

WELCOME TO

Hotpoint

the beautiful appliances

now available in the Midland area

A full line of appliances is marketed under the Hotpoint name such as ranges, microwave ovens, refrigerators, washers, dryers, dishwashers, food waste disposers and home comfort products.

We call them beautiful.

You can apply that description to their quality too.

Examine a Hotpoint appliance closely. Handle it. Ask for demonstration of its many convenience features. You'll get a better feeling of what we mean by "beautiful".

Some Hotpoint appliances come in a stunning new Almond color as well as Harvest Wheat, Snow White and Fresh Avocado. And some models have a sophisticated black glass/acrylic door which you can mix with any other colour choice.

Hotpoint appliances are beautiful too, because of the wide selection of models in a wide range of prices.

You'll discover the real Hotpoint difference is a skillful combination of dash, design, durability and dependability—the quality that makes Hotpoint the beautiful appliance.

HOTPOINT, A FINE NAME It's the newest name in Canada, the oldest name in the major appliance industry.

THE WORLD'S MOST ADVANCED APPLIANCE TECHNOLOGY Hotpoint appliances are supported by the finest research facility in the world and by Canada's largest group of appliance engineers and technicians.
