Antique car flea market

Antique car buffs from across Canada and the northern United States will be gathering at Molson's Park in Barrie for the 6th annual Canadian National Automotive flea market on September 10, 11 and 12.

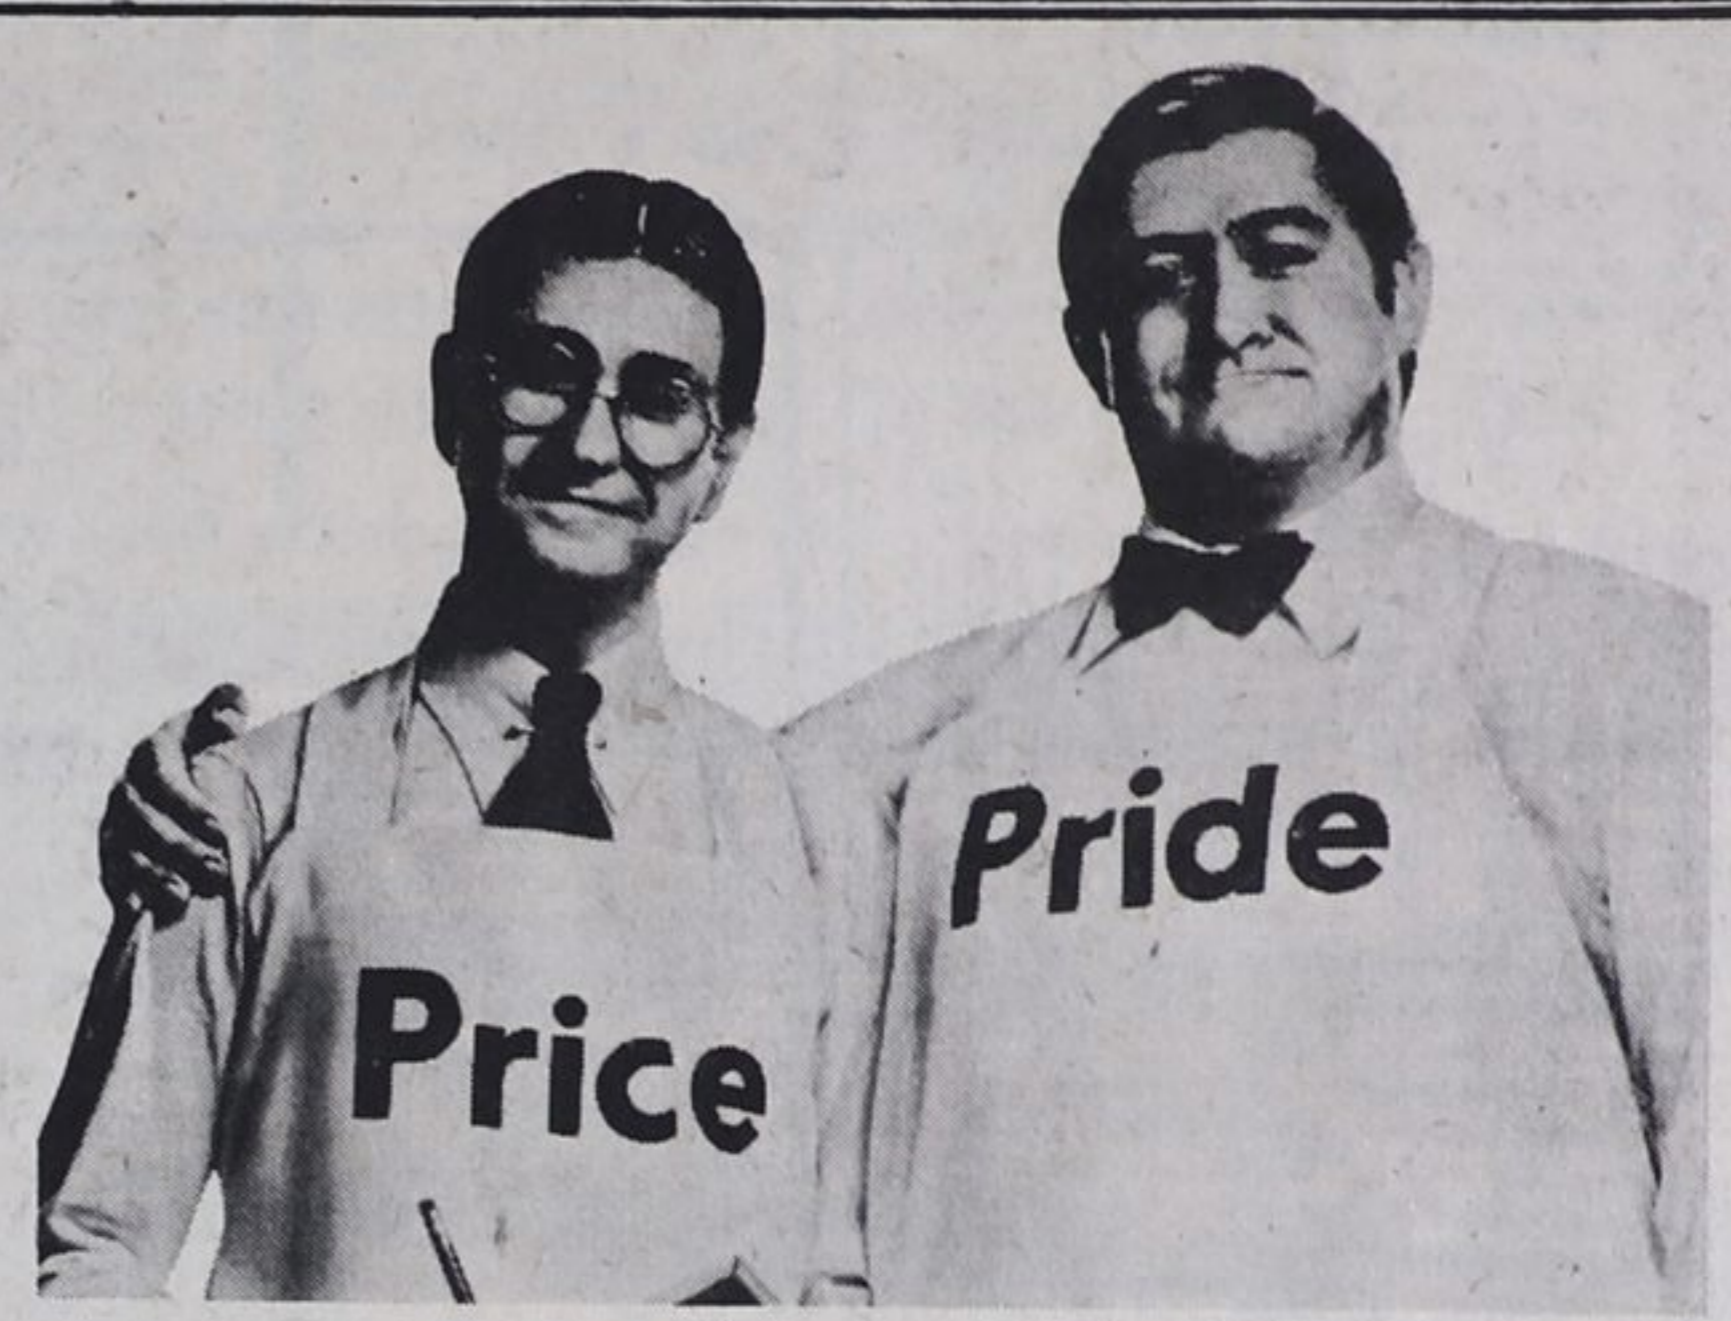

Billed as the second largest event of its kind, enthusiasts have to travel to the big Hershey fall meet in Pennsylvania in October to see any more antique and classic cars on display or for sale in North America.

The flea market idea germinated when the local car restorers club in Barrie accepted the challenge to put on a flea market from the national club executive.
