TELEGRAPHIC SUMMARY.

A sad accident happened to a Christmas gathering in a Swiss village. The floor of a building where the festivities were being carried on, gave way, when eighty persons were killed and a great number wounded.

The home corn trade, according to the *Mark Lane Express*, continues rather depressed, and throughout the continent prices drooping. Imports cannot continue while prices remain as they are.

A telegram from Cincinnati gives the particulars of a sad accident, which has resulted in the death of three men, and the almost fatal injuries of the fourth. The mishap occurred at Riverton, Ky., while the boring of a railroad tunnel was in progress.

The statue of the First Napoleon has been placed upon a newly erected column in the Place Vendome, Paris; it will be remembered that the old column was demolished by the communists during the disastrous siege of the city.

The total specie exports from the port of New York from the 1st of January, 1875, amount to the sum of $67,768,060.

At Lebanon, Ky., a U. S. Marshal, in the execution of his duty, killed one Northcraft. A general row ensued, and Northcraft's friends took immediate revenge by killing the Marshal.

A drunken father, in Providence, Rhode Island, caused the death of his infant son by a kick, and the coroner's jury returned a verdict of murder against the saloon keeper who sold the drink.

The Press Bill in the French Assembly has undergone some amendments, which provide for the infliction of penalties on such journals that attack the Republic.

The coal companies in the Wyoming region will shut down operations on the last of this month. Trade is slack there.

A Select Council of the Churches has been appointed to ventilate the case of Mrs. Moulton. The proceedings concluded by the Rev. H. W. Beecher offering up a prayer!

The *Times* (England) states it is glad to corroborate the contradiction of the statement that Spain has violated the obligations of neutrality by enlisting Italians for the army in Cuba.

GREAT BRITAIN.

The Corn Trade.

LONDON, Dec. 27—The *Mark Lane Express* has the following in its regular weekly review of the Corn Market:—The large imports since September have kept prices down, but we cannot expect imports to continue while rates are so low. Business in Europe is seasonably dull, and prices are barely maintained. At Paris and several provincial markets, flour has again dropped one franc and wheat one shilling and six pence. Belgium and Holland are about a shilling lower. Vienna is drooping, and Odessa is dull, holders maintaining high prices.

The Cuban Neutrality Dimculty.

LONDON, Dec. 28—5 a.m.—The *Times* gives prominence to the following:—We are glad to be able to corroborate the contradiction of a statement that Spain has violated the obligations of neutrality by enlisting Italians for the army in Cuba.

Death of Augustus Mayhew.

Augustus Mayhew, a contributor to London *Punch* is dead.

FRANCE.

Replacing the Vendome Column—The Press Bill.

PARIS, Dec. 27—The Statue of Napoleon was replaced on the newly finished Vendome Column to-day. A large crowd assembled in the Place Vendome and Rue de la Paix, and the other streets adjacent to witness the proceeding. There was no ceremony. In the French Assembly to day, urgency was voted on the Press Bill. In the debate upon the clauses an amendment was carried providing penalties for attacks against the Republic Jules Dufaure, member for Charenti Inferieure, made an important statement that Marshal McMahon pledges his respect for the newly elected Senators, and asserting that they occupy a position in the Government second only to that of the Marshal. The second clause of the Press Bill which is aimed at by the Bonapartist Propaganda, was passed after violent recriminations between Jules Favre and Bonapartists relative to Alsace Lorraine.

SWITZERLAND

Tragic End to Christmas Festivities.

BERNE, Dec. 27.—News has been received here of a dreadful calamity, which occurred in the village of Hellekon, in the Canton of Raragon, on Saturday. Christmas festivities were being celebrated in the school house in that place when the flooring gave way. Eighty persons were killed, and fifty more or less wounded.

MANILLA.

Destructive Storm.

SAN FRANCISCO, Dec. 27.—Hong Kong advices to the 20th inst., state that a destructive storm had visited Manilla. A great number of lives were lost, and much valuable property destroyed. At Alba the flood caused by the storm ruined the harvest. It is feared there will be a lack of hemp for next year. A number of vessels were lost on the coast. Many bridges, houses and other structures were swept away. The storm was accompanied with several shocks of earthquake.

TURKEY.

The Herzegovinian Troubles.

NEW YORK, Dec. 27.—A London telegram says, despatches from the seat of war in Herzegovinia state that a great battle took place on Thursday last near Nitchetza, lasting nearly all day. Fifteen hundred troops were engaged. The Turkish forces claim a decisive victory. The fighting on both sides was desperate, and the losses severe.

A Western man says that figures won't lie unless they happen to be on a gas meter.

The proposal of M. Saxe to build in Paris an enormous popular opera house—egg shaped and colossal—*un œuf geant*, has been rejected by the committee appointed to consider it; but they have adopted a somewhat similar scheme of M. Davioud and M. Bourdais, who answer respectively for sight and sound in their projected building. It is to hold 9,000 persons, all of whom will be able to see and hear to perfection. The plan is approved by the municipality of Paris, who will grant a site in the Place du Chateau d'Eaux. M. Gounod was among the opponents of M. Saxe, and he can hardly regard the accepted design of M. Davioud and Bourdais with much favour. In a letter addressed to Mr. L. Detroyat on the subject, he writes that it is the death of musical art that this movement implies.

AMERICAN.

NEW YORK.

Bodies Found.

NEW YORK, Dec. 27.—Yesterday the bodies of two well dressed men, supposed to be suicides, were found on the roadside within 500 feet of each other, near Waverley, N. Y. One was apparently a German, about 45. His throat was cut, and in his pocket was a knife with which it is supposed he killed himself. The other was a man of 24. In his temple was a bullet wound, and beneath his body an empty revolver. Neither body has been identified.

A Nice State of Affairs.

A Louisville, Ky., *Courier Journal's* Lebanon, Ky., special says:—Thomas H. Chandler, Town Marshal, Lebanon, summoned a number of men to assist in arresting George L. Northcraft. A general row ensued, and a number of shots were fired by both parties. Chandler, the Marshal, killed Northcraft, and some of Northcraft's friends immediately killed Chandler. Great excitement followed the killing, but no other rows occurred.

New Year's Day—The Centennial Year.

POUGHKEEPSIE, Dec. 27.—The Common Council to-night directed that at midnight on Friday next all the bells of the city shall be rung, and a national salute fired in honour of the opening of the Centennial year.

Cock Fighter Shot.

NEWBURG, Dec. 27—During a cock fight on Sunday forenoon, at Mattewan, John Horne, saloon keeper, was shot and fatally hurt by a man named McKinney. The latter was not arrested.

Suicide.

Mrs. Walter Cromwell committed suicide near Fishkell Landing, on Saturday, by hanging. Temporary insanity.

Sugar Refinery Burned.

HASTINGS, Dec. 27.—The Hudson River sugar refinery, an extensive establishment owned by Kattenhoen, Hopkesofferman & Doscher, was destroyed by fire on Sunday afternoon. Loss, about $500,000; the insurance is less than $300,000. About 150 men are thrown out of employment.

Specie Exports.

The total exports of specie from this port since January 1st, 1875, amounts to $67,768,060.

The Plymouth Church Scandal.

At a business meeting of Plymouth Church to night, which was not largely attended, the Moderator read a new letter from Mrs. Moulton. Mr. Shearman followed with the report of the Examining Committee thereon, in which they concede her demands in the following resolutions:—

Resolved, "That this Church accedes to the request of Mrs. Emma C. Moulton for a call of mutual council to advise this church and Mrs. Moulton upon the two questions submitted by her in her memorandum of Dec. 25, 1875. That the said committee are hereby fully authorized and directed to select churches and ministers, and they are further directed to appoint a meeting of the said council for the earliest practicable day. The report was adopted and Mr. Beecher offered up a prayer.

Falsely Accused of Murder.

UTICA, Dec. 27.—A short time ago Lodicia Fredenberg and Albert Fredenberg, her son, were condemned to be executed, at Herkimer, Friday, Dec. 31, for the murder of Orlo Davis, an aged cripple, in the town of Gray, Herkimer county, last summer. They were convicted on the evidence of Mary Davis, a young married daughter of Albert Fredenberg. The Utica *Herald* of to-morrow will contain the confession of the girl, Mary Davis, that she testified falsely on the trial; that she and her grandmother Mrs. Fredenberg, committed the murder and that her father had nothing to do with it. It is believed that the old woman, Lodicia Fredenberg, is irresponsible, and that her sentence will be commuted on recommendation of experts.

OHIO.

Fire.

CINCINNATI, Dec. 27—Thompson's Stock yards and dwelling house at Jacksonville have been burned. Loss, $20,000.

Severe Storm.

A severe thunder storm, accompanied with wind, rain and lightning, visited the country north and north-west of this city yesterday. At Hamilton, Ohio, the river swelled rapidly, floating cellars on the west side of the river. At Carthage, Ohio, Hamilton county, the Infirmary was partly unroofed.

Suicide.

George H. Hamilton, clerk in the Treasurer's Office of the Indianapolis, Cincinnati and Lafayette Railway who shot himself in the head last Tuesday, died on Sunday. He retained consciousness to the last. He was from London, Canada.

Destructive Floods.

Yesterday's storm did considerable damage at various points in Southern Ohio. At Catawaba, Clark Co., a new Methodist Church was wrecked. In that vicinity streams are at flood height, sweeping away fences, cut buildings, and bridges.

Miner Stabbed.

The *Gazette's* Charleston, W. Va., special says:—A coal miner named Lee was set upon by two miners named Dawson and Eastphia, on Saturday evening, and stabbed. The murderers are in jail.

A Serious Railroad Accident—Three Men Killed.

A Riverton Railway special says while workmen were repairing the Tunnel on the Eastern Kentucky Railroad last evening, a mass of rock weighing several tons fell, instantly killing J. W. Bauer, road master, Robert Allen and Jack Thompson, section men, and injuring George Barney.

ILLINOIS.

Faction Fight.

NEW YORK, Dec. 26.—An Illinois despatch from Abingdon, Ill., reports that on Friday night a faction quarrel, growing out of the removal of Mr. J. M. Butler, former President of the Addington College, and the installation of the Rev. O. Perkey, culminated at the church social, which was being held in the college building. During the evening three drunken rowdies belonging to the anti Perkey faction, named Lamar, Tompkin, and Gabriel, created a disturbance in the corridors. President Perkey tried to quiet him, when Tompkin struck him with a billy and he fell mortally wounded. They were arrested.

Senator Dead.

QUINCY, Dec. 27.—Hon. W. A. Richardson died of paralysis in this city, this morning. Col. Richardson served five terms in the House of Representatives at Washington, and was elected to fill the vacancy in the United States Senate, occasioned by the death of Stephen A. Douglas. His age was 64.

NEW JERSEY.

Anniversary Celebration.

TRENTON, Dec. 27.—The anniversary of the Battle of Trenton came off to day, and was attended with a good deal of enthusiasm. There were about 1,000 persons engaged. Generals Washington, Sullivan, Green and Mercer were all personated; also Col. Rahl and others of the Hessians, or British army. The movement of troops began at 8 o'clock, and fighting through the streets was continued between contending armies till it reached its height at 10 o'clock. The surrender took place at Assunpunk Creek, and was received with cheers. In the afternoon addresses were delivered by General Campbell and others.

MASSACHUSETTS.

A Desperate Struggle.

BOSTON, Dec. 27.—Moses A. Wood, residing in Cambridge, was awakened about four this morning, Sunday, with the impression that burglars were in the house. Partially dressing, he went down stairs and found things in confusion. Stepping upon the back piazza he was confronted by a man who stabbed him three times. He grappled with the burglar, when a second appeared, and placing the muzzle of a pistol to his abdomen, fired. As he placed the pistol against him, Mr. Wood turned slightly, so that the ball did not go directly through him, but passed around, coming out just over his hip. The robbers immediately fled and escaped, leaving a bundle, in which they had tied up about $2,000 worth of plunder. Mr. Wood's injuries are very serious and may prove fatal.

The Pope has been building in Rome at his own expense a number of houses for the poor. They are economical houses, and are for the accommodation of operatives and poor people. Each house is divided into 32 lodgings, of two, three or four rooms. Each lodging has a kitchen. They are well ventilated and full of light; the doors have good locks; there are bells, and the whole construction is solid. The rent of these lodgings is from 12 to 20 francs a month, according to the number of rooms. The rent is paid by the month, and without any demand of deposit in advance or as security.

MONTREAL.

The Sun Newspaper—Lachine Canal Tenders—The Water Supply—Death of an Old Steamship Man—Judge Coursol Better.

Special to THE TIMES.

MONTREAL, Dec. 27.—To-day's *Sun* makes an appeal to the Irish Catholic people of the Dominion for substantial aid. The editor says:—"Whilst, for the pride we feel in the undertaking, we should be content to go on without an immediate request, in the hope of ultimate reward, we cannot accept alone the responsibilities of the present and pressing demands of our numerous assistants."

Tenders for the enlargement of the Lachine Canal are advertised for in this evening's papers. If this work were to be proceeded with immediately, great help would be rendered to the labouring class.

Poor people are complaining that the water supply is cut off because they can't pay the water tax, while immense and exceedingly wealthy church institutions get their water free. A meeting will probably be called to protest against this exemption.

A cablegram announces the death of Mr. Wm Edmondstone in London. He was formerly senior partner in the shipping firm of Edmondstone, Allan & Co. He came here in 1811, and left in 1863. He is 81 years of age, and was connected with the various lines of sailing and steamships which the firm of Allan & Co. have always kept in operation. Mr. Edmondstone still held an interest in them up to the time of his death. He was one of the original parties who got up St. Andrew's Society in 1835.

Judge Coursol is now quite convalescent.

A Big Fire.

WINNIPEG, Dec. 25.—At half-past six this morning the city engine house was burned to the ground, with all its contents, the engineer and one or two others, sleeping in the building at the time, barely escaping with their lives. The steam fire engine, with all the hose, in fact everything in the building, together with the engine house adjoining, was totally destroyed. No one can tell clearly how the fire occurred. A searching investigation will take place, as it is believed the fire was the result of gross carelessness or worse. The loss to the city will not be less than $25,000. We are now without the slightest protection against fire. A special meeting of the Council takes place this morning to consider the situation.

LONDON.

Scene in St. James' Church—The Union Question.

LONDON, Dec. 27.—In St. James' Presbyterian Church (old Kirk) yesterday, quite a scene occurred owing to the appearance of Rev. Mr. Burnet in the pulpit, the Rev. Mr. Cameron, the regular pastor, being also present. Mr. Burnet had been brought on by the Non-unionists, who succeeded last Sunday in locking out the Unionists. At the opening of the church Rev. Mr. Cameron entered, but found his place occupied by Rev. Mr. Burnet, who proceeded to address the congregation, reading letters and documents to show that he had been regularly invited to fill the pulpit on the occasion. Rev. Mr. Cameron, speaking from the reading desk, flatly contradicted the statements of Rev. Mr. Burnet as to the regularity of his invitation, but beyond this no further interference with the service occurred. Several members of the police force in plain clothes were scattered through the church in anticipation of disturbance, but everything passed off quietly.

Unlimited Remedial Resources.

People sometimes suppose that Dr. Pierce's Family Medicines represent the entire extent of his resources for curing disease. This is an error. Experience proved that while the Golden Medical Discovery Favourite Prescription, Pleasant Purgative Pellets, Compound extract of Smart-Weed, and Dr. Sage's Catarrh Remedy, would, if faithfully used, cure a large variety of chronic complaints, there would be here and there a case which, from its severity, or from its complication with other disorders, would resist their action. These exceptional cases required a thorough examination into their symptoms, to ascertain the exact nature and extent of the disease or diseases under which the patient was labouring, and the use of specific remedies to meet and overcome the same. This led to the establishment of the World's Dispensary, at Buffalo, N. Y., with its Faculty of Physicians and Surgeons, each of whom is skilled in the treatment of chronic disorders in general and those belonging to his own special department in particular. To one is assigned diseases of the throat and lungs; to another, diseases of the kidneys and urogenital organs; to another, diseases of the digestive system; to another, diseases of the nervous system; and to another, diseases of the eye and ear. Thus the highest degree of perfection in medicine and surgery is attained. The establishment of this institution enables the Doctor to meet a long-felt want in the treatment of the more severe chronic affections. By a careful consideration of the symptoms as given in writing, he successfully treats thousands of cases at their homes. Others visit the Dispensary in person. The amplest resources for the treatment of lingering affections are thus placed at the disposal of every patient, and those on whom the proprietary medicines do not have the desired effect can procure a more thorough and efficient course by a personal application to the proprietor of the World's Dispensary. 4030

TWO QUESTIONS EASILY ANSWERED.—Why should mean wear beards? Because they are a great protection to the throat and lungs, and add much to their personal appearance. Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, hoarseness, &c., they act like a charm. Ministers and lawyers use them, physicians recommend them, and singers and public speakers say they are the very best medicine in existence for the cure of such complaints. Sold by all medicine dealers, at 25 cts. per box. 4025
