McGlinchy Bros. & Co., dry goods dealers at Calais, Maine, have failed. Their liabilities are put at $200,000.

Governor Hartranft, of Pennsylvania, was inaugurated into office yesterday in due form.

E. W. Fairchild, a prominent citizen of Ogdensburg, N.Y., shot himself yesterday. He is still alive, but his recovery is doubtful. Financial embarrassment is assigned as the reason.

The fog was so dense in the streets of New York yesterday that it was found necessary to light the gas in the public thoroughfares.

The Toronto Curling Club finished playing for the Caledonian Tankard yesterday. A score of 238 points was made.

The Orange Incorporation bill was thrown out of the Private Bills Committee of the Ontario Legislature, yesterday. It is thought, however, that it will yet be discussed in the House.

The Manitoba Legislature was opened yesterday afternoon at Winnipeg by His Honour Lieutenant Governor Morris.

An injunction was granted by Chancellor Spragge yesterday in support of the validity of the recent Presbyterian Union Act. It was in relation to a contest at present going on as to the legal right of contending parties to the possession of St. James Presbyterian Church, London. The arguments of the legal gentlemen in our Toronto special will be found of interest to our readers.

Intelligence of a fearful tragedy, which took place yesterday at New Orleans, has come to hand. A man named Joaquin Caranza, a native of the Phillipine Islands, has been arrested for the shooting of one Raphael Gonzales, who had plotted with his wife to take his life and rob him. It subsequently transpired that he had killed his wife, whom the police found in a room of her husband's house. The weapon used was a shoemaker's knife.

FOREIGN.

GREAT BRITAIN.

Pacific Attempts by the Sultan.

LONDON, Jan 19.—The *Times* of this morning publishes a letter from Vienna, giving the following details of the insurrection in the Turkish Provinces:—Partly from a sheer wish to end the insurrection and partly from anxiety to escape intervention, the Sublime Porte is making great efforts to achieve the pacification unaided.

Active Operations.

The Turkish commander Mukhtar Pasha and the new Governor Ali Pasha are to co-operate to that end, the former by military dispositions and the latter by political and diplomatic activity. Severe checks by insurgents have recently suffered and large reinforcements of Turks have been lately received and render offensive operations by insurgents very improbable. Mukhtar Pasha seems likewise to have instructions not to operate against insurgents but to begin by the reoccupation of important positions and debauches of the Montenegrin frontier, thereby a sort of cordon will be drawn to prevent the Montenegrins from assisting the insurgents and Turkish farms turned against those attempting to pass the frontier so far as munitions of war and provisions are concerned. Such description might answer, but it would be ineffectual against the passage of armed mountaineers, the sort of truce thus established with the Insurgents will be utilized by the Governors summoning an Assembly of notables at Mostar to draft a report of the grievances of the country to be sent directly to the Sultan. The Sultan will then consider the just complaints and make concessions to Hersegovina. While Hersegovina is within the Vilayet of Bosnia the concession will be possible without extending them to Bosnia also, which is scarcely practicable on account of a much larger population of Mussemans in Bosnia who are already so excited and so fanatical that there is great danger of an outbreak leading to serious excesses. In order to solve this difficulty Hersegovina will be created an independent Vilayet. The circumstances of the two Provinces are very different in proportion of the Mahomedans to the Christians in Bosnia being as four to six, and in Hersegovina about as one to two. None of the powers will grudge Turkey the merit of pacifying the Insurgents unaided. On the contrary all of them will be relieved from much inconvenience and anxiety only after previous and fruitless efforts it is doubtful whether at this eleventh hour one is likely to be made more successful.

Andrassy's Note.

The *Times* states that the Cabinet yesterday resolved to give general support to Count Andrassy's note. At the same time many questions may arise after the note shall be presented to the Porte. Those points naturally await further consideration. Other journals make the same announcement. The *Times* in an editorial on the decision of the Government says:—Less than this would have been unworthy of a great country which holds a casting vote in deliberations of critical importance to the whole of Europe. English ministers were in a position leaving them little choice. It is probable the Turks would be bound by the vote if England rejected it. Austria and Prussia could not afford to sustain defeat. They would have insisted in their proposals. If Turkey resisted, armed intervention would have been only the first and last of the consequences. However reluctant the Cabinet might be to sanction the most peaceful intervention, it would have been foolhardy if it encouraged the Porte to defy two powerful states. The means of applying the propositions of the note are far more serious than its presentation. The application of reforms might lead to dangerous disputes and armed intervention. It is clear Austria is prepared to use stronger weapons than words if necessary. England has not the same reason as Austria for undertaking the pacification of Hersegovina, she cannot be expected to run the same risks. They might differ also both with regard to means and ends, therefore it was a matter of course that the British Cabinet should hold itself free to differ on anything Austria may propose after the presentation of the note. The *News* and *Post* condemn the Cabinet's action.

Bremerhaven Case.

A Berlin despatch to the *Post* says the police have discovered that Thomassen, author of the Bremerhaven crime, was charged in 1866 with scuttling a ship, on board of which he had goods insured in England for £24,000. He was arrested, but subsequently effected his release.

A Refugee Bishop.

The *Post's* Berlin special reports that the Archbishop of Cologne has taken refuge in Holland, where he lately met the Bishop of Paderborn.

French Elections.

A Paris correspondent of the *Times* says that in most of the Departments Bonapartists refuse alliances with other parties and stand alone. Reports of the results of elections for Senatorial delegates are conflicting.

The Malayan Trouble.

LONDON, Jan. 19.—The commander of the China station telegraphs to the Admiralty from Singapore, Jan. 18th, "That the operations against the Malays at Perak have been altogether successful. The naval brigade will be re-embarked, as its services are no longer needed."

FRANCE.

Conservative Gains.

PARIS, Jan. 18.—Later returns show that the Conservatives have elected majorities of the Senatorial delegates in the following Departments:—Loire, Maine St. Loire, Loire Infereiure, Indre Gironde

The Gambetta Banquet Prohibited.

General Sewal, Acting Commandant at Marseilles, has by virtue of the powers conferred upon him in consequence of the state of siege, prohibited the political banquet to Gambetta.

More Returns.

The returns received from forty departments show that the Conservatives have carried thirty, the Republicans four, and six are doubtful.

The Elections.

PARIS, Jan. 18.—Sufficient returns have been received to show the result of the elections for the Senatorial delegates in 50 Departments. Of these the Conservatives have carried 36, Opposition 4, and 10 are doubtful. The Conservative majority in Vosges is 93, in Gironde 50, and in Pas De Dome and Charente respectively, Conservatives have a two-third's majority. In the Departments of Gers, Deaux, Senures, Haute, Saone, Vancleuse and Ardiche have also elected Conservative majorities. The *Moniteur* states that pronounced Bonapartists only preponderate among Delegates elected in Corsica, Gerscharente, Dordogne, Bassss, Pyrenees and Pas De.

CALAIS, Jan. 18.—The Conservative majority comprises generally those who wish for a practical application of the new Constitution. Bonapartists journals, however, claim numerous successes.

The Duke de Cazes will contest the election for Deputy in the arrondissment of Paris. He has issued an address endorsing President MacMahon's manifesto, he says he desires only such modifications of the Constitution as a sincere and patient trial may show to be necessary, and declares: We shall pursue the work to which we are devoted, namely, the maintainance of the peace of France, daily encouraged by the sentiments of the rest of Europe.

Some crowds assembled in the streets of Marseilles last night, but dispersed at the summons of the police. The troops were confined to their barracks. Gambetta had an interview with Gen. Lewal to-day, when the latter stated he had acted on the order of his commanding officer, Gen. Espinent, who is in Paris. The prohibition of the banquet was solely to prevent any disturbance of the public tranquility. Gambetta afterwards left for Aix. The authorities there have received orders to be present at the meeting at which he intended to speak.

The Elections.

PARIS, Jan. 19.—Midnight returns have been received from sixty Departments. The Conservatives have carried 50, the Opposition 2, and 8 are doubtful.

SPAIN.

Election for the Cortes.

MADRID, Jan. 18.—Advices from Carthagena announce that the insurgents refuse to vote for Senor Castelar, who is a candidate for the Cortes.

Religious Agitation.

MADRID, Jan. 18.—A correspondent of the *Standard* says the Romanist electoral agitation is increasing, but the Ministerial candidates are certain of a majority, the Archbishops and Bishops have signed a petition to the King in favour of religious unity. Pastorals have been issued by the Bishops of Catalonia, Saragossa and Burgos advising the people to vote only for the candidates who support religious unity. These acts of the clergy have created a marked sensation.

GERMANY.

Merit Recognized.

BERLIN, Jan. 18.—The Empress Augusta of Germany has sent Mrs. Darrien Smith a gold and jewelled bracelet and two ladies of Penzane broaches in recognition of their kindness to the passengers of the crew of the German steamship *Schiller*, which was wrecked at the Scilly Islands last year.

XANTIPPE.

It seems that the memory of this woman, like that of her renowned husband, is likely to be kept alive to the end of time. She is said to have possessed a very irritable temper, and her name has become a synonym of "vixen," or "scold." It is more than possible, however, that the judgment passed upon her by mankind has been to severe. A more charitable disposition would undoubtedly have discovered in her, many good qualities, and have attributed her failings more to physical infirmities than to moral obliquity. The party most intimately acquainted with her, and therefore best able to form a correct opinion, gives her credit for many domestic virtues. It is now well known that many of the diseases to which woman are subject, have a direct tendency to render them irritable, peevish, cross, morose, unreasonable, so that they chafe and fret over all these little ills and annoyances that a person in health would bear with composure. It is fair to infer that most of the tantrums of Xantippe were due to these causes alone: and could Socrates, as he returned from the Senate, the Gymnasium, or the Athenæum, have stopped at Pestle and Mortar's Drug Store and carried home a bottle of Pierce's Favorite Prescription, now and then, no doubt he might have evaded many "curtain lecture," allayed many a "domestic broil," made it much pleasanter for the children, and more enjoyable for himself, and rescued his wife's name from the unenviable, world-wide, and eternal notoriety it has attained. Thousands of women bless the day on which Dr. Pierce's Favorite Prescription was first made known to them. A single bottle often gives delicate and suffering women more relief than months of treatment from their family physician. In all those derangements causing backache, dragging down sensations, nervous and general debility, it is a sovereign remedy. Its soothing and healing properties render it of the utmost value to ladies suffering from internal fever, congestion, inflammation, or ulceration, and its strengthening effects tend to correct displacements of internal parts, the result of weakness of natural supports. It is sold by all druggists. 4047

Fog in the City.

Fog is so thick this morning that gas is used in the majority of cases down town. At nine o'clock North River was full of immense cakes of ice, and travel across the ferries very much impeded.

A Scouting Party.

A Kansas City despatch says a scout which arrived at Fort Wallace, Kas, yesterday, reported that a large number of Indians were coming north, who said they were Omahas going on a buffalo hunt, but as they had left their agency without permission they were ordered to return at once. The party numbered nearly 1,000, and it is thought were trying to get north to attack a party of Sioux, who are out on a grand buffalo hunt.

Obsequies of Dr. Anderson.

The funeral of late Dr. Henry J. Anderson, well known in literary and scientific circles in this city, and who died in October last at Lahar, India, while returning from a scientific excursion, took place this afternoon from St. Patrick's Cathedral. The funeral oration was delivered by Cardinal McCloskey, who was clad in the full robes of his office, and who eulogized the life and character of the physician.

Interesting Lawsuit.

ALBANY, Jan. 18.—Richard Crowley, United States District Attorney, to-day fyled in the United States Circuit Court a complaint against the New York Central and Hudson River Railroad Company, in an action to recover from the Company the aggregate sum of $144,720 with interest and costs of action. Complainant alleges that prior to the consolidation of the Central and Hudson Railroads, the Central owed a funded debt of over $13,000,000, for payment of which a sinking fund was provided and each year subsequently to July, 1864, a certain amount was carried to the account of such sinking fund, being parts of profits earned during the year. These amounts, it is claimed under provisions of the Internal Revenue Law of United States, were liable to a duty of five per centum; payment of this five per cent. having been demanded and refused, hence this action to recover. A separate cause of action is enumerated for each amount paid into the above named sinking fund, making altogether some twenty-nine or thirty different items amounting in the aggregate to the total sum for which judgment is claimed.

Heart Disease.

HALIFAX, Feb. 10th, 1872.
MR. JAMES I. FELLOWES.—Dear Sir: In order that some other sufferer may be benefitted, you are at liberty to give this letter publicity.
In the winter of 1868 I was taken ill with disease of the heart, accompanied by violent palpitation, and from that time gradually became weaker, notwithstanding continued professional attendance, up to a few weeks ago, when your Compound Syrup of Hypophosphites was recommended to me. The use of it during a very short time enabled me to resume my usual work, and now I am as well, fat and hearty as I could wish.
Yours very truly,
W. FRANK COCHRAN.
The heart being a great muscular organ, requires vigorous nervous force to sustain it. As Fellowes' Hypophosphites restores the nervous element, it will always strengthen the heart weakened through loss of this element. 4047

The police went to Caranza's room where they found the body of Caranza's wife on the bed. The weapon used was a shoemakers knife.

MANITOBA LEGISLATURE.

OPENING OF THE HOUSE.

SPEECH FROM THE THRONE.

Special to THE TIMES.

WINNIPEG, Jan. 18.—The Provincial Legislature opened at 3 p.m. to-day. The Lieutenant Governor was received by a guard of honour from the garrison. The weather being mild, a large number of ladies and gentlemen were present.

THE SPEECH.

The speech from the Throne stated that they met under less auspicious circumstances than when last assembled, as the grasshoppers had devastated the crops and brought suffering into many households. An appeal was made to the Dominion Government for relief to the extent of $60,000, which was used for purchasing seed grain, and provisions, and a central committee appointed was now distributing supplies to the needy.
The better terms delegation sent to Ottawa during the summer had been successful in having the subsidy largely increased with a view to harmonise the expenditure with the revenue.
A measure would be submitted for the abolition of the Legislative Council, Bills to regulate the practice of Courts, re-modelling the Jury Laws, amending the agricultural and redistribution Acts, making better provisions for the suppression of disorder at the Municipal Elections, and provide more effectual means of enquiries into the causes of fires in cities and towns in the Province.
Upon the Lieut. Governor retiring, the Assembly organized and the usual routine motions were adopted.
Hon. Mr. DAVIS moved that the Speech from the throne be considered to-morrow.
The House adjourned till 3 p. m. to-morrow.

Body Snatching—Wife Beating—A Prodigal Son—Judge Beaudry's Death.

Special to THE TIMES.

MONTREAL, Jan. 18.—A farmer from St Andrew's township, near Cornwall, came in to-day and stated that the body of his dead wife had been snatched from the burying ground out there. Detective Lafon found it in a medical college, and it was restored to him. He talks of legal proceedings against the Dean of the Faculty.
The Recorder is making an example of wife beaters, having sentenced one to-day to one month at hard labour for shaking his fist at his wife.
It is said that the election of P. B. Benoit, M.P., for Chambly, will be contested on personal charges, among other items of the bill of particulars.
A youthful son of a well known cititizen, whose abilities in the commercial line have been marked by unusual success, yesterday left the city, accompanied by his father, for an American inebriate asylum, his almost utter ruin having been effected in Montreal billiard and drinking saloons. Though not twenty-one, he has already suffered from "D. T.'s," and involved his father in a debt of honour.
By the death of Judge Beaudry, a large number of cases will have to be pleaded over again, as there were no less than forty which the Judge had taken *en délibre.*
