

ARC campaign organizers "confident"

Although final figures have yet to be tabulated, organizers of the Huronia Association for the Mentally Retarded fund-raising campaign are confident that the \$25,000 goal will be met.

According to campaign chairman Herb De Jong, the response from local industries, businesses, and residents has been "very good". The two week long campaign, staged to raise money for a new facility for the Adult Rehabilitation Centre in Midland, wound up on

Monday night. Volunteers knocked on doors in Midland, Penetanguishene, Port McNicoll, Victoria Harbour, and Tay and Tiny Townships — the area served by the centre.

If all goes well, construction on the new building for the centre could begin by June. Architects drawings have been drawn up and the association is presently negotiating with the town of Midland to purchase a parcel of land on the east side of Olive Street near Elizabeth Street.

details are being worked out. The Ministry of Community and Social Services, which partially funds the operation is providing a grant of \$200,000 towards the total \$250,000 price tag on the building. Campaign organizers and volunteers were hoping to find the remainder in the community.

The Midland Lions Club kicked off the campaign with a \$2,000 donation on the eve of the blitz.

By: Ida H. Burns

A&P Food Stores Limited

Ontario carrots, packaged in poly see-through bags, are especially plentiful at this time of year, and favourably priced. Economical homemakers know that carrots on the menu are not only delicious—they're economical as well.

For "crunch" Ontario carrots can't be beat—fresh carrot sticks, or boiled and buttered, they're simply delicious. We do miss the boat with this versatile vegetable many times—with a little effort a variety of unusual and tasty carrot dishes can be made, suitable for any meal and easy on the budget.

The Ontario Food Council has sent us an array of recipes which surprised as well as delighted us. We really enjoyed this one and we know you will too!
