**Increased Bell services during holidays**

Jack Luke, Bell Canada Manager for the Midland area said Monday that additional long distance operators will be on duty through the Christmas holiday period to handle an expected heavy calling load across North America and Overseas.

He said that eight operators will be on duty in Midland 24 hours a day from December 24 to January 2.

With the frequency of Christmas long distance calling increasing by ten percent a year, it is expected that 10,000 long distance calls will originate from the area.

Bell Telephone advises that persons calling long distance can do so most cheaply on Christmas day, New years day, Boxing Day, and January 2, when Sunday discounts will be in effect.

Mr. Luke warned long distance callers to expect possible delays during peak periods around Christmas. These periods, he said, are in the early afternoon, early evening, and Sundays.

Area residents are advised to place their long distance calls prior to the Christmas weekend.
