THE TURCO-SERVIAN WAR.

STRONG FEELING AGAINST WAR IN SERVIA.

A Member of the Legislature Driven From Home.

TURKEY'S TERMS OF PEACE.

The Severe Party in the Ascendant in Turkey.

FIGHTING IN MONTENEGRO.

EIGHT HUNDRED TURKS DRIVEN INTO A RIVER AND DROWNED.

CONSTANTINOPLE, Via Odessa, Sept. 9.—It is said the Porte has refused to suspend hostilities till Servia accepts its conditions for peace, which comprise the demolition of the fortresses at Belgrade and Semendria, and the limitation of the Servian army to 20,000 men.

LONDON, Sept. 9.—A special to the *Times* says: Outside Belgrade there is a very strong feeling against the Government, which is ready to manifest itself. A member of the Skuptchena, prominent in favour of war, has been obliged to leave his native town and come to Belgrade from fear of his constituents.

A Reuter despatch from Vienna says: It is stated in well informed quarters that the party in the Turkish ministry favouring severe conditions in settling terms with the insurgents has gained the ascendance.

CETINJE, Sept. 9.—Dervish Pasha's attack on the southeast of Montenegro, on Wednesday was made by several columns which crossed the Zeta and Moratcha. When repulsed a portion of the Turks were cut off from the fords. These were driven into an angle between the two rivers and pushed into the Moratcha, which runs perpendicular between the rocky banks. The Turkish artillery posted to protect the crossing was ineffectual to check the pursuit, and the slaughter was great, 800 Turks were left dead on the field, and upwards of 1,000 were drowned. The Montenegros lost 300 killed and wounded.

Reuter's specials from Belgrade state that the Ministers of War and Interior are visiting the army of Drina, and observing operations. If the war continues immediate and important changes are expected.

The *Standard's* Vienna special says: The Grand Vizier will to day acquaint the foreign ambassadors of the Turkish conditions of peace, the first point of which will be the new investiture of Prince Milan as vassal of the porte.

A man was found dead in a Georgia well, and a local newspaper rashly conjectures that he either fell in or was thrown in.

An eminent English physician points out in the London *Times* that scurvy still prevails in the British mercantile navy, although lime juice is abundantly used, while American vessels are comparatively free from it. Potatoes, according to the above authority, are a specific against scurvy, and he strongly urges the carrying of preserved potatoes on all long voyages.

DIED.

LARMINIE—At Inkerman Cottage, Canal bank Nepean, (the residence of Jno. Lowe, Esq.,) on Saturday the 9th September, Geo. H. Larminie Esq., late of Toronto, in the 36th year of his age.

LAPERRIERE—In this city on Sunday morning, at the age of 21 years, 7 months, and 22 days, Miss Maria Christina Georgiana Laperriere, eldest daughter of Mr. A. Laperriere, of the Library of Parliament.

Funeral will take place on Tuesday next, the 12th inst., at 9 o'clock a.m., from her father's residence, 201, Wilbrod street, Sandy Hill. Friends and acquaintances are requested to attend without any other invitation.

No further information has been received.

Gladstone on the Eastern Question.

LONDON, Sept. 9.—Gladstone addressed a meeting of his constituents at Blackheath this evening on the Eastern question. A heavy rain was falling, but in spite of this the people were estimated to number 12,000, assembled to hear the ex-Premier, and, gave him an enthusiastic reception. Resolutions, expressive of the sense of the meeting, at the Turkish atrocities were passed, with some dissent from a section of the audience, which considered the resolutions did not express sufficient indignation at the proceedings of the Turks. Gladstone said through all his experience he had never witnessed a movement to compare with that which had arisen during the past two weeks throughout England concerning the atrocities. Mr. Schuyler's reports, as coming from a representative of a nation, the inhabitants of which we rejoice to call brethern, and from one whose personal character and trustworthiness he had taken pains to ascertain, had produced a most marked impression in his mind, and convinced him that he could no longer bear the responsibility of remaining silent. Mr. Gladstone then proceeded to show that the Turkish Government was responsible for the atrocities.
Mr. Forster, Liberal member of Parliament for Bradford, has gone to Bulgaria to visit the scenes of the Turkish atrocities.
Lord Derby will receive a deputation on Monday on the Eastern question. This is supposed to mean that the Government will take the opportunity of answering the criticisms made on their policy.
