

Four area junior farmers participate in U.S.A. tour, leadership camp

by Clint Nesbitt
Approximately 250 people attended the annual Beef Smorgasbord and Dance sponsored by the Simcoe County Cattlemen's Association in Elmvale on August 3rd. Everyone certainly enjoyed the delicious meal, and there was lots of interest in guessing the weights of four hereford

cattle owned by Howard Hawke of Coldwater. One of the animals in the contest was a 15 month old hereford bull. This animal had been performing tested at the bull testing station in Guelph and has an index of 124, an average daily gain of 4.2 lbs. per day and a yearly weight of 1100 pounds.

Beef Outlook Planned for Wednesday, September 7th
Steve Masters of Palgrave who is currently President of Simcoe County Cattlemen's Association would like to remind all cattlemen that there will be a Beef Outlook Meeting on Wednesday, September 7th. This will be an

evening meeting and the location will be announced at a later date.
Charlie Gracey, General Manager of Canadian Cattlemen's Association will be speaking on the outlook of beef prices in the next twelve months.
Bill Ardy, General Manager of the Ontario Beef Exchange will be on

hand to outline the new selling alternative for slaughter cattle in Ontario. This has been referred to as a "cattle listing service" and is a completely new concept in Ontario.
The program will conclude with a panel discussion to include Mr. Gracey, Mr. Ardy and two Simcoe County

Cattlemen.

Most Farm Accidents Happen During Harvest
Harvest is a busy time

on all farms. The majority of farm accidents occur during this period. Just think how costly an accident would be to your operation at harvest time! Take a step toward safety this summer. Make sure all equipment is in top condition before use and avoid rushing at all times. Give powerful harvesting

machinery your individual attention.
United Kingdom Visitor July 29-August 5
