County leadership seminar for women

Are you interested in becoming involved in sports or a women's group in your home area?

The Experience '77 "WOMEN IN RECREATION" Program 50A is concerned about the desire of women to become involved in coaching and group organization but don't because they believe they don't have the needed leadership qualities. This summer, the community workers for program 50A in Simcoe County are going to present an information seminar for women. The goal of the day presentation is to give women of the community an opportunity to meet the different women's clubs and groups and to discover the groups objectives. A representative from the Canadian Coaching Development will give a presentation of

the program and give information on how you can benefit from the program.

It is hoped that women who attend this seminar will find a group to meet their personal needs and it will give them knowledge as to what is available for them to develop their leadership skills. In this way, the women's sports activities and recreation events will develop by getting women involved in their own sports organizations.

If you would like to attend this seminar please contact Sadie van Beest or Judy Perkin at the Greater Huronia Sports Council at 726-9300 Extension 212.

Don't let your children keep you from attending, bring them along as baby sitting service will be offered at no expense to you while the seminar is in progress.
