INSOLEMONT.—Mr. Theodore Friedrick has called a meeting of his creditors at an early date. Mr. D. S. Eastwood has been appointed trustee in the matter.

A LABOR ASSORTMENT of Canadian floor oil cloths at Pinard's; new patterns, new prices.

THE BALANCE of MacLaren & Chalmers' stock of Dry Goods, still selling at half-price, at W. S. Wilson's.

Now is the TIME to replenish your stock of nature's beauties. Mr. J. H. Stanley is coming with a large and careful collection of the rarest and most valuable specimens, geraniums, gold-fish, &c. There will be on exhibition and for sale this Monday, at Rowe & Erratt's, Rideau street.

BOYS' AND YOUTH'S CLOTHING, an extensive choice, and cheap as can be purchased. Dower & Co., opposite Clarence House.

THE POST OFFICE.—It is generally understood that according to Act of Parliament all doors of the building will be closed on June 1st. Is there any reason why the doors of our post office should open inwards? It may be that a great influx of business was expected, and that it would be more convenient for the general public. Be this as it may an Act of Parliament should in any case have the preference.

English floor oil cloths just received at Pinard's; new patterns, low prices; see them.

SOMETHING LIKE AN APPETITE.—The capacity of a man to drink a fount of beer or a pile of soda water bottles, has its counterpart in the case of a dog, on the ownership of which a city restaurateur keeps himself greatly. His latest achievement was to swallow down a stuffed young dog, and the last of a full meal, so that if ever the vigilant owners of the owners of the article, he may manage to subdue for a day or two.

THE WORKING CLASS cannot get as good value for such a large choice of clothing, as at Dower & Co.'s, opposite Clarence House.

PINARD'S.—At one of the services yesterday, from the pulpit of the cl. Pinard's Cathedral, while taking up collections, one of the lay officers recited a portion of the great words he had said to his flock. He then said to him who had come to meet clothes and sit in his shirt sleeves—whether the subscriptions were too heavy or the task of receiving the current coin was too much, it is impossible to say. As assembly appeared silent, it is hoped that everything was done.

THE CHEAPEST DAY Goods in the city is at W. S. Wilson's, Sparks street.

THE POOR OLD HOUSE.—Strange it is how many ways people will lose money. One of the most recent instances is a man in Lower Town took sick, and the beast was at once driven to a farrier's. The man of medicine at once declared the case hopeless, and told the owner to have him conveyed to where he could be done and die in peace. This was of course attended to, and the waggoner, after the intersection of Clarence and Dalhousie streets the poor animal lay down in the street and in a few minutes after "kicked the bucket" and died. The animal was valued \$100, and the waggoner lost to the owner, who would afford it, more especially in these dull times.

Laces, light soft texture, easily draped and crocheted, the dress for hot weather, from 20 cents. Stitt & Co's.

ASHER.—The corner of Bank and Maria streets was the scene of another row on Saturday night about 10 o'clock. This place has now become notorious from the frequent rows that have taken place there. At all times of the day, and up to late hours at night, crowds of boys assemble at the corner, and behave in such a fashion as to render it almost impossible to pass without some important remark being made, or in the course of time, their importunate conduct, and the noise they make, causes the police to interfere. Happy land! it is to be hoped that the police will look after this place, and that there never again occurs an occurrence so disgraceful as that which occurred in Saturday's row, and should it afford it, more especially in these dull times.

THE ALARM is now re-opened, under the proprietorship of Mr. J. W. Webster, the sample, and other goods, having been removed. A complete outfit of clothing can now be accommodated with first class board at moderate rates, and the travelling community will find the "Albion" adapted in every particular to their wants.

MUSICAL AND DRAMATIC.

ORGAN RECITALS.

FOUNTAIN.—The fountain which has been erected at the north end of the By Ward extension, is just finished, although not yet playing. It is expected to be in full play to-day.

A FINE-CLASS choice of summer cloths, marking down to bottom figures, at Dower & Co.'s, opposite Clarence House.

MAIN SEWER.—Mr. Patrick Cassidy, City Engineer of the work, made an inspection tour through the main sewer and found everything in connection therewith in first-rate order.

CONCENTRATED LEMONADE.—A 25 cent bottle makes one gallon pure lemonade. Also, Persian Shampoo, 10 per lb., at W. H. Weston's Barber's Bridge.

FOR THE PUBLIC.—One more—Mr. Theodore Friedrick—is now added to the list of the unfortunate victims of misplaced confidence in customers, and has made an appeal to all our command of conveying to the musical student, and the general public, a perfect conception of the compositions of the great masters. We have two organs in this city erected in two of the most beautiful church buildings in the Dominion. Both instruments are excellent, according to their respective capacities, and it is not a pity that our philanthropic citizens—through whose energy they were built—that they remain almost silent, except during the Sunday services when they are often engaged in organ recitals.

A BOY FUN.—On Friday last Mr. John Dowling, of Billing's Bridge, caught a muskrat in Rideau River, scarcely a stone's throw from the Junction Hotel. The muskrat supplied some excellent dinner for half the families in the neighbourhood.

NOW IS YOUR TIME to buy "cheap" hardware. Twenty-five per cent off for cash on Saturday, 27th inst., at A. W. Laney's, corner Sparks and O'Connor streets.

THE PEACE STATION.—There will be a nice bill of fare this morning for the frequenters of the Police Court this morning, and one of the choicer morsels will be the irrepressible Mag Dorsette, who has more than a few tricks up his sleeve. He is to be seen at the station house, and is ready now to answer the questions of the court. The structure has been made of the most solid nature, and it will take a pretty hard ice shave to smash it again.

MUSICAL AND DRAMATIC.

ORGAN RECITALS.

In a city like Ottawa where we have a large proportion of the population educated in the due appreciation of classical music, and whose desire naturally is to extend their knowledge in that refined art, does it not seem strange that no opportunity is afforded them to this end?

A short time since the author of this article, at our command of conveying to the musical student, and the general public, a perfect conception of the compositions of the great masters. We have two organs in this city erected in two of the most beautiful church buildings in the Dominion. Both instruments are excellent, according to their respective capacities, and it is not a pity that our philanthropic citizens—through whose energy they were built—that they remain almost silent, except during the Sunday services when they are often engaged in organ recitals.

CONCERT.—SATURDAY'S MATCH.

The match between the married and single men resulted in the defeat of the former, as ought always to be the case. The game commenced shortly before three in the afternoon, much time having been lost in getting the ball into play, and the "Pyramids" scored 10 runs to 10.

A return match will probably be played shortly, at which a felicitous channel, the "Pyramids" will be given an opportunity to show what they can do.

BILLIARDS.—Mr. John McGinnis, the billiard master, has given a billiard room to the "Pyramids" for the use of the club.
