Summary of News.

Delaware and Son's cotton mills at Manchester have been destroyed by fire. The loss is estimated at \$200,000.

The Sergeant-at-Arms of the House of Representatives has received a letter from Augustus Schell saying he will issue a call to-morrow for the Democratic National Convention.

A despatch from Vienna to the Standard says that the Austro-Hungarian Government has declined to purchase 15,000 more muskets, as that the bargain was made through a Russian agent and the arms were paid for with Russian money.

The Daily News publishes a telegram from the West Coast, Isle of Wight, stating that the North German Lloyd steamer Silesia from New York for London, on the 22d of February next, to fix the place and time for holding the Convention of nominating candidates for the Presidency of the United States.

The English National Rifle Association has accepted the challenge of the Rifle Association of America to compete for the championship of the world, at the forthcoming Centennial Exposition at Philadelphia.

It is said that Mr. Davis has signified his intention to a Senator, asking that his name should not stand in the way of securing an amnesty for other persons whose names are mentioned in the Bill.

The billiard tournament commenced last night at the Revere House, Toronto, before a large assembly of people. Much interest is manifested in the different matches.

A resolution was introduced into the United States Senate yesterday, having for its object the establishment of a uniform currency between that country and Great Britain.

A Bill was introduced into the House of Representatives yesterday to amend the constitution of the United States, limiting the Presidential term to four years.

A Bill was introduced into the Ontario Legislature last night and read a first time to organize an Education Bureau in charge of a responsible Minister. The measure is likely to receive the cordial assent of the House.

The Bill authorizing the voting on municipal By-Laws by ballot was read a third time and passed in the Ontario Legislature last night.

Lamley and Simpson's cotton mill at Osley was burned yesterday. The damage done amounts to \$40,000. Two hundred operatives are thrown out of employment.

The Union, Ithaca and Elmira Railway was opened yesterday for traffic from the first named city to Cortland and Norwich. Delworth & Son's cotton mills at Manchester, England, have been destroyed by fire. The loss is estimated at \$200,000.

A meeting of the Democratic National Committee will be held at Washington, on the 22d of February, to fix a place and time for holding a Convention for nominating candidates for the Presidency and Vice Presidency.

Mr. Morrison, the leader of the Democrats in the House, is reported to have said, that if the Republican Senate passes an Amnesty Bill, excluding Jeff Davis, then they would gladly consider it; but he would not consent to allow Mr. Blaine, or any of his associates, to dictate the measure of the House.

Some more frauds have been discovered in the Treasury Department at Washington, in respect of \$50,000 which was drawn in behalf of the firm of Perkins, Brooks & Co. It is alleged that the late Assistant Secretary Sawyer and Mr. Haves, who was Commissioner of Customs, are implicated in the affair.

The catalogue of murders and suicides appears to be increasing day by day. From Cincinnati we hear that Edward Richardson, a prominent citizen of Massillon, Ohio, was shot and killed by his wife on the 16th inst. Her defence is that her husband tried to cut her throat with a razor, and she shot him in self defence.

Following this tragic affair we hear that a man named Hankley tried to commit suicide by lying down in front of the locomotive, the engineer noticed the intent of the man, and stopped the train, when Hankley bawled in his intention, deliberately put a bullet through his brain, dying instantly. The deceased was an Englishman and had only arrived in Baltimore from Toronto about seven weeks ago.

The House at four o'clock went into Committee on the bill for the relief of New York, in the chair on the bill appropriating \$1,500,000 for the centennial.

After some remarks by Mr. Harbinger, of New Jersey, in support of the bill, the Committee rose without taking any action.

Cuba Question. Secretary of War to-day before the Committee of the House on Foreign Affairs by invitation, and in general terms informed the committee of the present situation of Cuba. Secretary Harbinger did not specially state the terms of the circular recently addressed to the Foreign Nations on that subject, but intimated that Secretary Harbinger had arranged for the event of mediation or intervention by the United States. Alluding to a recent Madrid telegraph giving an outline of the Cuban question, Secretary Harbinger said he did not regard its tone as unfriendly. As to negotiations now in progress they were conducted in a conciliatory manner, and he was certain without threats on the part of the United States, and he hoped that the negotiations would terminate satisfactorily.

Review of the Grain Trade. London, Jan. 17.—The English National Rifle Association has accepted the challenge of the Rifle Association of America to compete for the championship of the world, at the forthcoming Centennial Exposition. The Times this morning says that Sir Henry Hall had arranged for the preliminary match for the rifle match for small bore between the National Rifle Association of Great Britain and the American Association. This match will also occur some time during the Centennial Exposition.

Review of the Grain Trade. London, Jan. 17.—The Mark Lane Express, in its weekly review of the grain trade, has expressed a desire that there should be a moderate decline in averages rather than any actual reduction, but we can hardly rely upon the full recovery in condition until March, as we have six weeks before we can expect much benefit, though the land has been getting somewhat drained of superfluous moisture in preparation for spring ploughing. We note by the weekly sales that now we have exactly reached the average of last year, when the crop was a good one, and we are confident that we shall have a moderate surplus of the Northern ports closed and New York quotations fully 5s. per quarter above some quotations in Belgium, and the Dutch and German markets have ruled dull, and the roads and canals have been obstructed by ice and fallen snow. The latter seems to have been especially plentiful in other parts of Europe than in England.

Senator Sargent's Bill to amend laws relating to silver coins, proposes making the trade dollar a legal tender in its nominal value for amounts not exceeding \$20 in any one payment, and silver half dollars a legal tender up to \$10.

The following is a copy of the letter from General Beauregard, applying for the removal of his political disabilities.

New Orleans, Jan. 15, 1876. Dear General.—My friends here, believing that I can be of service to the State of Louisiana, by becoming a member of a proposed Legislative Committee of the State, have expressed a desire that I should apply to you for my disabilities removed, that there should be no doubt of my ability to hold a State appointment. I am, therefore, presenting to you this application, for the removal of my disabilities.

Yours very truly, Signed, G. T. BEAUREGARD. To Gen. J. B. Gordon, U. S. Senate.

NEW YORK.

Walking Match. New York, Jan. 17.—John Goulding, of this city, and James Dewitt, of Auburn, will begin a match walk 1,000 miles in 1,000 hours in Brooklyn.

Treasury Investigation. The Times' Washington despatch says in the investigation in the Treasury Department in the payment of cotton claims, it was discovered that \$50,000 were fraudulently drawn from the Treasury in the case of Parkman, Brooks, & Co. Among parties implicated are said to be the former Assistant Secretary, Sawyer, and Mr. Haves, who was Commissioner of Customs. Indictments by the Grand Jury against several parties will be made.

The Amnesty Question—Letter from Jeff Davis. Mr. Morrison, leader of the Democrats in the House, is quoted as saying—Let a Republican Senate pass an Amnesty Bill with Jeff Davis excluded, and send it to the House, and then we will gladly consider it; but it will never consent to allow Mr. Blaine or any of his associates to dictate what measures the House shall or shall not vote upon.

There is a rumour that a Southern member has received a letter from Jeff Davis asking that his name should not take part in any investigation concerning the military arrangements of another and considered it would be indelicate for him to do so.

No money has been received from the Government by the Contractors of the Montreal, Ottawa and Western Road so far, nor is any expected for some days. It is reported that the Government demands that Mr. McDonald, the Contractor, give a statement of his indebtedness to sub-contractors before handing over the money.

At a meeting held at the St. Patrick's Church yesterday, to consider the McIntyre case, Mayor Hingston emphatically declared to the Committee appointed, since being physician to another Hospital, he could not and should not take part in any investigation concerning the military arrangements of another and considered it would be indelicate for him to do so.

ONTARIO LEGISLATURE.

Third Parliament—First Session. Toronto, Jan. 17.—The SPEAKER took the Chair at 3 p.m.

Several reports of committees were presented and adopted, among other bills presented by Hon. Mr. Crooks vesting in the Government the matter of education and the appointment of a responsible Minister to manage such departments.

FRATERNITY OF LAW. Hon. Attorney General Mowat said that the Government would refer to the question of allowing certain persons to practise law in Ontario and which gives the Law Society in Ontario power to act in the matter.

PRIVATE BILLS. The House went into Committee of the Whole on several Private Bills, which were amended and reported, and the House adjourned.

AMMUNITION OF JUSTICE. Mr. HINGSTON in a long and able speech moved the second reading of a Bill to amend the Administration of Justice Act.

It was followed by Mr. B. H. HINGSTON, who, like strain, but after the expression of his own opinion by Hon. Attorney General Mowat, the Bill was withdrawn.

THE HOUSE OF COMMONS. The debate on the Bill respecting the verdict of jurors was up for discussion, which continued until 9.30, with the following result: Yeas, 37; nays, 38.
