Sewing Machines.

The "WILLIAMS' SINGER" is the only Machine that has successfully stood the test of time and experience. During the six years that it has been before the Ottawa public, it has earned for itself the enviable reputation of being the best Machine in the market. A good proof of its superiority is the fact that in nearly all the principal Dressmaking and Tailoring Establishments in the city, it is now constantly used in preference to other makes. GEO. Two very finely situated brick dwellings just recently built, and now bringing in a

NET RENTAL of $330 PER ANNUM.

The above property has been placed in my hands for private sale, and will be sold at a great sacrifice, the price demanded being less than the cost of erecting the building.

To any one wishing to invest, this is, without doubt, a most desirable opportunity, as the property can be made to produce over fifteen per cent. per annum, of the sum invested.

THE WAR CLOUD DISPERSING!

The Most Hopeful Sign Yet!

Furloughs Again Granted to German Troops.

(By Telegraph.)

LONDON, June 16.

Despatches from Berlin announces all danger of war is over, and furloughs in the army are again being granted.

PARIS, June 16.—Despatches from Vienna state that Austria and Russia have agreed to withhold any further assistance from the revolting insurgents. They have also resolved to strongly recommend the insurgent chiefs to negotiate with Turkey.

LONDON, June 15.—The *Provincial Correspondence* of Berlin has a very pacific editorial, which concludes as follows:—"Between the last conference at Berlin and the interview of the Czar and Emperor William at Ems, lies a momentous epoch of modern history." The *Standard* commenting on this remark says: "It means that if the Czar had not interfered at the last moment, Gortchakoff would have plunged Russia into a war with Turkey and England."

THE BELGIUM RIOTS.

Excitement Subsiding.

(By Telegraph.)

BRUSSELS, June 16.—The night has passed quietly and order is everywhere restored. It is apprehended, however, that the anti-clericals may renew their demonstration to-night, but it is not expected to be serious. The local authorities have a force sufficient to maintain order.

The city remains quiet, but precautions are maintained. At Antwerp people are calmer, but crowds continue to march through the streets.

SPORTING NEWS.

THE TURF.

LONDON, Ont., June 15.—For this, the third day of the Ascot meeting, the weather was hardly so propitious as on the two previous days, being somewhat dull. Nevertheless the course was crowded, and many notable persons were present. Royalty were represented by the Prince and Princess of Wales. The first event, the St. James Palace stake, was contested for by only two horses, Great Tom and Gleela. The race resulted in a dead heat, and was settled by Great Tom walking over the course and dividing the stakes. There was no betting on this race noted. The next event, the New Stakes, brought a field of eight and was won by Rob Roy, with St. Christopher second and Don Carlos third. The betting on this event just previous to the start was 7 to 4 against Rob Roy, 10 to 1 against St. Christopher and 12 to 1 against Don Carlos. The third event was the race for the Gold Cup, with a field of six starters. The prize was taken by Apology, Craig Millar being second, and Forerunner third. The last betting on this race was 5 to 4 each against Apology and Forerunner, and 9 to 4 against Craig Millar.

BASE BALL.

HARTFORD, June 15.—Louisvilles 1, Hartfords, 6.

BILLIARDS.

NEW YORK, June 25.—In the billiard tournament to-night, Rudolph and Sexton played off the tie game, the former winning by a score of 500 against 384. The last of the match games between Daly and Cyrille Dion resulted in Dion's completing the 2,000 points before his opponent, and winning the match.

TELEGRAPHIC.

FOREIGN.

GREAT BRITAIN.

Extradition.

LONDON, June 15.—In the Court of Queen's Bench to-day, Justice Sir James Mellor, sitting in Chambers, granted an order for the release of the Boston forger, Winslow. He will be liberated this afternoon. The enquiry of counsel present at Chambers during the hearing in the Winslow case was answered to the effect that the Government did not ask for the extradition of Winslow, the refusal of the United States to negotiate a supplemental treaty having put an end to the negotiations.

The case of Chas. Brent, the Louisville forger, was not brought before the Court of Queen's Bench to-day, and the statement that Justice Lindley had remitted it to the full Bench, is correct. The case will probably come up on Monday, or as soon as the hearing of the case of Capt. Keyn of the steamer Franconia is completed. Mr. Mullens, counsel for the prosecution, stated that he had no notice of Brent's application for a writ of habeas corpus. He also says the discussion in the Winslow case will not govern Brent's if the latter comes up before the full Bench, but the Bench will decide it according to their construction of the law, although Justice Mellor's decision may be adduced as an argument in favour of Brent.

Death of an Eminent Scholar.

Julius Heinrich Petermann, D.D., the celebrated German orientalist is dead.

Failures.

The liabilities of the firm of Malcolmson & Co., of Belfast, Portlaw and Waterford, Ireland, linen manufacturers, who have failed, are variously estimated at £1,000,000 to £1,500,000. Johnson, Faris & Co., grain merchants of Glasgow, have also failed, and their liabilities are placed at $80,000. The failure of John Henry, Sarbutt colliery owner, of Darlington, is also announced, liabilities £170,000.

An Interesting Trial.

LONDON, June 15.—Fourteen judges are sitting on the case of Ferdinand Keyn, late captain of the Franconia. The Bench includes the chiefs of the three common law divisions. Chief Justice Cockburn presides. Mr. Bergman opened for the accused. The Court is crowded with members of the Bar and the public.

Serious Fire.

LONDON, June 16, Midnight.—The fire at Brooks' wharf has been subdued. The losses are variously estimated at £40,000 to £300,000. During the excitement prevailing, no definite idea of the extent of the damage can be ascertained at this hour.

"Home, Sweet Home."

The Boston detectives who were waiting to take Wm. Blair back will take passage on Saturday next.

FRANCE.

A Ministerial Crisis Denied.

PARIS, June 15.—The statement published in *Le Temps*, that the Ministry would resign if Buffet is elected to the Senate, is authoritatively contradicted.

New Universities.

VERSAILLES, June 15.—Mr. Waddington, Minister of Public Instruction, has informed the Budget Committee that the Government has decided to accept the principle of obligatory primary instruction. The Minister proposes to organize a great university at each of the following cities: Paris, Lyons, Bordeaux and Nancy, each university having independent statutes.

CINCINNATI CONVENTION.

Much Talk and Nothing Done.

(By Telegraph.)

WASHINGTON, June 15.—A friend of Secretary Bristow in this city has received a telegram from Cincinnati, asking whether Secretary Bristow would take the second place on the ticket. This telegram having been shown to the Secretary, he said as he did not hanker after the first place, he would under the circumstances accept the second.

CINCINNATI, June 15.—At 10:40 this morning the delegates generally were in their seat. The attendance of spectators in the galleries were much smaller than yesterday, and half the seats are vacant, although hundreds have applied in vain for tickets of admission to the hall. Present indications are that no balloting will take place till the afternoon, and probably not till to-morrow. At eight minutes past 11 President Macpherson called the Commission to order, and presented the Rev. Geo. Beebe who opened the proceedings with prayer. Geo. F. Hoar, of Massachusetts, presented the memorial of the National Woman's Suffrage Association. Mrs. Spencer was then heard and proceeded to present in clause form the claims of women citizens to practical recognition.

[We can put our columns to better use than by cramming them with the spread-eagle nonsense proper to an American convention.]

AMERICAN.

NEW YORK.

Murdered.

NEW YORK, June 15.—Michael Downey, of Green Point, a man in good circumstances but violent and intemperate, yesterday shot his wife in the neck making a serious wound. He then locked himself in a room and shot himself through the heart. He was in a fit of drunken insanity.

Glass Works Burned.

A fire in the glass works of A. D. Le Basher, Broadway, this morning destroyed the stock and fixtures valued at $33,000. The building was damaged to the extent of $22,000. Cause accidental.

The Stewart Will.

The application to vacate the probate of the will of the late A. T. Stewart, came up for argument to-day in the Surrogate Court. Mrs. Stewart's answer to the petition of the Baileys' was read, in which she averred to never hearing of them during Mr. Stewart's lifetime, and that the codicils to the will were uninfluenced.

Fire Lies.

Thomas J. Bartell was yesterday found guilty of the murder of Ann Hammond, and was to-day sentenced to State Prison for life.

Thomas McCool, hearing the shot, went to the house to ascertain the trouble. Baker meeting him at the door, fired two shots at him. McCool turned to fly but stumbled, falling on his face, when Baker pounced upon him stabbing him several times in the back and shoulders. The wounds will prove fatal. Baker is confined. TWO QUESTIONS EASILY ANSWERED.—Why should men wear beards? Because they are a protection to the throat and lungs, and aid much to their personal appearance. Why should we use "Bryan's Pulmonic Wafers?" Because when used for coughs, colds, tickling in the throat, hoarseness, &c., they are like a charm. Ministers and lawyers use them, physicians recommend them, and singers and public speakers say they are the very best medicine in existence for the cure of such complaints. Sold by all medicine dealers at 25 cts. per box. 4172

PRESBYTERIAN GENERAL ASSEMBLY.

THE MACDONNELL CASE.

(By Telegraph.)

TORONTO, June 15.

In the Assembly, three additional motions having been offered by the successive speakers, the Moderator said he thought it a waste of time to pursue such a course, and appealed to members not to unnecessarily multiply resolutions. Principal Cavan said he thought Mr. Macdonnell accepted a very large part of the teaching of the Church, and after all he (Principal Cavan) had seen of the case and seen of Mr. Macdonnell, and divesting his mind of all feeling on the matter, his humble judgment was that if Mr. Macdonnell's conscience was not fastidious about the matter he might almost say "I adhere to the teaching of the Church." He (Principal Cavan) fully believed that he (Mr. Macdonnell) was not very far from the position they wished him to take, and therefore Principal Cavan did not wish to interfere with his ministry. He (Principal Cavan) was in favour of adopting either Dr. Cochran or Dr. McVicar's motion, proposing to refer the case to a committee, and he thought no special instructions should be given to the committee, or he would, perhaps, be willing to accept Mr. Hall's motion, which proposed to give their brother a year's time, and to ask him to indicate finally what his mind was at the next General Assembly. He (Principal Caven) thought time should be given.

Rev. Mr. Robb delivered a long speech, in which he contended that only the fullest and most unreserved adhesion to the doctrines of the Confession of Faith should be allowed.

Rev. Mr. Grant, of Halifax, author of "From Ocean to Ocean," spoke strongly in favour of dismissing the case. He contended that every one of them only gave a modified assent to the Confession of Faith, citing in illustration of this assertion the case among others of Dr. Candless of Edinburgh, who said he could readily subscribe to the language of Scripture with regard to the Creation, but not to that of the Confession of Faith, and yet was still a member of the Church.

At 9 o'clock the discussion seemingly having come to a close,

Mr. Macdonnell replied at length, and in the course of his remarks said he had some doubts as to the construction the Church had put on Scripture in regard to future punishment. If they asked him how much doubt, he could not say, but it was not a merely shadowy one, or one which amounts to nothing. He wished to continue to preach the Gospel, and that in connection with the Presbyterian Church. His speech was greatly applauded.

The vote resulted in the carrying of the resolution of Prof. McVickar, as follows:

"That this Assembly sustain the reference for judgment; find that in the statement made before the Assembly by Mr. Macdonnell, he has declared that he does not hold the doctrine of everlasting punishment in the sense held by the Church and formulated in the Confession of Faith; nevertheless, that he has adopted no doctrinal views contrary to the Confession of Faith:—Therefore resolved: 1st. That the above two-fold statement is not satisfactory to this Assembly; 2nd. That a Committee be appointed to confer with Mr. Macdonnell in the hope that they may be able to bring in a report as to Mr. Macdonnell's views, which may be satisfactory to this Assembly."—Yeas, 363; Nays, 101.

Mr. Macdonnell then asked that the Assembly would submit the case to the Presbytery to proceed thereto by libel, but

The Moderator ruled that in view of the resolution which had just been adopted, such a course would be incompetent.

Over 90 Ministers and Elders recorded their dissent from the finding of the Assembly, and among the dissentients were Principal Snodgrass, Professor McKerras, and Professor Mowatt, all of Queen's College, Kingston, and also Dr. Cooke, of Quebec, ex-Moderator, of the Assembly. Intense excitement was manifested during the taking of the vote. The church was crammed to suffocation; it was noticeable that nearly all dissentients were members of the old kirk.

There is no capable lawyer in Montreal willing to undertake the case of the De Boucherville Government vs. the Insurance Companies for violation of the law requiring stamps to be affixed on each policy and receipt. The Companies are anxious to test the constitutionality of the Act. They have openly violated the law and conveyed information thereof to the Government which had previously promised thereupon to commence proceedings, but more than a month has passed and no writ has made its appearance, the excuse being that able lawyers cannot be found to carry on the prosecution who are not in some way connected with Insurance Companies. The Companies intend to purchase no more stamps, but totally ignore it, unless a writ makes its appearance in a few days.

Detective Sheehan, who is connected with the Grand Trunk Railway, arrived down from Toronto this morning, and reports that the passenger trains from Montreal to Sarnia are entirely clear of gangs of gamblers and sharpers which have at intervals infested them. This forenoon, while the steamer National, of the St. Lambert ferry, was quietly lying at her wharf, another steamboat, the Lincoln, without any provocation, ran into her and smashed her paddle wheel.
