

Bookworm continues with Christmas book list

Aislin a favourite

Big books are fun at Christmas, and this year there are a lot of them around. They won't break your budget, and some of them would make unusual and attractive gifts.

The all time winner this year is the Tom Thomson book—*Silence in the Storm*, by Harold Town and David Silcox, published by McClelland and Stewart. The book is beautiful to look at, with excellent design and fine reproductions of many of the pictures familiar to you, and many more that aren't. The text is provocative and lays a number of Tom Thompson myths to rest. If you buy *Silence in the Storm* before December 31, you'll get it for \$29.95. After that date, the price is \$42.50. This is the same price structure M and S used for *Between Friends* last Christmas. It's still selling well, at \$42.50.

Patrick Woodruff is an English illustrator who has applied his talents to record sleeves, book jackets and children's books. Simon and Schuster has just published a large paperback collection of his fantastic paintings and etchings. Called

looks best with a beard. There's also a section on how to launder and look after clothes—a nice addition to a man's book. At \$8.50, it might produce a few smiles around the Christmas tree.

On the femme side of the coin, there's Lyn Revson's *World of Style*. She used to be the wife of Revlon's Charles Revlon, so one presumes she knows what to wear what to put on your face and how to behave like one of the B.P.

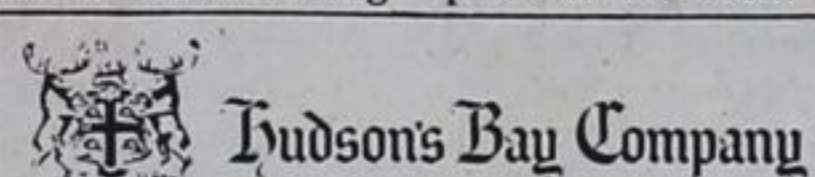

Political realities assume a devastating

high in Terry Mosher's (Aislin) book of caricatures, brought out by Hurtig. Old pro Duncan MacPherson has written an introduction to this brilliant book of poison penmanship. Mosher absolutely captures the essence of wily Levesque, gormless Bourassa, toothy Carter, beefy MacKasey and boyish Clark—who comes across as a beardless Sir John A. and the cartoon of Margaret Trudeau grinning into her own camera lens is worth the price of the book.

Finally *Life Goes to the Movies* is a nice gossip film fan's family album. Life photographers were the best in the business, and the book is a handsome illustration of the special relationship that existed between Life and

the movies. Musson publishes this big 304-page paperback which sells for \$9.95.

And if the above doesn't give you a few ideas for your Christmas gift list, we'll be back with more next week.

Learn about Retirement in Florida

Florida retirement starts as low as \$22,990.00* (U.S.)

Maple Leaf Estates is on the unspoiled, uncrowded sunny Gulf side of Florida, along the coast between Sarasota and Fort Myers, where royal palms abound and the climate is sub-tropical. Here we've created an elegant spacious adult mobile home community that is destined to win honours and awards for beauty and elegance.

Maple Leaf Estates was conceived by Canadians with Canadians in mind. Spacious 24 foot wide homes — all with two bedrooms, all with two bathrooms... fully air conditioned. Beautifully landscaped on large private lots, these homes are built with the accent on quality.

Shopping, hospitals, restaurants, an adult-only university are all close by — but out of sight and sound. And you can make the most of your money. A reasonable rental covers lawn care, cable TV, home security, refuse removal and complete access to your own clubhouse and all recreational facilities.

Come and see our film on Maple Leaf Estates and pick up all the information you'll need about retiring to Florida. If you're interested, we will fly you down for a long week-end first hand look for a nominal charge.

If you could do something today that would guarantee you a small fortune in five years would you do it?

If you were convinced that your investment would be absolutely safe, you probably wouldn't hesitate. And few investments are as safe as what we have to offer.

All you have to do is deposit a minimum of \$500 in a 5-year Guaranteed Investment Certificate at Sterling Trust.

It's worry free.

Because your interest is guaranteed for 5 years no matter how the economy fluctuates, this is a better investment than gold.

The value of gold isn't guaranteed. It doesn't pay interest. And unlike a Sterling GIC, it costs a commission to buy it.

So it is safe to say that a Sterling GIC will add up to a small fortune. And our GIC won't lock your money up. If in an emergency you need cash, you can get it.

You can leave your GIC intact and borrow at our prime first mortgage rate (that's considerably lower than the preferred lending rate) and still make money.

Ask your lawyer or accountant. Chances are they know us. Or drop in to Sterling and chat. We've got a lot of services to interest you. We're friendly.

Do it!

Please send me more "worry-free" Guaranteed information about Sterling Trust's Investment Certificates.
