A new reason to buy a no-wax floor

Imperial Solarian® by Armstrong.

Let the sunshine in with the latest from Armstrong's series of sunny floors that shine without waxing. And Palazzo Grande, shown here, is just one of the sunny Solarian patterns, born to shine. The secret is the special Mirabond surface which keeps its shine, without waxing or buffing far longer than an ordinary vinyl floor. And the cleaner you keep it, the brighter it shines: just sponge-mop with a detergent and rinse thoroughly.

All you need is a room and an idea. We'll help you with the rest. Our professionally trained staff have dozens of colour coordinated ideas for each Armstrong Solarian design. So all the tricky decorating work is done. All that's left is the fun and excitement of selecting your favourite colour and design.

Below are two more of the Imperial Solarian patterns with our "shines-without-waxing" wear surface... come in today, the Armstrong Solarian floor you select really does shine without wax.

Professional installation is guaranteed. In writing.
