the illegality of the voters list, the case could not be gone on with. The case was then adjourned till January 25.

The case of Honore Cotte, for making a false bank statement came up in the Court of Queen's Bench this morning. Mr. Carter said seven witnesses had failed to answer the subpœna served upon them, and he therefore asked that the case be postponed until next term. In the absence of Sir Hugh Allan, Duncan McDonald and some others, it would be impossible for the defence to make out their case. The defence also felt that they would obtain a safer trial if the case was allowed to stand over. The very full discussion of the matter by newspapers tended to create a degree of prejudice in the public mind, which would be very unfavourable to his client.

Mr. Ritchie, Q.C., opposed the application. The Crown could not consent to postpone the trial, unless it could be shown that the interests of justice would be subserved thereby.

Mr. Carter asked for five minutes in which to make an affidavit in regard to the absence of important witnesses.

His Honor complained of the Court's being delayed for the preparation of the affidavit.

The affidavit being prepared Mr. Ritchie submitted that it was insufficient. He had sent for Trudeau, who would soon be here. The books would be open to examination and the officers of the bank could be examined, and these were sufficient for the defence to show the justice of its cause if possible. In any case the Crown could not consent to postpone it longer than one day.

His Honor said he would only consent to postpone the trial until the witnesses could be brought to Court in custody. He could not consent to allow the administration of justice to be trifled with because witnesses did not chose to be present when called.

Eventually his Honour said he could allow no further delay. The witnesses were again called, and all answered except Sir Hugh Allan. By order of the Court, the sergeant of police was sent after Sir Hugh. In about half an hour Sir Hugh made his appearance, it being twenty minutes to twelve o'clock.

Mr. Chapleau said the application they had made was not for the purpose of delaying the trial, but because their most essential witnesses were absent. He had been informed that Romuald Trudeau was physically unable to be present, and the defence had taken steps to have a medical certificate to this effect. He asked for delay till to-morrow forenoon.

His Honor would only consent to delay upon the consent of the Crown.

Mr. Geoffrion, who represented the Dominion Government, had no objection to wait an hour or so, and the Court adjourned till the afternoon, when, after a lengthy argument, Chief Justice Dorion had a consultation with Judge Ramsay, and it was decided to hold the trial over to next term, owing to the serious illness of Romuald Trudeau, the ex-President of the Bank, and whose life, a medical certificate stated, would be endangered by being brought to Court. Cotte was released on bail.

Snow has fallen in such quantities on the Vermont mountains as to be plainly visible to the naked eye from the heights above the city. A small quantity is also visible on the Belœil mountains.

An attempt was made for eleven days to conceal the entry of an action instituted against Hon. Mr. Chapleau, A. Dansereau, L. W. Sicotte and Hon. P. X. A. Trudel, by one Aitkin. There was a blank where the defendants' names should have been. This attempt to screen prominent men is strongly condemned.

Business has been quiet at the banks to-day, and there is no change to note in the money market.

The market closed pretty steady at a decline in sales. Montreal, 183 to 183½, and 50 ex-dividend, 177 to 177½; Merchants, 91 to 92; Telegraph, 134 to 134½; Commerce, 121 to 121½.
