*Marie-Paule Green*  
Marie-Paule Green  
Director - Consumer Affairs Dept.  
**Handling  
Unsatisfactory  
Products ...**  
With thousands of items moving through a food market every week, even with the strictest quality control measures, it is inevitable that the occasional food item will be unsatisfactory. When this occurs, Mr. IGA is most anxious to be informed as quickly as possible. In this way the customer receives a prompt replacement or refund and IGA can implement a prompt inquiry as to why an unsatisfactory product had not been detected before it reached the consumer. This just shouldn't happen. When it does, we want to know why it did, and then take measures to prevent it from happening again. Most important is to give the store the code number on the can, jar, or box that was unsatisfactory. In this way, you will help us achieve the greatest possible degree of product perfection. Mr. IGA will be grateful for your help. Mr. Green is available to talk "shopping" to groups. Call 259-6633 or write - 300 The East Mall, Islington, Ontario M9B 6B8.
