THE SUEZ CANAL.

A will be seen elsewhere, the purchase by Mr. Disraeli's Government of the . Kinedive's interest in the Suez Canal, has most deservedly met with the unqualified approval of the British press and people. Certainly the acquisition of that allimportant highway to Britain's Indian *Empire, is the most masterly stroke of dirlomacy ever consummated by ar Eng Tish statesman since the days of Lord raltar to the control of the Mediterranean apprehensions of "alarwists" in the Pfortschakoff) for allowing that i'reclaimable "nation of traders" to interpose wich an insurmountable obstacle in the way of the carrying out of the aspirations of "Holy Orthodox Russia"-that is, reducing other nations to the same degree of ignorance and degradation as herself. M. Ollivier bardly permitted himself to be more completely outwitted by Bismarck the present instance by the British Premier ; and it is not at all improbable, that were it not for enlightened public opinior he successor of the Chagan would send his Prime Minister a Christmas present

The history of the present Suez Canal B. C., erected the Labyrinth, the famous friendly offices of Russia were offered to him would be to destroy the future of her Temple of Luxor, and the Great Pyramids, and also built a canal several miles in length, which was afterwards renewed and enlarged in turn by the Persian monarch Darius Hystaspis; the construction of the present canal was commenced under the supervision of the great French Engineer, M. De Lesseps, and completed in 1869, at a cost of £16.000,000. The ceremonies attending its opening were on the most magnificent scale, and the event was regarded as the blending together of Eastern and Western | Cuba - they protested | against | the civilization -at which the Christian priest and Mohammedan musti, forgetting the umpleasant reminiscences of the Crusades, knelt side by side in prayer. The Emperor of Austria and the Empress of the Freuch were present on the occasion. When the enterprise was first started it was divided among 400,000 stockholders, each share being worth 500 francs; and its construction necessarily involved an one hundred miles in length, twenty five which it runs through lakes. Its depth, navigable its entire length.

TRACTICAL VIEW OF THE CUBAN truly contemplated. QUESTION.

When it was first rumoured that General Grant had addressed a menacing note to Spain on the state of affairs in Cuon, the London press rather applauded the action. The Hour especially saw the strongest reasons why the United States should insist upon a strict adherence by the Spanish authorities to the Treaty of 1795, or for that matter take any reasonsble opportunity that offered for demandng self-government if not independence for Cuba, and the liberation of the slave population. But there are some considerations suggested by past and passing events which do not seem to have presented themselves to the minds of London journalists when writing on the subject, and others which might with great propriety have, but have not been remembered by the press of the United Lord Houghton was recently honoured with a public reception by some the course of a complimentary speech by Mr. Cheate, in which his Lordship's friendship for the United States during the civil war was mentioned with much | Joint Stock Companies' Act, the capital enthusiasm, the following quota- stock of the Lake and River Steamship one of his speeches \$125,000 entroot gailogy and when the seizure of the Alexandra was under discussion, was read :- "Sir, I trust "that peace will continue for many rea 882 10. The story is in some respects a departure of Mortage Rose's daughter.

The story is in some respects a departure of Mortage Rose's daughter.

The story is in some respects a departure of Mortage Rose's daughter.

The story is in some respects a departure of Mortage Rose's daughter.

The story is in some respects a departure of Mortage Rose's daughter.

The story is in some respects a departure of Mortage Rose's daughter.

The story is in some respects provement. In Mr. Blum's version Rose Michel, in her anxiety to befriend her daughter, steals forty dollars of Pierre Michel's money to buy her dresses, and and the theft leads to the dispute between the husband and wife. The story is otherwise made improbable by the want of connection in the incidents, and the province of the policy of the policy. The story is otherwise made improbable by the country say, "We have never sold a mediant to be also been completely cured, and have only as it is in one week." Dealers all over the country say, "We have never sold a mediant the said Township of Chamberland to the North Country say, "We have never sold a mediant to be a said Township of Chamberland to the North Country say, "We have never sold a mediant to the said Township of Chamberland to the North Country say, "We have never sold a mediant to the said Township of Chamberland to the said to the said Township of Chamberland to the said Township of Chamberla daughter, steals forty dollars of Pierre Michel's money to buy her dresses, and and the theft leads to the dispute between the husband and wife. The story is otherwise made improbable by the want of connection in the incidents, and it is not climacteric nor relieved by the least humour. Mr. Macksye has introduced one new personage (Moulinet), and he has agaciously tempered, strengthened and elaborated those that he has retained the has also invented several new incidents which gave popularity and sequence to the action, and he has interwoven a great deal of fresh "business" and quaint trized.
