

Election platforms

For reeve - Art Stewart

Art Stewart

For the past four years I have been a member of town council, and three of those years I have had the

privilege of being the Deputy-reeve, representing Penetanguishene at County Council.

I have always been an active member in our community and am presently treasurer of the Lions Club, Director of the Chamber of Commerce and Chairman of Public Works.

For years they said it couldn't be done, but part of Fox Street is now paved, and in 1977 I would like to see it completed. The paving of Robert Street is now being planned at County for 1977 also.

Through the help of the Public Works budget this

year, Poyntz Street and Centre Street were able to be repaved.

I have lived in Penetanguishene for 37 years and would like to see us keep our own Identity and our own Council, and would not like to see Regional Government take that away from us. The County to fight this is at County Council, and with your help and support I would be able to do this.

I would like to thank you for your support in the last election, and would appreciate your support on December 6 for Reeve of Penetanguishene.

Vernon Farrow

For Council - Hubert Charlebois

Penetanguishene is moving ahead faster than it ever has. I have been part of that move. In the past four years, I have been on council and have kept on this positive track.

I am working for you, for our town.

Being a member of: The Penetanguishene Legion, the Chamber of Commerce, a past president of the Lions Club a main street business man for twelve years, and, only thirty-three years old, the decision is yours.

Hubert Charlebois

I have the ability and interest to serve you. I have never been afraid to state my views as you well know...give me the chance to serve you again.

Finish the year on a positive note. I'll give you mileage for your VOTE.

For deputy-reeve of Penetanguishene - Vernon Farrow

Thank you for the opportunity to place before the electors of Penetanguishene reasons for offering myself as candidate for deputy-reeve.

I have no "platform" as such, because I do not believe any one single person can develop a platform to be used by a governing body of nine persons. However, I do have something to offer to the electors which I feel is of prime value: experience, and a desire to serve.

My newspaper work has provided me with 30 years of experience reporting council procedures. It has been a wide experience including Penetanguishene Council, other urban Councils, township, and Simcoe County Council.

Being now in a position which permits me to have the required amount of time, I have decided to offer my services.

I promise to watch every move and attempt to provide the citizens with the best level of service commensurate with a policy of holding the tax structure at a reasonable level. I will cooperate with all other members to provide that which is required, and I will staunchly oppose that which I do not believe is in the interest of the municipality.

At the County level, I will endeavour to secure the best legislation, keeping in mind my particular duty to my own municipality. Your vote for myself as deputy-reeve on December 6 is humbly sought.

For councillor - Ray Baker

Ray Baker

My concerns are not in the Sports or Recreation fields; I can offer nothing there. My concerns are the "gut" issues of Housing...Zoning...Planning...Communication to the People...NIP...and RRAP.

For years I've served on Local and Area Boards and seen a need... communication. People

are baffled by the red tape. I've listened to seventy residents appeal their zoning for three hours...and leave baffled.

The following is needed as a start

A free information pamphlet showing Town Employees, Council, Boards, Committees, and Sub-Committees, with meeting dates at which the Public are welcome.

So you know who to see and when, what route to follow, and where the tax dollar goes. It will prevent loss of time and patience, and avoid frustrations all around.

Through my weekly newspaper column, I would explain the latest bylaws and current events, keeping you up-to-date on what is happening.

NIP and RRAP (Improvements and personal loans)
As Chairman of this

Committee, it has been a pleasure to see it go from a concept, to \$1,000,000, going into the West and East End areas of town. The secret is...Public participation and Municipal commitment. The results speak for themselves.

In Summary
Some aspects of Municipal Administration are working well. Others need more help. Public involvement and two-way information are vital. I make only one election promise - To work hard on your behalf and keep you informed.

I need your support to face the "gut" issues. With twenty years of Business Administration and a solid track record or Public Service, I ask for your vote on December 6th.

Thank you
Ray Baker,
51 Peel Street

For councillor - Bryan Byng

Bryan Byng

My platform involves listening to the residents and making sure that their views are presented

to council. There have been too many closed meetings in the past and I would try to cut these down. I believe that if the members of council have an opinion, they should not be afraid to state it publicly.

Church and Fox Streets should be paved. For years, the residents of these streets have paid their taxes and still the town has not done the job. If the town does not have the money to do the whole job, they could at least pave a few blocks at a time until both streets are finished.

We have all sorts of

parcs, but where are the playgrounds for the children? Are swings, sandboxes and slides really that expensive that the town cannot provide some of this equipment?

Every winter the town hires men to cut trees and clean our parks. What's wrong with building some sidewalks? We need jobs for our residents. The town should actively encourage industry to locate here.

I would be available to the people at all times and I would report to the residents regularly, outlining what is happening on council.

For councillor - Mary Rogers

Mary Rogers

I wish at this time to speak to the Citizens of Penetanguishene with respect to my platform for the forthcoming Municipal Election under

date of December 6th, 1976.

Firstly - I do not believe in making campaign promises - I believe in facts and actual performance.

Secondly - I am running for the position of Councillor in order to serve the people of Penetanguishene as I have done in the past, with HONOUR, INTEGRITY and HONEST DESIRE TO SERVE. My track record speaks for itself. I believe in responsible government, a government serving the need of the people, and keeping Penetanguishene economically sound through good ad-

ministration.

Thirdly - I have always believed in progress through good order and this fact has borne fruit over the past few years. Your desires and aspirations for the future of Penetanguishene are shared by myself, and I will do everything within my power to deliberate on important matters as I have done in the past, believing strongly that only hard work and dedication can effect the needs and desires of the citizens of Penetanguishene.

VOTE ROGERS FOR COUNCIL DECEMBER 6th, 1976.

VOTE BRYAN BYNG for Penetanguishene Councillor

Bryan Byng will be your represent YOU on Penetanguishene Council.

THIS MEANS open discussion with your views in mind.

Be heard in Council - elect BRYAN BYNG

BYNG, BRYAN
