ARIES March 21-April 20

You can plan on spending more time on recreation and pleasurable pursuits than just business this week. You find the time to relax and enjoy social gatherings.

TAURUS April 21-May 21

This is an excellent week for you in each aspect! Go ahead with those plans about a new project! Take the chance you have to in order to establish a new and better rapport with associate.

GEMINI May 22-June 21

Go about making any necessary home repairs now. Don't take any chances on home safety, and don't hesitate to invest money into providing it! Avoid arguments with loved one(s).

CANCER June 22-July 23

Rather than finding satisfaction in spending to be entertained by others or outside influences, look for and find those things that are entertaining by learning about them.

LEO July 24-August 23

New forces provide results that have long been awaited! Enjoy new-found popularity and dignity. Be sure of yourself in new situations, you are admired and in control, be relaxed.

VIRGO August 24-Sept. 23

This week builds to a climax and it's well worth any and all effort you put into it! Work on present projects until you are once and for all finished! The accomplishment thrills you.

LIBRA Sept 24-Oct. 23

Your past comes to light this week and you may romanticize a bit about it. Be careful not to make too much of what was in reality "little." Hang onto memories.

SCORPIO Oct. 24-Nov. 22

Don't expect too much in the way of an opinion from those people close to you, they can't think any clearer than you can right now about a certain project or problem.

SAGITTARIUS Nov. 23-Dec. 21

You are heavily relied upon this week and it's important that you don't disappoint. Give it your best effort and stick around for the results. Your success may be in your support.

CAPRICORN Dec. 22-Jan. 20

Once again this month is a period that attention is directed towards a friend or partner rather than yourself alone. Don't begrudge this, instead support it.

AQUARIUS Jan. 21-Feb. 19

You may need a shoulder to cry on so to speak, and your loved one(s) may not really understand. A new associate or friend is there this week, trust him / her, it benefits all.

PISCES Feb. 20-March 20

You are called upon this week to be more of a friend than ever expected of one who doesn't really know you that well. Don't disappoint, be there! Your support could make a difference.
