## Burke to get storm sewers

Cont'd from p.1

In 1978, work will be done on Nelson Street, including the installation of storm sewers, development will be done in McGuire Park, and new lighting will be installed on Yeo, Leonard, Don and Fox Streets. A small amount of work will be done on Victoria Crescent.

Plated for implementation in 1979 are

storm sewers on Wolfe Street from Fox to Nelson, the installation of a sidewalk on the north side of Brock Street, and the installation of sidewalks and drainage stubs on Peel Street.

In 1980, storm sewers will be installed on Fox Street from Robert Street to Sheridan Street, and Brock Street Lane will be widened and storm sewers will be installed.

A list of other "unpresented at the meeting, including work on Chatham and Sheridan Streets, and on Peel and Simcoe Lanes. These projects will be considered if there is a change in priorities, and one of the approved projects is dropped, or if some of the federal allocation of \$300,000 is not used up after the other projects are completed. The federal government sets an upper limit on its contribution, in this case \$300,000, and the NIP steering committee must then work out a redevelopment plan which makes the best use of this amount without making the municipality's contribution too great.

The idea of staging the program over a period of four years was done in order to insure that the town is not burdened with an overly large expenditure in any one year.

Fournier said during the meeting that the program was an ambitious one, and after the meeting he added, "When I say ambitious, that's a total understatement."

The NIP steering committee will draw up the final redevelopment plan in the next few weeks, taking into account the few suggestions which were made during Thursday night's meeting.

## Gray Coach may change service

Cont'd from p.1

To offset the excessive projected losses, Gray Coach indicated it would seriously consider restructuring its services to the effect of reducing revenue miles from the present 15,247 to 10,788. Approximately one third, or 248 of the company's 915 employees would have to be laid off as a result of the cutbacks in service.

Service to Barrie could be reduced from 12 daily trips to seven and trips between Toronto and Orillia could be cut from eight to five daily. Passengers on the Toronto-Sudbury and Toronto-Buffalo routes account for 30 per cent of

revenues. Competition is "irrational" according to Gray Coach and the decision to permit competition unjust because it gives "other companies the most attractive and profitable elements of the service and leave(s) Gray Coach Lines with responsibilities so costly that they will disastrously weaken the company and limit its ability to provide service."

Gray Coach also contends that its competitor, Greyhound, has given no indication of where it will channel profits made on its routes to Buffalo and Sudbury and that many customers now served by Gray Coach will have to endure inconveniences because of lack of stopovers on the Greyhound's express routes.

## Midland LCBO to dispense permits

The Midland Liquor Control Board outlet on Bay Street is one of 75 LCBO stores now authorized to issue temporary liquor licenses for receptions and community events in Midland, Penetanguishene and surrounding areas.

Special occasion permits previously had to be obtained through the mail from Liquor License Board offices in Toronto but the new licensing system should ensure quicker processing of temporary permits.

Midlanders needing temporary permits are

aware of the issuing powers of the local LCBO store, a liquor store spokesman said on Monday. "We're doing more permits all the time," he confirmed.

Private, non-fund-raising events like weddings gain the easiest permit approval under the new system while fund-raising events, community festivals and outdoor functions will continue to be tightly controlled. For the latter sponsoring organizations will still be reviewed by the LLLB and put on an "approved" list.

### About Christian Island

## Women's League to show film

The local Catholic Women's League will show a film about Christian Island on March 16 at the Penetanguishene Library.

The film was made last

year by the northern region executive of the Catholic Women's League, with technical assistance from Georgian College.

Show time is 8:00 p.m.
