Comp Meeting. Special to THE TIMES. MERRICKVILLE, Sept. 6.—The camp meeting to be held here will open on Friday next, at two o'clock in the afternoon, Dr. and Mrs. Palmer, of New York, will be present at the services.

GAL! Personal Promine of Rain for a Parched Country.

GALT, Sept. 6 .- Dr Tassie and Alex. Murray, M. D., of the Gait Collegiate Institute, returned yesterday from their trip to the old country. There is every indication of a much- mitted for trial. needed rain to-night. The water in the

Grand River is still receding, and lands day. are very much parched. KENMORE.

Special to THE TIMES. KENHORE, Sept. 4.-About noon yes terday a barn and adjoining buildings belonging to Mr. James McIntyre, who lives in the vicinity of this place, were burned to the ground. The fire is supposed to have occurred in consequence of the chil-dren playing with matches around the barn. The term of insurance expired about one month previous to the fire.

Church this morning by Rev. Canon Hope. Dixon. The couple married were Major M. O. MacGregor, U. S. Vice Consul here, The September cattle fair was poorly per owt for fat cattle.

CARLETON PLACE.

An Incipient Fire Special to THE TIMES. Calleton Place, Sept. 6 .- Another fire broke out in an old occupied building on Bell street, at half-past four o'clock this afternoon. The fire was promptly extinguished by individuals with pails and the fire brigade with their engine. The furniture was all safely removed: very little damage done to the house. If the fire had not been nipped in the bud it would have done great damage, as it was in the centre of a cluster of wooden

MONTHUAL Sept. 6 .- A large and influbuilding yard of Mr. Sewell, at Levis, this ential meeting was held this afternoon in morning. She was christ-ned by Mrs. the Mechanics' Hall, to take into consideration the means for assisting the sufferers by the late fire at St. Hyacinthe. His Grace Archbishop Bourget has so far recovered as to be able to leave his room, and yesterday passed a portion of in its action, while retaining all its extraor his time in his study. This morning Mr. Wesson, son of a part-

ner of the well known firm of Smith & Wesson, manufacturers of Revolvers, &c., of Springfield, Mass, was married in St. George's Church, to Miss I ovell, daughter of Mr. John Lovell, publisher, of this city. The ceremony was conducted by the Rev. Mr. Carmichael, and was attended by many Montrealers as well as by a g: som. The toilet of the bride and bridesmaids were very handsome. The Montreal lacrosse team is consider-

ing an invitation from the London, Ont., club to play next Monday. The Montreal men, who play the Toronto team next Saturday, are practicing hard and expect to carry off the championship, while the players of Toronto think that they are able to keep it. It is said by the latter that their present team is the strongest one that ever played on their Sir Edmund Barry, Chief Justice of

Australia, is at the St. Lawrence Hall, and this forenoon was shown through the Court House and introduced to the Honourable Judges by Mr. Registrar Ryland.

to-day, liabilities, \$12,000; assets, \$7,000. Francois Groleau has for some time past been carrying on two establishments in this city, one a dry goods establishment on or any or the nunared symptoms waten this St Catherine street and the other a grocery store on Dufresne street. He assigncluding mortgages on red estate, to \$30,-000. His assets, including real estate,

amount to nearly \$25,000

Toronto, Sept. 6.—Mr. M. O'Dowd, of St. Louis, arrived in town this morning. It is a matter of certainty that in all cases where the animal vitality is failing, phosphorus is decidedly superior to every other remedy at present known. It will work office such as nothing else will produce, and It possesses the great advantage of not eausting, when its use is relinquished, the slightest afflictions, it is a matter of certainty that in

to become a constituent of the organic body Bush fires which have been raging which can imperceptibly and quickly pass from a condition of great chemical activity to one of great chemical inertness. In virtue Robert Heaslip, a sailor of Hamilton, of this character Phosphorus may follow the was robbed of eighty doil as in a disorder | blood in its changes, may exidise in one great set of capillaries, and be indifferent to oxygen in the other; may occur in the brain in the vitreous form, changing as quickly as the in-tellect or imagination demands, and literally flaming that thoughts may breathe and words mitted for trial.

Mr. C. J. Brydges was in town yesterday.

The residence of the Rev. Mr. Broughall, rector of St. Stephen's Church, was entered by burglars last evening, and a quantity of jewellery and articles of at the centres of vital action in the active and active carrystid, to sustain upon its unwearied shoulders the more dead weight of stones of flesh—and what is here said of the brain, as contrasted with the bones, will apply with equal or similar force to many other organs of the body. All throughout the living system, we may believe that Phosphorus is found at the centres of vital action in the active at the centres of vital action in the active ondition, and at its outlying points in the matter of Tecumseh's bones has been practiced upon the committee of the United Committee of the United Committee of the Commi United Canadian Association, the propo-in to do honour to the Invian thuse a re-
