Hello there boys and girls:

This is the introduction of Safety Sam's Safety Club in your area.

As you can see from the title, this column will deal with reasonable safety hints as well as things in your home that you should be careful of.

I will be having guest columns from safety-minded persons in your area but space each week will be available for your letter. Each week we will print the best two letters based on an everyday experience that you have had. Your thoughts should be connected with some safety message and can be about some personal experience or something in your community that you think Safety Sam should check into.

For the best letter each week, an award of \$2 will be given and the writer of the second best letter will receive \$1.

To become a member of Safety Sam's Safety Club, the membership application at the bottom of this column should be used. As a member you will be agreeing to obey the rules of safety as stated in the weeks to come, and to do everything you can to see that you and the members of your family practice the safety rules as they appear in this column by Safety Sam.

Next week, the rules for the Safety Sam Safety Club will be printed, and in the meantime send your application for membership to the Safety Sam Safety Club appearing in the Markle Community Newspapers, Box 609, Midland, Ontario, L4R 3M5.

I will be waiting for your letter and membership application. Upon receiving your membership application you will receive a certificate suitable for framing.

Yours in safety  
'til next week,  
Safety Sam
