## Vasey news

Visitors with Mr. and Mrs. Nelson Jones during the weekend were, Mr. and Mrs. Norman Stewart, Karen and Jane of Kleinburg, and Mr. and Mrs. Bob Riley of Cookstown. Members of the Vasey United Church have been very busy during the past few months preparing for the auction sale to be held on June 12, at 12 noon in the Vasey Community Park. During the winter months, lovely homemade quilts took shape and many crafts have been made and the men have been busy gathering articles both antique and modern, and this week the aroma from community kitchens will ensure lots of baked goodies which will certainly contribute to the success of this project. The property surrounding the church has been purchased recently and as many have probably noticed it has been cleared and levelled and the grass cut. Proceeds from the auction will be used for further renovations and improvements to the church and the property. The funeral of the late Mrs. Eva McClelland of Cambridge was held at the Vasey United Church on Friday afternoon. Mr. and Mrs. Robert Woods, Laurie, Lois and Robbie of Sarnia visited during the weekend with Mr. and Mrs. Cecil Woods and Mr. and Mrs. Don Chapman and family. Mrs. Everett Evans of Thornton spent Saturday with Mrs. George McLay. Sunday visitors of Mr. and Mrs. Ross Faint were Mrs. Margaret Bird of London, Ontario, Mrs. Everett Russell of Coldwater and Mrs. Lloyd Russell of Midland.

They also had beans cooked in their own cans, with marshmallows after and also pop donated by the community Centre board. Looking for leaders The girl guides are looking for new leaders for the fall of 1976. The only requirement is that you enjoy working with girls from the age of 10 to 14. Coleman at 534-3553. Community Shower The ladies of Victoria Harbour and surrounding area held a Community Shower in St. John's United Church Sunday School Hall from 2 to 6 p.m. on Sat. June 5th to show their appreciation to Dr. Herman Jelison and to welcome his fiancée

Miss Judy Elliott, a school teacher in Penetanguishene and originally from Chatham. The flowers were beautiful and the fancy sandwiches and cakes were delicious. Herman and Judy opened their gifts together and the first gift was a queen size quilt and pillow shams in blue and white made by the quilting ladies of Victoria Harbour. There were also sheets, towels and other gifts. Judy thanked everybody and the afternoon continued with many greetings of welcome. We certainly wish Herman and Judy the very best. The wed-

ding date is Sat., June 25th. Seniors trip A number of Georgian Club Senior Citizens of Victoria Harbour enjoyed a trip through Thornbury, to Eugania Falls, Beaver Valley, Durham, Walkerton and other places. Mrs. Hilda Savage arranged the trip. The annual meeting and bar-b-que for the Huronia Centre of the Royal Canadian College of Organists was held at the home of Mr. and Mrs. William Jarman, on Sat. May 29th. The organists were from Midland, Barrie, Orillia, Alliston, Collingwood and Penetanguishene.

#### Frozen Foods — Store With Care

One of the wisest investments a consumer can make these days is a refrigerator and freezer thermometer. Generally, as temperature increases, the life of frozen foods decreases. It's important to know what temperature your freezer registers.

- Foods held in the ice cube section of a regular, one-door refrigerator should be used within a few days since the temperature may average between 15°F and 20°F and thawing will occur with some frozen items.

- Foods stored in the frozen food compartment of a regular, one-door refrigerator should be used and rotated within several weeks. This temperature may average between 10°F and 15°F.

- The freezer compartment of a two-door combination refrigerator freezer should maintain a temperature range from below 0°F to 8°F. At these temperatures, nutrients and quality should be retained for several months.

- A separate freezer, whether chest or upright, should maintain foods at 0°F or lower. Under these conditions, you can count on the quality of frozen foods stored up to one year.

You can test the temperature of your freezer with a refrigerator/freezer thermometer. Leave it in the freezer overnight without opening the door. If the reading is above zero, adjust the temperature control of your freezer to bring it as close to zero as possible.
